Sagittarius — the practice cards

The Zodiac · II

1. Print at 100% (actual size). Do not choose “fit to page”.
2. Print double-sided, and choose **flip on short edge**.
3. Start from this page: the page after it is left blank on purpose, so every card back lands behind its front.
4. Cut on the small grey marks at the corners of each card. Each card is 105 × 148 mm (A6).
5. The art on the first card runs 3 mm past the marks, so a slightly uneven cut still leaves no white edge.

The first card has the art on the front and his table for the sign on the back. Each card after it is one practice: the front gives his line and a small box with how and when; the back gives his steps, in his order. Every word on the cards is his, apart from these instructions and the small labels.
