# Pisces

*the practice, step by step*

This is the practice part of *Pisces*, in his words only, set out step by step. Each card has a line of his at the top, a small box with how and when, taken from his own sentences, and then his paragraph cut at its full stops and colons into numbered steps, nothing added and nothing left out. The vocalizing is given twice, each card in its own book's words: first as the exercise of the *Esoteric Treatise of Hermetic Astrology* of 1967, then as the seven vowels of the *Zodiacal Course* of 1951, the vowels printed letter for letter as he prints them. The full teaching, with every passage around these, is in the main booklet, *Pisces*.

Practice 1

## During the sign of Pisces, we have to vocalize one hour daily

| | |
|---|---|
| When | During the sign of Pisces |
| How long | one hour daily |
| How | Seated in a comfortable armchair |
| Words to sound | I. E. O. U. A. M. S. |
| The sound | from the head to the feet |

1. During the sign of Pisces, we have to vocalize one hour daily.
2. Let us remember that in the beginning was the Verb and that the Verb was with God and that the Verb was God.
3. In ancient times, the seven vowels of nature resounded in the entire human organism from head to toes, and it is now necessary to restore the seven notes in the marvelous harp of our organism, in order to restore the lost powers.
4. The vowel "I" causes the Pineal and Pituitary glands to vibrate; these two small glands are united by a small extremely subtle canal or capillary, which has already disappeared in cadavers.
5. The Pineal gland is located in the superior part of the cerebrum and the Pituitary gland, in the cavernous plexus between the two eyebrows.
6. Each of these two small glands has its Vital Aura and when these two auras blend, the Spatial Sense is developed and we see the ultra of all things.
7. The vowel "E" causes the thyroid gland which secretes the biological iodine to vibrate.
8. This gland is located in the throat and in it resides the chakra of the magical ear.

9 The vowel “O” causes the heart chakra, the center of Intuition and all types of powers to travel in the Astral, Jinns state, etc., to vibrate.

10 The vowel “U” causes the solar plexus, located in the umbilical region, to vibrate.

11 This solar plexus is the Telepathic Center and the Emotional Cerebrum.

12 The vowel “A” causes the pulmonary chakras, which permit us to remember our past lives, to vibrate.

13 The vowel “M”, profanely held as a consonant, is vocalized with the lips closed, without opening the mouth, and the sound that then comes out through the nose is the “M”.

14 The vowel “M” causes the Ens Seminis, the waters of life, the Mercury of secret philosophy, to vibrate.

15 The vowel “S” is a sweet and gentle hissing which causes the fire inside of us to vibrate.

16 Seated in a comfortable armchair, we have to vocalize I. E. O. U. A. M. S., carrying the sound of each of these seven vowels from the head to the feet.

17 It is necessary to inhale, then exhaling the air together with the well prolonged vowel sound, until exhausting the exhalation.

18 This exercise has to be done daily in order to develop the internal magical powers.

Practice 2

## During Pisces it is necessary to vocalize the seven vowels as follows

| | |
|---|---|
| When | during Pisces |
| The sound | from our head to our feet |
| How long | one hour of daily vocalization |

1. These twenty-four elders sometimes meet in the Earth's heart-temple, around the Lamb.
2. Our twelve faculties or our twelve senses are the twelve faculties of the zodiac within us.
3. We should make our zodiac sparkle through these exercises, to become ineffable Gods.
4. Our body is entirely a musical harp where the seven vowels of nature should resound incessantly.
5. Therefore, during Pisces it is necessary to vocalize the seven vowels as follows:
6. IIIIIIIIIIIIIIIIIIIIIIIIIII
   EEEEEEEEEEEEEEE
   OOOOOOOOOOOOO
   UUUUUUUUUUUUU
   AAAAAAAAAAAAAAA
   MMMMMMMMMMM
   SSSSSSSSSSSSSSSSS
7. The sound of each of these vowels should be taken from our head to our feet.
8. Master "Huiracocha" says that one hour of daily vocalization is worth more than reading a million books of oriental theosophy.

Practice 3

## This mantram should be vocalized with the heart in profound meditation

| | |
|---|---|
| Words to sound | Om masi padme yom |
| How | prolonging the sound of each letter, and syllabicating |
| Its meaning | Oh my God in me! |

1. Aun mani padme jum; this mantram is esoterically pronounced like this: "Om masi padme yom", (prolonging the sound of each letter, and syllabicating).
2. The meaning of this mantram is: "Oh my God in me!"
3. This mantram should be vocalized with the heart in profound meditation, adoring the "Inner Being", rendering cult to the "Inner Being", because the Inner Being is essentially the soul of our father incarnated in us, our divine individuality in which we need to absorb ourselves to enter that infinite and undescribable happiness of Nirvana, where neither suffering, tears, nor pain exist.

Practice 4

## Our Lord, the Christ, taught us to pray like this

| How | in profound meditation, adoring that ineffable star from which our "Inner Being" came |
|---|---|

1. Our Lord, the Christ, taught us to pray like this:
2. > *"Our Father who art in heaven, hallowed be thy name, thy kingdom come, thy will be done on earth as it is in heaven. Give us this day our daily bread, forgive us our trespasses as we forgive those who trespass against us. Lead us not into temptation, but deliver us from evil. Amen."*
3. This prayer is done in profound meditation, adoring that ineffable star from which our "Inner Being" came and in this manner, we will learn to talk with our Father who is in secret.
