Occult Medicine and Practical Magic, 1978

2 This sign is the house of Saturn and Venus

Today we have entered the equilibrating sign of Libra. This sign is the house of Saturn and Venus.

Zodiacal Course, 1951

105. LIBRA: September 23rd to October 23rd

Manual of Practical Magic, 1954

Esoteric Treatise of Hermetic Astrology, 1967

3 it corresponds to the constellation of Libra

Libra: Grasgarben and Hadakiel.

Zodiacal Course, 1951

Number 7 is a very strong number. Its planet is Neptune and it corresponds to the constellation of Libra.

Tarot and Kabalah, 1978

4 the functions of Karma reside in the brilliant constellation of the Hips

"Praised be ye, oh ye planetary spirits from the constellation of the hips! (Libra)." The Sacred Book of the Occult Abode, crying out from the profound depth of the centuries states: "This is in regards to you, oh Divine Knives of Mysteries."

My Return to Tibet, 1969

"The Goddess Maat (Justice) comes unto her Lord and God." You must remember that the functions of Karma reside in the brilliant constellation of the Hips (Libra)."

My Return to Tibet, 1969

5 the Stone of that constellation is very cold

Projecting ourselves into the future, far beyond our present reincarnation Litelantes boldly entered the Sanctum of the brilliant constellation of Libra. At the threshold of that place of worship was an effigy like an Angel; one hand holding the Scale of Cosmic Justice and the other grasping a Sword. Litelantes took some steps into the holy precincts. finally settling on a venerable stone...! Will you continue with Libra? Yes! But notice that the Stone of that constellation is very cold! "It does not matter!" Thus the Initiated answered... As this Lady-Adept is at present preparing to complete a very special mission in a male body, it is obvious that the constellation of Libra will be very favourable , all the more so when her task lies in the field of Law...

The Mystery of the Golden Blossom, 1971

Esoteric Treatise of Hermetic Astrology, 1967

7 The soul develops and unfolds within this solar system

The planets: the Moon, Mercury, Venus, the Sun, Mars, Jupiter and Saturn live and throb within “our” conscience.

Zodiacal Course, 1951

The soul develops and unfolds within this solar system, that lives in the very depth of our conscience.

Zodiacal Course, 1951

Among the death and new birth of the “good souls”, they should unfold within each one of the planetary auras whose mixtures form that which all books of spiritualism denominate “planes”.

Zodiacal Course, 1951

8 Libra is the sign of the equilibrating forces

Libra influences the kidneys.

Zodiacal Course, 1951

Libra is the sign of the equilibrating forces and the forces of our human organism should balance in a "total" form in our kidneys.

Zodiacal Course, 1951

Libra, the zodiacal sign of the Balance, governs the kidneys. Libra is the sign of the equilibrating forces and in the kidneys, the forces of our organism should balance in a complete manner.

Esoteric Treatise of Hermetic Astrology, 1967

9 All the forces of the Universe keep seeking equilibrium

All the forces of the Universe keep seeking equilibrium and we should learn the equilibrium of all things.

Zodiacal Course, 1951

Thou should not mix antagonistic forces because terrible destructive forces result from such mixture. Look carefully at those who surround thee and do not live in a house with people full of hatred, or superficiality, because the mixture of antagonistic forces creates destructive forces for thee and for those who live with thee. Learn, therefore, the force of equilibrium.

Zodiacal Course, 1951

10 they attempt against the forces of equilibrium

Intellectuals end up “nutty” or crazy because they attempt against the forces of equilibrium.

Zodiacal Course, 1951

Imagine an encounter of energies forming an X. Now then, let us take this example to man. Every human has a connection of seven vehicles and if we concentrate our attention on the mind or mental body, which is the center of thy X, the result would be the rupture of the mental body.

Zodiacal Course, 1951

Intellectuals who have their attention fixed on the intellect, end up breaking the mental body. Almost all intellectuals have their manias, insanities dissimulated by theories and “manias”.

Zodiacal Course, 1951

In ancient times, man was more simple and since he did not have the intellect of the animal soul, he perceived the subtle and the planetary genii.

Zodiacal Course, 1951

11 Everything that is, everything that was and everything that will be is weighed on the scale

106. Before the scale existed, the face did not see the face.

Manual of Practical Magic, 1954

107. Everything that is, everything that was and everything that will be is weighed on the scale.

Manual of Practical Magic, 1954

108. All the Kings that entered the ABSOLUTE were weighed on the scale.

Manual of Practical Magic, 1954

109. The scale is the dress of the Ancient of the Days; the scale does not become entangled in anything; the scale is the garb of the ABSOLUTE.

Manual of Practical Magic, 1954

110. Justice and mercy united, shine in the world of AZILUTH.

Manual of Practical Magic, 1954

12 Those that are still weak willed must daily sing the Rune TORN

11. The Music converts men into Gods.
Christ Will, *1959*

12. Those that are still weak willed must daily sing the Rune TORN.
Christ Will, *1959*

13. This exercise will be realised by the disciple putting his right hand on the waist or hip, and then vocalising the syllabi: TA - TE - TI - TO - TU, extending the sound of each vowel. Then he will vocalise the mantra TORN as follows:
TOOOOOOOOOOOOOOORRRRRRRRRRRRRRRNNNNNNNNNNNNNNNNNN 14. With this indication we wish to affirm that we must prolong the sound of each letter. 15. We know that Sexual Magic is hard and difficult for men of weak will, and because of this we recommend that our disciples first practice the exercises of the Rune TORN, to acquire the strength of Will that permits them to manipulate the Sexual Magic heroically. 16. The Music -Will acts on our water (Semen) transmuting it into Christic energy, that is, into the wine of Light of the Alchemist.
Christ Will, *1959*

13 There are two Chakras in our Kidneys

17. The rune TORN is SOLAR, and is governed by the Zodiacal Sign of LIBRA.

Christ Will, *1959*

18. We already know that the Zodiacal Sign LIBRA governs the Kidneys.

Christ Will, *1959*

19. There are two Chakras in our Kidneys that register our degree of Chastity, or degree of animal fornication.

Christ Will, *1959*

20. This is why the BIBLE says the following: 21. "And to the angel of the church in Thyati'ra write: The words of the Son of God, who has eyes like a flame of fire, and whose feet are like burnished bronze. I know your works, your love and faith and service and patient endurance, and that your latter works exceed the first. But I have this against you, that you tolerate the woman Jezebel, who calls her a prophetess and is teaching and beguiling my servants to practise immorality and to eat food sacrificed to idols. I gave her time to repent, but she refuses to repent of her immorality. Behold I will throw her on a sickbed, and those who commit adultery with her I will throw into great tribulation, unless they repent of her doings; and I will strike her children dead. And all the churches shall know that I am he, who searches mind and heart, and I will give to each of you, as your works deserve. "(Rev 2:18-24).

Christ Will, *1959*

22. The Clairvoyant can observe the Chakras of the Kidneys, a dirty red colour for the fornicator, an immaculate white colour for the chaste.

Christ Will, *1959*

14 The Music -Will, is the Sacred Arcane of the TRANSMUTATION

23. The colour of the Rune TORN is orange, green and yellow. The precious stone of this RUNE is the Carneol, and the metal is the Gold.
Christ Will, *1959*

24. The Music -Will, is the Sacred Arcane of the TRANSMUTATION.
Christ Will, *1959*

25. The Music permits us to transmute the water into wine.
Christ Will, *1959*

26. The Chamber three of our Fifth Serpent is the ineffable temple of the Music.
Christ Will, *1959*

15 equally see pleasure and pain, profit and loss, victory and defeat

We should learn how to look at the alternatives of pleasure and pain, of profit and loss, with indifference.

Zodiacal Course, 1951

The Bhagavad Gita says: “The mind that follows wandering thoughts, makes the soul as invalid as the boat which the wind leads astray on the waters”.

Zodiacal Course, 1951

“Kill sensation, teach the Sutta Nipata; equally see pleasure and pain, profit and loss, victory and defeat’

Zodiacal Course, 1951

16 In this lesson of Libra we taught our disciples the law of equilibrium

In this lesson of Libra we taught our disciples the law of equilibrium.
Zodiacal Course, 1951

Three qualities of nature keep the soul enslaved to nature. Harmony, Emotion and Inertia.
Zodiacal Course, 1951

The three qualities of nature. Before this universe existed, only Akash and Prana existed. These are the three qualities of Satwa, Rayas and Tamas. Harmony, emotion and inertia lived in total equilibrium, but when this equilibrium was lost, then came the movement of the great balance of Nature, the flux and reflux, good and evil, hatred and love, etc. It was then that the human Inner-Beings became a member of this great university of nature; and here we involuted and evolved, and if we want to become free of nature, we must transcend the three qualities of nature called harmony, emotion and inertia.
Zodiacal Course, 1951

17 We should be indifferent before success and failure

We should be indifferent before success and failure, before pleasure and pain, before compliments and insults. When entire nature once again meets its primordial equilibrium, the continents will sink in the oceans, there will be much fire, the oceans will evaporate, the vapors will decompose into their atomic formations, everything will return to the primitive akash, to the cosmic night, to the primeval equilibrium of the great cosmic balance, after the activity of a manhanvantara which lasts 311,040,000,000,000 years. All the great cataclysms of nature were actualized with fire.

Zodiacal Course, 1951

18 Evolution and Involution constitute the mechanical axis of Nature

Upon creating the intransigent dogma of Evolution, the decrepit Western mind totally forgot the destructive processes of Nature. It is interesting that the degenerated mind cannot conceive the inverse, Involutive process on a large scale.

Esoteric Treatise of Hermetic Astrology, 1967

The mind, in a state of decrepitude, confuses a fall with a descent and the process of destruction, dissolution on a large scale, degeneration, etc., it classifies as change, progress, Evolution...

Esoteric Treatise of Hermetic Astrology, 1967

Everything Evolves and Involutes, ascends and descends, comes and goes, fluxes and refluxes; a systole and diastole exists in everything, in accordance with the Law of the Pendulum.

Esoteric Treatise of Hermetic Astrology, 1967

Evolution and its twin sister Involution are two laws which are developed and processed in a coordinated and harmonious manner in everything created.

Esoteric Treatise of Hermetic Astrology, 1967

Evolution and Involution constitute the mechanical axis of Nature.

Esoteric Treatise of Hermetic Astrology, 1967

Evolution and Involution are two mechanical laws of Nature which have nothing to do with the Self-Realization of man.

Esoteric Treatise of Hermetic Astrology, 1967

The Inner Self-Realization of man can never be the product of any mechanical law, but rather the result of a conscious work carried out upon and within oneself, on the basis of tremendous super-efforts, in-depth comprehension and

intentional voluntary sufferings. Everything returns to the point of departure and the Lunar Ego returns after death to a new womb.

Esoteric Treatise of Hermetic Astrology, 1967

19 every human being is assigned one hundred and eight lives

It is written that every human being is assigned one hundred and eight lives to become self-realized. Time is running out for many persons. Whoever does not attain self-realization within his allotted time ceases to be born, to enter the Infernal Worlds. In support of the Law of Involution or retrogression comes the Bhagavad Gita, saying, "They, the evil, cruel and ungrateful, I cast them perpetually into the Asuric (demoniac) wombs, in order for them to be born in these worlds" (infernal worlds).

Esoteric Treatise of Hermetic Astrology, 1967

"Oh, Kountreya, those hallucinated people go to the demoniac wombs during many lives and continue falling into more and more inferior bodies each time" (Involution). "Triple is the door of that destructive inferno; it is made up of lust, anger and covetousness; that is why it should be abandoned."

Esoteric Treatise of Hermetic Astrology, 1967

The anteroom of the Infernal Worlds is the involutive descent into bodies more and more inferior each time, in accordance with the Law of Involution.

Esoteric Treatise of Hermetic Astrology, 1967

Those who descend through the spiral of life fall into demonic wombs during several lives before entering the Infernal Worlds of Nature, situated according to Dante within the interior of the terrestrial organism.

Esoteric Treatise of Hermetic Astrology, 1967

In the second chapter we spoke about the Sacred Cow and its deep significance; it is very interesting that every Brahmin in India, when praying the rosary, counts one hundred and eight beads of the latter.

Esoteric Treatise of Hermetic Astrology, 1967

There are Hindus who do not consider their sacred duties fulfilled, if they do not walk one hundred and eight times around the Principal Cow, and if, they do not fill a cup with water and place it for a moment on the Cow's tail, and drink it as the most sacred and delicious divine liquor.

Esoteric Treatise of Hermetic Astrology, 1967

It is urgent to remember that Buddha's necklace has one hundred and eight beads. All of this invites us to reflect on the one hundred and eight lives which are assigned to the human being.

Esoteric Treatise of Hermetic Astrology, 1967

It is clear that the person who does not take advantage of those one hundred and eight lives, joins the Involution of the Infernal Worlds.

Esoteric Treatise of Hermetic Astrology, 1967

20 Infernal Involution is a fall backwards

Infernal Involution is a fall backwards, towards the past, passing through all the animal, vegetable and mineral states, through frightful suffering.

Esoteric Treatise of Hermetic Astrology, 1967

The last stage of the Infernal Involution is the fossil state, after which follows the disintegration of the lost ones.

Esoteric Treatise of Hermetic Astrology, 1967

The only thing that is saved from all of that tragedy, the only thing that does not disintegrate is the Essence, the Buddhata, that fraction of Human Soul that the intellectual animal carries within his lunar bodies.

Esoteric Treatise of Hermetic Astrology, 1967

Involution in the Infernal Worlds precisely has as objective the liberation of the Buddhata, the Human Soul, in order for it to reinitiate its Evolutive ascent from the original chaos through the mineral, vegetable and animal rungs, until it reaches the level of intellectual animal mistakenly called man.

Esoteric Treatise of Hermetic Astrology, 1967

It is lamentable that so many souls relapse, and return again and again to the Infernal Worlds.

Esoteric Treatise of Hermetic Astrology, 1967

Time in the Infernal Worlds of the Submerged Mineral Kingdom is frighteningly slow and boring; for every frightfully long one hundred years in those atomic infernos of Nature, one pays a certain quantity of Karma.

Esoteric Treatise of Hermetic Astrology, 1967

The one who totally disintegrates in the Infernal Worlds, is even with the Law of Karma.

Esoteric Treatise of Hermetic Astrology, 1967

21 The Law of the Scale, the terrible Law of Karma, governs everything created

After the death of the physical body, every human being, after having reviewed the life that just passed, is judged by the Lords of Karma. The lost enter the Infernal Worlds after their good and bad deeds have been placed on the scales of Cosmic Justice.

Esoteric Treatise of Hermetic Astrology, 1967

The Law of the Scale, the terrible Law of Karma, governs everything created. Every cause becomes an effect and every effect is transformed into a cause.

Esoteric Treatise of Hermetic Astrology, 1967

By modifying the cause, one modifies the effect. Do good deeds in order for you to pay your debts. The Lion of the Law is combated with the scales. If the plate of the bad deeds weighs more, I advice you to increase the weight on the plate of the good deeds; in this manner you will incline the balance in your favor.

Esoteric Treatise of Hermetic Astrology, 1967

The one who has capital with which to pay, pays and comes out well in business; the one who does not have capital, shall pay with pain.

Esoteric Treatise of Hermetic Astrology, 1967

When an Inferior Law is transcended by a Superior Law, the Superior Law washes the Inferior Law.

Esoteric Treatise of Hermetic Astrology, 1967

22 speaking with precision we will say that that is Return

Millions of persons speak about the Laws of Reincarnation and Karma, without having experienced in a direct manner their deep significance.

Esoteric Treatise of Hermetic Astrology, 1967

Really, the Lunar Ego returns, re-embodies, penetrates a new womb, but that cannot be called Reincarnation; speaking with precision we will say that that is Return.

Esoteric Treatise of Hermetic Astrology, 1967

Reincarnation is something else; Reincarnation is only for Masters, for Sacred Individuals, for the Twice-Born, for those who already possess the Being.

Esoteric Treatise of Hermetic Astrology, 1967

The Lunar Ego returns and in accordance with the Law of Recurrence, it repeats in each life, the same actions, the same dramas of preceding lives.

Esoteric Treatise of Hermetic Astrology, 1967

The Spiral Line is the line of life and each life is either repeated in more elevated, evolutive spirals, or in lower, involutive spirals.

Esoteric Treatise of Hermetic Astrology, 1967

Each life is a repetition of the past one, plus its good or bad, pleasant or unpleasant consequences.

Esoteric Treatise of Hermetic Astrology, 1967

In a resolved and definitive manner, many persons descend from life to life on the involutive spiral line, until finally entering the Infernal Worlds.

Esoteric Treatise of Hermetic Astrology, 1967

23 We need to become conscious of our own Karma

We need to become conscious of our own Karma and that is only possible by means of the State of Alert Novelty.

Esoteric Treatise of Hermetic Astrology, 1967

Every effect of life, every event, has its cause in a previous life, but we need to become conscious of that.

Esoteric Treatise of Hermetic Astrology, 1967

The one who awakens Consciousness, can travel in his internal bodies outside the physical body, with full conscious will and study his own book of destiny.

Esoteric Treatise of Hermetic Astrology, 1967

In the Temple of Anubis and his Forty-Two Judges, the initiate can study his own book. Anubis is the supreme ruler of Karma. The Temple of Anubis is found in the Molecular World, called the Astral World by many people.

Esoteric Treatise of Hermetic Astrology, 1967

24 this is the path of the razor's edge

The one who wants to attain in-depth Self-Realization, should liberate himself from the vicious circle of the Evolutive and Involutive Laws of nature.

Esoteric Treatise of Hermetic Astrology, 1967

The one who truly wants to come out of the intellectual animal state, the one who truly and sincerely wants to become a True Man, should free himself from the mechanical laws of Nature.

Esoteric Treatise of Hermetic Astrology, 1967

Everyone who wants to become a Twice-Born, everyone who wants Inner Self-Realization, should enter the path of the Revolution of Consciousness; this is the path of the razor's edge. This path is full of dangers within and without.

Esoteric Treatise of Hermetic Astrology, 1967

25 Among men, few are the ones who reach the other shore

The Dhammapada says, “Among men, few are the ones who reach the other shore. The others wander on this shore, from one side to the next.”

Esoteric Treatise of Hermetic Astrology, 1967

Jesus the Christ says, “Of a thousand who seek me, one finds me, of a thousand who find me, one follows me, of a thousand who follow me, one is mine.”

Esoteric Treatise of Hermetic Astrology, 1967

The Bhagavad Gita says, “Among thousands of men, perhaps one strives to reach perfection; among the strivers, possibly one achieves perfection and among the perfect, perhaps one knows me perfectly.”

Esoteric Treatise of Hermetic Astrology, 1967

26 Jesus, in the four Gospels, places emphasis on the difficulty of entering the Kingdom

The Divine Rabbi of Galilee never said that the Law of Evolution would take all human beings to perfection. Jesus, in the four Gospels, places emphasis on the difficulty of entering the Kingdom. "Strive to enter in at the strait gate: for many, I say unto you, will seek to enter in, and shall not be able. When once the master of the house is risen up, and hath shut to the door, and ye begin to stand without, and to knock at the door, saying, Lord, Lord, open unto us; and he shall answer and say unto you, I know you not whence ye are: Then shall ye begin to say, we have eaten and drunk in thy presence, and thou hast taught in our streets. But he shall say, I tell you, I know you not whence ye are; depart from me, all ye workers of iniquity. There shall be weeping and gnashing of teeth, when ye shall see Abraham, and Isaac, and Jacob, and all the prophets, in the kingdom of God, and you yourselves thrust out." The Law of Natural Selection exists in everything created; not all students who enroll in a faculty graduate as professionals.

Esoteric Treatise of Hermetic Astrology, 1967

Jesus Christ never said that the Law of Evolution would lead all human beings to the final goal.

Esoteric Treatise of Hermetic Astrology, 1967

27 a single door and a single path

Some pseudo-esotericists and pseudo-occultists say that one reaches God through many paths. This is really a sophism with which they always want to justify their own errors. The Great Hierophant Jesus Christ only pointed out a single door and a single path: "Because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it."

Esoteric Treatise of Hermetic Astrology, 1967

The Gate and the Path are sealed by a great Stone; happy is he who can roll away that Stone, but that is not a matter of this lesson, that belongs to the lesson of Scorpio. We are now studying the zodiacal sign of the Balance, the sign of Libra.

Esoteric Treatise of Hermetic Astrology, 1967

28 their love affairs and life are as unstable as the scale

The natives of Libra are very skillful in everything, but suffer much in love, since their love affairs and life are as unstable as the scale.

Zodiacal Course, 1951

111. The natives of Libra always have equilibrium in Love and their lives are as unstable as the movements of the pans of the scale.

Manual of Practical Magic, 1954

112. The natives of Libra suffer in love.

Manual of Practical Magic, 1954

113. The natives of Libra have many aptitudes and great ability to earn their daily bread. 114. The sword of Cosmic Justice is beyond good and evil.

Manual of Practical Magic, 1954

29 Libra people of good aspect like things straight and just

In practice we have been able to verify that the natives of Libra usually have, in their majority, a certain imbalance in matters related to conjugal life, to love.

Esoteric Treatise of Hermetic Astrology, 1967

The natives of Libra create many problems for themselves due to their manner of being frank and just.

Esoteric Treatise of Hermetic Astrology, 1967

Libra people of good aspect like things straight and just. People do not understand Libra people well; the latter sometimes appear cruel and merciless. They do not know or want to know about diplomacy; hypocrisy bothers them, sweet words of the perverse easily upset them instead to softening them.

Esoteric Treatise of Hermetic Astrology, 1967

Libra people have the defect of not knowing how to forgive their fellowmen; they want to see the Law and nothing but the Law in everything, often forgetting mercy.

Esoteric Treatise of Hermetic Astrology, 1967

Libra natives like to travel very much and are persons who faithfully fulfill their duties. Libra natives are what they are and nothing but what they are, frank and just.

Esoteric Treatise of Hermetic Astrology, 1967

People usually become angry with the natives of Libra; they are interpreted erroneously due to that manner of being and as is natural, ill is spoken of them and they usually fill themselves up with unwarranted enemies.

Esoteric Treatise of Hermetic Astrology, 1967

The Libra person cannot be approached with double plays; that is not tolerated and forgiven by the Libra person.

Esoteric Treatise of Hermetic Astrology, 1967

One has to always be friendly and kind or always severe with Libra people, but never with that sweetness and harshness, because the Libra person never tolerates and never forgives that.

Esoteric Treatise of Hermetic Astrology, 1967

30 The superior type of Libra always confers total chastity

The superior type of Libra always confers total chastity. The inferior type of Libra is very fornicating and adulterous.

Esoteric Treatise of Hermetic Astrology, 1967

The superior type of Libra have a certain spirituality that spiritualists do not understand and erroneously judge.

Esoteric Treatise of Hermetic Astrology, 1967

The negative inferior type of Libra has dazzling and loquacious, versatile people; he likes to always place himself in the limelight, attract the attention of the whole world. The superior type of Libra wants to always live anonymously and unknown, never feels any attraction for fame, for laurels, for prestige.

Esoteric Treatise of Hermetic Astrology, 1967

The superior type of Libra reveals sensibleness and the sense of foresight a thrift. The inferior type of Libra has much superficiality and covetousness.

Esoteric Treatise of Hermetic Astrology, 1967

In the medium type of Libra, many qualities and defects of the superior and inferior types of Libra usually mix.

Esoteric Treatise of Hermetic Astrology, 1967

31 Marriage with Pisces people is convenient for the natives of Libra

Marriage with people of Libra is favorable to the natives of Aries because fire and air comprehend each other very well.

Esoteric Treatise of Hermetic Astrology, 1967

Marriage with Pisces people is convenient for the natives of Libra.

Esoteric Treatise of Hermetic Astrology, 1967

Libra natives like to do deeds of charity without expecting a reward or boasting or publishing the service done.

Esoteric Treatise of Hermetic Astrology, 1967

The superior type of Libra loves select music, takes pleasure in it and enjoys it to a maximum degree.

Esoteric Treatise of Hermetic Astrology, 1967

Libra people also feel attraction for good theater, good literature, etc., etc., etc.

Esoteric Treatise of Hermetic Astrology, 1967

32 move in the form of a scale

Stand up, with the feet firm and arms extended to the sides in the form of a cross, or scale and move inclining the waist seven times to the right and seven towards the left, with the intention that all our energies become balanced in our kidneys.

Zodiacal Course, 1951

Stand up, in a military position of attention and then with the arms extended in the form of a cross or scale, move in the form of a scale, inclining seven times to the right and seven to the left with the intention that all of your energies become equilibrated in the kidneys. The movement of the upper half of the spinal column should be like that of a scale.

Esoteric Treatise of Hermetic Astrology, 1967

The forces that ascend from the earth passing by the sieve of our feet along the entire organism, should become equilibrated at the waist and this is carried out successfully with the balancing movement of Libra.

Esoteric Treatise of Hermetic Astrology, 1967

33 There is a key to transfer oneself to that constellation

Ancient men grew spiritually under the influence of the "Ursa Major" and students should meditate intensely on the 'Ursa Major' if they want to awaken consciousness. That constellation radiates powerful spiritual forces and man should learn to converse with the sidereal genii of that constellation.

Zodiacal Course, 1951

There is a key to transfer oneself to that constellation. The key is to meditate profoundly on a "yellow stone" that exists in the astral. Do this exercise in the moments of transition between vigil and sleep and thou shall then transfer thyself in the astral body to the largest star of the 'Ursa Major', where a powerful and gigantic civilization exists. Since the seventeenth century, the earth entered a new era of spiritual awakening. That awakening will shine in all its splendor in the sign of Aquarius, the present era. The cause of that awakening is due to the influence of the great enlightened "Buddha" who in the seventeenth century became the redeemer of the Martian humanity, was crucified in the forces of Mars, to redeem the Martians and help our terrestrial humanity with "BuddhicMartian" forces that radiate from Mars. Michael, Gabriel, Raphael and Orifiel are the four Lords that rule the karmic balance of the four winds (North, South, East and West). 35 Every moment of happiness or pain should be continued in Meditation

Every moment of happiness or pain should be continued in Meditation with a Still mind and in profound Silence. The result comes to be the experience of the same event in a previous life. We then become conscious of the cause of the act, whether it be pleasant or unpleasant.
