Libra — the practice cards

The Zodiac · XII

1. Print at 100% (actual size). Do not choose “fit to page”.
2. Print double-sided, and choose **flip on short edge**.
3. Start from this page: the page after it is left blank on purpose, so every card back lands behind its front.
4. Cut on the small grey marks at the corners of each card. Each card is 105 × 148 mm (A6).
5. The art on the first card runs 3 mm past the marks, so a slightly uneven cut still leaves no white edge.

The first card has the art on the front and his table for the sign on the back. Each card after it is one practice: the front gives his line and a small box with how and when; the back gives his steps, in his order. Every word on the cards is his, apart from these instructions and the small labels.

students should meditate intensely on the ‘Ursa Major’

Zodiacal Course, 1951

1. Ancient men grew spiritually under the influence of the "Ursa Major" and students should meditate intensely on the 'Ursa Major' if they want to awaken consciousness.
2. That constellation radiates powerful spiritual forces and man should learn to converse with the sidereal genii of that constellation.
3. There is a key to transfer oneself to that constellation.
4. The key is to meditate profoundly on a "yellow stone" that exists in the astral.
5. Do this exercise in the moments of transition between vigil and sleep and thou shall then transfer thyself in the astral body to the largest star of the 'Ursa Major', where a powerful and gigantic civilization exists.
6. Since the seventeenth century, the earth entered a new era of spiritual awakening.
7. That awakening will shine in all its splendor in the sign of Aquarius, the present era.
8. The cause of that awakening is due to the influence of the great enlightened "Buddha" who in the seventeenth century became the redeemer of the Martian humanity, was crucified in the forces of Mars, to redeem the Martians and help our terrestrial humanity with "BuddhicMartian" forces that radiate from Mars.
9. Michael, Gabriel, Raphael and Orifiel are the four Lords that rule the karmic balance of the four winds (North, South, East and West).

1. Stand up, in a military position of attention and then with the arms extended in the form of a cross or scale,
2. move in the form of a scale, inclining seven times to the right and seven to the left with the intention that all of your energies become equilibrated in the kidneys.
3. The movement of the upper half of the spinal column should be like that of a scale.
4. The forces that ascend from the earth passing by the sieve of our feet along the entire organism, should become equilibrated at the waist and this is carried out successfully with the balancing movement of Libra.

Esoteric Treatise of Hermetic Astrology, 1967

1. Every moment of happiness or pain should be continued in Meditation with a Still mind and in profound Silence.
2. The result comes to be the experience of the same event in a previous life.
3. We then become conscious of the cause of the act, whether it be pleasant or unpleasant.
4. By modifying the cause, one modifies the effect.
5. Do good deeds in order for you to pay your debts.
6. The Lion of the Law is combated with the scales.
7. If the plate of the bad deeds weighs more, I advice you to increase the weight on the plate of the good deeds; in this manner you will incline the balance in your favor.
8. The Initiates can directly negotiate with Anubis.
9. We can pay every karmic debt with good deeds, but we have to negotiate with Anubis.
10. The Law of Karma, the Law of the Cosmic Balance is not a blind law; one can also ask for credit from the Lords of Karma, but every credit must be paid with good deeds and if not paid, then the Law collects with pain.

1. We should learn how to look at the alternatives of pleasure and pain, of profit and loss, with indifference.
2. We should be indifferent before success and failure, before pleasure and pain, before compliments and insults.
3. When entire nature once again meets its primordial equilibrium, the continents will sink in the oceans, there will be much fire, the oceans will evaporate, the vapors will decompose into their atomic formations, everything will return to the primitive akash, to the cosmic night, to the primeval equilibrium of the great cosmic balance, after the activity of a manhanvantara which lasts 311,040,000,000,000 years.
4. All the great cataclysms of nature were actualized with fire.
5. Thou should not mix antagonistic forces because terrible destructive forces result from such mixture.
6. Look carefully at those who surround thee and do not live in a house with people full of hatred, or superficiality, because the mixture of antagonistic forces creates destructive forces for thee and for those who live with thee.
7. Learn, therefore, the force of equilibrium.

1. 12. Those that are still weak willed must daily sing the Rune TORN.
2. 13. This exercise will be realised by the disciple putting his right hand on the waist or hip, and then vocalising the syllabi:
3. **TA - TE - TI - TO - TU**, extending the sound of each vowel.
4. Then he will vocalise the mantra TORN as follows:
5. **TOOOOOOOOOOOOOOORRRRRRRRRRRRRRRNNNNNNNNNNNNNNNNN**
6. 14. With this indication we wish to affirm that we must prolong the sound of each letter.
7. 15. We know that Sexual Magic is hard and difficult for men of weak will, and because of this we recommend that our disciples first practice the exercises of the Rune TORN, to acquire the strength of Will that permits them to manipulate the Sexual Magic heroically.
8. 16. The Music -Will acts on our water (Semen) transmuting it into Christic energy, that is, into the wine of Light of the Alchemist.
