1 Binah is the Holy Spirit, is the Third Logos

And the Holy Spirit is the Third Logos.

1 Logos, Mantram, Theurgy, 1959 ·¶21

Binah is the Holy Spirit, is the Third Logos, Lord Shiva of the Hindus, who manifests as sexual potency in all that is, has been and will be.

2 Tarot and Kabalah, 1978 ·¶2275

The Holy Spirit is that sexual force which we see within the pistils of the flowers, that which is expressed in the creative organs of all living species; the marvellous force without which the universe could not exist.

3 Tarot and Kabalah, 1978 ·¶2276

It is said that the Law of Moses is contained within the number 3, be cause the Holy Spirit is within the 3. The Holy Spirit is that which illu minates us, teaches us the Law.

4 Tarot and Kabalah, 1978 ·¶2739

We can assert the following in a solemn manner: The Husband of Devi Kundalini, our own Cosmic Mother, is the Third Logos, the Holy Ghost, Shiva the first-born of Creation, our intimate Monad, individual or better said, super individual Monad.

5 The Three Mountains, 1972 ·¶147

However, I confess that after so many years I was amazed by something quite unusual... One spring night, being absent from my dense mortal form, I saw the Lord Shiva, the Holy Ghost, my Sacred super individual Monad, with the ineffable appearance of the Ancient of the Days...

6 The Three Mountains, 1972 ·¶347

The Revealer is always the Holy Spirit.

7 Pistis Sophia Unveiled, 1983 ·¶495

Master: Well, there is a very elevated Trimurti which is the Father, the Logos and the Holy Spirit. Unquestionably, the Holy Spirit is the sexual force. This sexual force develops, unfolds and processes in the Lit Forge of Vulcan.

2 Father, Son and Holy Spirit, the perfect triad

The Crown of Life has three aspects; First, the Ancient of the Days, the Father; second, the very beloved Son of the Father; and third, the very wise Holy Spirit. Father, Son and Holy Spirit, the perfect triad within the unity of life. This triad, plus the unity of life, is the holy four; the four eternal carpenters, the four horns of the altar, the four winds of the oceans, the holy and mysterious Tetragrammaton whose mantric word is Iod He Vau He, the terrible name of the Eternal.

9 The Greater Mysteries, 1956 ·¶880

The holy Four, the Tetragrammaton, is symbolized by the four fangs of the Aztec virgin, the IOD HE VAU HE, the divine I Am. In Kabbalah, Kether is the Father, Chokmah is the Son and Binah is the Holy Spirit; this is the Sephirothic Crown, the Crown of Life. This triad plus the unit is the holy Four, the holy and mysterious Tetragrammaton, the IOD HE VAU HE.

10 The Greater Mysteries, 1956 ·¶899

Our Resplendent Dragon of Wisdom has three aspects; these are the Father, the Son and the Holy Spirit.

11 The Perfect Matrimony, 1950 ·¶564

The Father is the Light and the Life; the Son is the Water and the Blood that flowed from the wound in the side of our Lord, made by the Lance of Longinus. The Holy Spirit is the Pentecostal Fire or Fire of the Holy Spirit, named Kundalini by the Hindus, the Igneous Serpent of our Magical Powers, Holy Fire symbolized by Gold.

12 The Perfect Matrimony, 1950 ·¶565

Whoever forms Christ becomes Christ. Only Christ can ascend to the Father. The Father is neither a human nor divine individual. The Father, the Son and Holy Spirit are substances, forces, transcendental and extremely divine energies.

That is all. What happens is that unfortunately people have a marked tendency to anthropomorphize these superior forces.

13 The Perfect Matrimony, 1950 ·¶1815

❦

The Father is the First Logos, the Second is the Son, and the Third, the Holy Spirit. These three aspects are behind Atma, Buddhi and Manas. From Ain Soph emanates the Father, from Him, the Son, and from Him, the Holy Spirit. These three Logoii are the Tao, Brahatma, the Universal Spirit of Life; and beyond this is the Absolute. These three Logoii emanate from that Universal Ocean of Life. A wave which arises may be Ishvara, a Purusha who teaches, and having taught, merges with the Spirit of the Ocean.

14 Tarot and Kabalah, 1978 ·¶1259-1260

❦

Kether-Father, Chochmah-Son and Binah-Holy Spirit are three distinct personages and one true God this is what theology teaches. Although those three personages are triune, essentially they are only one, indi vidual, which is the Father.

15 Tarot and Kabalah, 1978 ·¶2583

❦

Within the Father is the Son and the Holy Spirit, just as within the True Man is the Body, the Soul and the Holy Spirit. Likewise within the Ancient of Days there is also the Son, and the Holy Spirit which form an integral, unitotal, Single One. In ancient Egypt this Single Unitotal was called Osiris. (See chapter 7).

16 Tarot and Kabalah, 1978 ·¶2584

❦

What happened afterwards was marvellous. Seated in a hail I saw three divine suns; the first was the blue of the Father; the second, the yellow of the Son and the third, the red of the Holy Spirit.

❦

The three Forces are: Holy Affirmation, Holy Negation, and Holy Conciliation; Father, Son, and Holy Spirit; positive force, negative force and neutral force.

18 Pistis Sophia Unveiled, 1983 ·¶88

To crystallize the Holy Conciliation, the third force, that of the Holy Spirit, the neutral force, we need to transmute the creative energy and, finally, that marvellous force crystallizes in the Superior Existential Bodies of the Being.

3 In India, the Third Logos is Shiva

The atomic seminal work is the Magisterium of Fire. In India, the Third Logos is Shiva. Symbols of Shiva are embedded in the Black Lingam Yoni. Shiva's wife is Parvati, the Goddess of beauty, love and happiness. The double aspect of Shiva as creator and destroyer immediately makes it clear that love and death are intimately linked. The double aspect of his wife Parvati is as Goddess of Love, and as Kali, Goddess of Evil's misfortune, sickness and death.

20 Christmas Messages ·¶870-871

Sarasvati works with the forces of the Father. Lakhsmi works with the forces of the Son, and Pãrvati with the forces of the Holy Spirit.

21 The Perfect Matrimony, 1950 ·¶1718

In nature there are three types of energy. First; that of the Father, second; that of the Son, third; that of the Holy Spirit, In India the Father is Brahma; the Son, Visnu, the Holy Spirit, Siva.

22 The Perfect Matrimony, 1950 ·¶1801

The Key of the Maithuna is the Black Lingarn inserted in the Yoni, attributes of the God Shiva, the third logos, the Holy Spirit.

23 Esoteric Treatise of Hermetic Astrology, 1967 ·¶555

Let us remember the two gracious wives of Shiva (the Third Logos), Parvati and Uma. Their antithesis are those two sanguinary and ferocious women, Durga and Kali, the latter being the tenebrous regent of this horrible age of Kali Yuga.

24 Runic Magic, 1969 ·¶930

Unquestionably, averted Eros or misguided Cupid, who is one of the three TriplePowers, is what inflicts the worst damage on Pistis Sophia. However, we will never proclaim ourselves against Eros, Shiva, the Holy Spirit, or against

Cupid-Eros, because we know very well that the key of all power is found within the tantric mysteries of Lingam-Yoni.

25 Pistis Sophia Unveiled, 1983 ·¶iiii

4 Go, fertilize my wife, chaotic matter, the Great Mother

The Serpent represents the Sexual Fire of the Third Logos. The blood of the Serpent represents the Waters of Genesis, the great universal sperm, the Ens Seminis or Christic men, in whose waters is the germ of all life. These waters are the blood of the Earth, according to the Mayan philosopher. The Goddess Goatlicue is the mother of life and death (the Ens Serninis).

26 The Perfect Matrimony, 1950 ·¶1262

Really, the Sexual Fire of the Third Logos makes the Waters of Life fertile to bring forth the universe.

27 The Perfect Matrimony, 1950 ·¶1263

In the Mayan theogony, two Gods intervened in creation; one who gives life and form to man, and the other who gives him conscious ness. The Third Logos makes the Waters of Life fertile and when these have been fertilised, the Second Logos intervenes, infusing consciousness into every organism. The ineffable Gods are the vehicles of action for all the forces of the Logos.

28 The Perfect Matrimony, 1950 ·¶1264

At dawn of the great cosmic day, the First Logos, the Father, said to the Third Logos, the Holy Spirit, " Go, fertilize my wife, chaotic matter, the Great Mother, so that life will emerge. See what unfolds..." When the Father had spoken, the Third Logos bowed reverently; at that moment, creation dawned.

29 The Buddha's Necklace, 1967 ·¶7-8

The Cosmocreators, the Army of builders of the aurora, the host of Elohim, The Third Logos, worked in the seven temples of chaos.

30 The Buddha's Necklace, 1967 ·¶9

As above, so it is below. On initiating the aurora of creation, the sexual fire of the Third Logos fecundates the womb of the Great Mother, the primordial substance. The Second Logos, the Cosmic Christ, accomplishes the second part

by incarnating in any worlds that are born so that all beings may have life and have it abundantly.

31 The Buddha's Necklace, 1967 · ¶667

5 The Holy Spirit is the maker of Light

The Holy Spirit gave us life with love and sex.

32 The Greater Mysteries, 1956 ·¶568

The Holy Spirit is the maker of Light: "And God said, Let there be light: and there was light;" its esoteric meaning is: "Because he said it, it was."

33 The Greater Mysteries, 1956 ·¶890

All the elements are integrated in the fire. Everything emerges from the fire and everything returns into the fire. The Euphrates river is the creative fire of the Holy Spirit. Zachariel poured out his vial upon the Euphrates river and its waters became dried up. Thus, this is how the Anglo Saxon and french people are losing the power of procreation. The waters of the Euphrates river are drying up and women are becoming sterile. Now, the statistics are registering that in England and Franc e the number of dead people is more and the number of births is less, because thousands of souls are entering into the abyss daily. No more physical bodies are given unto these souls.

34 The Aquarian Message, 1960 ·¶1459

We have been created by the Third Logos!

35 Logos, Mantram, Theurgy, 1959 ·¶23

The number 3 corresponds to the Third Logos, the Holy Spirit. The Third Logos is in essence, the creative sexual force which expresses in all the universe. One works by means of number 6 which is related with sex. Here the man and woman is to be found; in the Tarot a man is shown before vice and virtue, before the Virgin and the whore. The sexual force must be worked with through the 6, or that is, with love this has an expression in 9 which equals the Ninth Sphere. Number 9 is the number of the Master. The three triads or horizontal lines represent the three worlds.

36 Tarot and Kabalah, 1978 ·¶2687

When these three original forces, the Father, the Son, and the Holy Spirit, meet or coincide at a given point, a creation is performed.

37 Pistis Sophia Unveiled, 1983 ·¶456

6 The Third Logos organises the fundamental vortex of all that is born

Gnostics talk about the Third Logos. Science must know that the Third Logos is that primary intelligence. The Third Logos is not an individual. The Third Logos of the Gnostics is the primary intelligence of Nature. The creative energy of the Third Logos is that primary intelligence of Nature that unites the spermatozoon with the ovum. The creative energy of the Third Logos bipolarizes itself into positive and negative. The spermatozoon is the exponent of the positive forces of the Third Logos. The ovum is the exponent of the negative forces of the Third Logos. Both poles of the energies unite in order to create. The Law is the Law.

38 Endocrinology & Criminology, 1957 ·¶358

The creative energy of the Third Logos elaborates the chemical elements of the Earth, with all its multifaceted complexity of form. When this creative energy withdraws from the centre of the Earth, our world will then become a cadaver: that is how worlds die. The Serpentine Fire of man emanates from the Serpentine Fire of the Earth. The terrible Serpent sleeps profoundly in its mysterious nest of strange hollow spheres, similar in fact to a true Chinese puzzle. These are subtle concentric astral spheres. In truth, just as the Earth has nine concentric spheres in the depths of which is the terrible Serpent, so also has man, because he is the Microcosms of the Macrocosms.

39 The Perfect Matrimony, 1950 ·¶975

The sexual energy of the Third Logos flows from the centre of every nebula, and from the vortex of every atom. When this energy stops flowing from the centre of the Earth, this planet will become a corpse. The sexual energy of the Third Logos has three modes of expression: 1. Reproduction of the species; 2. Evolution of the human race; 3. Spiritual development.

40 The Perfect Matrimony, 1950 ·¶1798-1799

The sexual energy of the Third Logos flows pervasively from the center of every atom, galaxy, and solar system, uniting opposite poles to produce new creations.
41 The Buddha's Necklace, 1967 ·¶119

The food we eat begins with the note DO; the chime from this first stage of transformation moves on to RE; this refined food passes by osmosis into the blood stream and continues with the note MI. Successive processes follow until there remains the best of the whole organism, the marvelous elixir, the seminal liquor, with its hydrogen 12 in the note SI. Sexual hydrogen SI- 12 is found in the semen; it is the creative power of the Third Logos. The first musical octave, DO - RE - MI-FA – SOL - LA - SI corresponds exactly to the production of sexual hydrogen SI-12 inside the organism.
42 The Buddha's Necklace, 1967 ·¶240-241

The Cross also reveals the "Quadrature of the Circle", the key of per-petual motion. That perpetual motion is only possible by means of the sexual force of the Third Logos. If the energy of the Third Logos stopped flowing in the universe, perpetual motion would cease and there would be a cosmic breakdown. The Third Logos organises the fundamental vortex of all that is born in the universe and the infinitesimal vertex of the very last atom of any creation.
43 Tarot and Kabalah, 1978 ·¶158

How did that race multiply? How did they reproduce? Not as Master Blavatsky said, that they did it in an asexual manner, that they did not need sex for that. Such an affirmation is erroneous because the force of the Maha-Chohan, the creative energy of the Third Logos, flows in an overwhelming manner in everything that has been and will be. The type of reproduction was fissiparous; it expressed itself in a different sexual form, organisms divided themselves the way living cells divide. Biology students know well how the organic cell divides: the cytoplasm with a piece of nucleus becomes separated, they do not ignore that.

7 Conceived its children through the work and grace of the Holy Spirit

In ancient times the entire human species conceived its children through the work and grace of the Holy Spirit, and at that time the pain of childbirth did not exist. The Holy Spirit sent holy angels to them, so that they might gather with the men and women within the great courtyards of the temples.

45 Book of the Virgin of Carmel ·¶85

But when humanity disobeyed the angels, they then sinned against the Holy Spirit, and He said to the women, "With pain you shall give birth to your children." And to the men He said, "By the sweat of your brow you shall support your wife and children."

46 Book of the Virgin of Carmel ·¶88

❦

All sexual union that takes place without the permission of the Holy Spirit is fornication. However, the human beings of this age do not wish to understand this, because they have moved so far away from the old doctrine that was known by the Virgin Mary, mother of Jesus, and which the Christ preached on the unconquered walls of Zion.

47 Book of the Virgin of Carmel ·¶91

❦

All the sages of the past begot their children through the work and grace of the Holy Spirit. Zechariah was surprised when the angel announced to him the birth of John the Baptist.

48 Book of the Virgin of Carmel ·¶92

❦

49 Book of the Virgin of Carmel ·¶103

❦

When the sexual act is carried out by order of an angel, it is holy. But when the sexual act is performed by order of the devil, it is satanic. Mary experienced no

pain during childbirth, because she conceived her son through the work and grace of the Holy Spirit. All the husbands and wives of the world can imitate Mary and Joseph, conceiving their children through the work and grace of the Holy Spirit, and not through fornication.

50 Book of the Virgin of Carmel ·¶128-129

The sculpture of Cihuapipiltin, Goddess of the west and of women who died while in parturition of their child, exists in the National Museum of Mexico. This Goddess is indeed a Great Master of the White Lodge who lives in the ethereal plane (Eden). Said Master works upon those wretched women who died while in parturition. The death of women in parturition is, in the superior worlds and in accordance with the laws of karma (even when this appear as incredible), a perfect work. In the internal worlds the fruit of this grief is remarkable. The disincarnated soul who died during that parturition appears before the clairvoyant with her child in her arms. The law of karma determines that type of death for the good of the souls who need it. Law is law, and the law is fulfilled. Religious people know that a Virgin named "Immaculate Conception" exists. Any mystic illuminati perfectly knows that she lives in Eden working with the immaculate conceptions of the Holy Spirit. When a conception without the spilling of the seminal fluid is performed, it is done by the Holy Spirit. Such a conception is under the vigilance and direction of the "Immaculate Conception." We announce that this said Virgin is not the Hebrew Mary. Indeed, the "Immaculate Conception" is a woman who attained the degree of Virgin. Many similar women exist, true living Buddhas who attained the Fifth Initiation. Let us remember the Virgin of the Sea (Mother of Jesus), and the eleven thousand Inca Virgins, the Virgins of the stars, the Virgin of the law, etc. All of those women are living Buddhas, women who attained the Fifth Initiation of Major Mysteries (true human beings). The most elevated degree for a woman is that of Virgin.

8 The Holy Spirit is the Divine Mother in us

The Kabbala speaks to us of the ten Sephiroth. Kether is the Ancient of Days and each one of you is, in essence, a blessed Ancient of Days. Kether is the Father in us, a breath of the Absolute profoundly unknown to Itself. Chokmah is the Son, the Atomic Christ in us. Binah is the Mother in us, the Holy Spirit in us. Kether, Chokmah and Binah are our Christ child. The much beloved Father, the much adored Son, and the very wise Holy Spirit live within the depths of our superlative consciousness, awaiting the supreme instant of our realisation. The Holy Spirit is our Divine Mother. The mother dresses in a blue mantle and a white tunic of exquisite splendors.

52 Christmas Messages ·¶280

From the Ancient of the Days emanates the divine couple, which is the Christ and his virgin wife, the holy Spirit that resembles an ineffable woman in every man; this divine mother wears a white robe and a blue shawl. The blessed Goddess, Mother of the world, carries a precious lamp in her hand. The divine male resembles a complete Christ, and is symbolized by the phallus in erection, by the scepter of power on high, by the tower, by every pointed rock and by the robe of glory; he is the divine origin.

53 The Greater Mysteries, *1956* ·¶888

So then, every Logos is Triune. The Father is Kether, the Ancient of Days. The Son is the Cosmic Christ in us. The Holy Spirit is the Divine Mother in us.

54 Tarot and Kabalah, *1978* ·¶951

The Holy Spirit unfolds into an ineffable woman, this is the Divine Mother clothed in a white tunic and a blue mantle. The Holy Spirit is Shiva the Divine Spouse of Shakti the Divine Mother Kundalini.

55 Tarot and Kabalah, *1978* ·¶2282

Some kabalists stress the idea that Binah, the Holy Spirit, is feminine such a statement is erroneous. In the Divine Comedy it clearly states that the Holy

Spirit is the Husband of the Divine Mother. So it is then that the Holy Spirit in turn divides into His Wife, the Hindu Shakti.

56 Tarot and Kabalah, 1978 ·¶2546

One must know how to understand this. Many, upon noting that the Third Logos divides into the Divine Mother Kundalini, or Shakti, who has many names, have thought that the Holy Spirit is feminine, and have thus been mistaken. He is masculine, but upon dividing into She, the first ineffable divine couple is formed; the Creator Elohim, the Kabir or Great Priest, the Ruach Elohim who according to Moses, cleansed the Waters at the beginning of the world.

57 Tarot and Kabalah, 1978 ·¶2547

Some kabalistic authors assume that Daath, the Sephiroth which gives knowledge and wisdom, comes from the fusion of Chochmah, the masculine Cosmic Christ, with Binah, which they consider to be exclusively feminine. This assertion is absolutely false, because the Holy Spirit is really masculine; it is only upon dividing into the Divine Mother that the perfect pair is formed.

58 Tarot and Kabalah, 1978 ·¶2550

She and He love each other, and as a result of their love, She conceives by work and grace of the Holy Spirit. That is to say, by work and grace of Her husband the Third Logos, the Chris t or Second Logos descends to her immaculate and virginal womb. It must be taken into account however, that although She may be the wife of the Third Logos, within the Third Logos is the Second Logos, and the First Logos also, because from start to finish the logos is triune and indivisible, unitotal and integral. A great deal of subtlety much re finement, much syntheticism and intuition is needed to understand this.

11 First one must work with the Third Logos

The sacred Mysteries of the Logos were known among the Aztecs, Egyptians, Indians, Persians, Romans, and Greeks etc. All the Hebrew paradises are full of "rivers of the pure waters of Life" from which milk and honey and sacred wine flow, delirium of those who drink from them. Really, all those sacred rivers, all those waters of life, all those lakes of the Temples, are symbols of the Christonic Semen which the human being carries deposited in the seminal vesicles. During the esoteric sexual trance, the Sacred Fire of the Holy Spirit fecundates the waters of life so that the Master may come forth. Certainly, the Internal master is the Synthetic Note of all the Notes — He is the God that we carry within! He is the Verb.

This event is repeated in the microcosmos, man. The first to intervene is the Third Logos, fecundating the chaotic matter contained in the semen and in the spinal column, fecundating the Divine Mother, the akashic principle, so that the interior universe, the solar bodies, can be born. Later, the Second Logos is born within the superior existential bodies of the Being in order to labor in the Great Work of the Father.

The Alchemical weddings mean the Perfect Matrimony. The Alchemist must not only kill desire, but also even the very shadow itself of the horrible tree of desire. It will serve no purpose to renounce sex without previously having worked and fabricated the Solar Bodies and achieved the Second Birth; then one renounces it. First one must work with the Third Logos, the terrible Forge of Cyclops; then one works with the Sec ond Logos, Hercules; and lastly with the First Logos. The error of monks and nuns is to renounce sex without having fabricated the Solar Bodies. The result is that they are to be found in limbo, dressed in rags. One must be dressed with the wedding garment in order to be able to enter the kingdom of the Heavens.

12 Mother Kundalini comes to wed the Holy Spirit in the pineal gland

In synthesis, it is right to state that the Sahasrara, the Milupe or Precious Lotus of One Thousand Petals is located in the vertex of the head; it is also right to asseverate that this is the seat of the Holy Spirit; thus, indeed, the Holy Spirit is only waiting for his luminous and extraordinary union with Shakti or Sexual Igneous Force that, as a Serpent of Fire, is dormant and coiled up three and a half times within the lowest of the seven centers. The objective of Yoga is to acquire Liberation with this splendid union.

83 The Solar Bodies, *1968* ·¶*979*

The Kundalini, the Divine Fire, ascends slowly in accordance with the merits of the heart. Those who walk upon the Path of the Razor's Edge know very well by direct experience that the Divine Mother Kundalini, the Sacred Fire, conduces Shiva, the Holy Spirit, to the cerebral centre and finally into the Heart-Temple.

84 Runic Magic, *1969* ·¶*1632*

To fabricate the Solar Bodies is vital, one must work in the Ninth Sphere; one has to descend to the Forge of Cyclops in order to work with the Water and the Fire. The creative energy is the Holy Spirit. Vulcan is the Third Logos, the sexual force, Shiva. The Sacred Fire is "She", the Igneous Serpent who rises through the spinal column, is Mother Kundalini. She is united with her husband in the pineal gland. The Third Logos, the Holy Spirit, the Eternal husband is he who fecundates the Divine Mother Kundalini, the root of the Monad, Mother Space.

This Arcanum represents a crown with many radiations, this is the Sahasrara Chakra, located in the pineal gland. When the Sacred Fire of Kundalini reaches the pineal, it puts in motion that 1,000 petalled lotus. In looking at the matter more deeply, we must know that Mother Kundalini comes to wed the Holy Spirit in the pineal gland. The Holy Spirit is the Third Logos, or Vulcan of

Greek mythology; in Tibetan, the Mahachoan. Kundalini develops, evolves and progresses within the aura of the Mahachoan. So it is then, that in the pineal gland the sacred tattwa of Shiva Shakti vibrates intensely, that is to say, the Divine Mother Kundalini and the Third Logos. (Tattwa is the vibration of ether.) Absolute sanctity cannot be attained until completely finishing with the three traitors who assassinated Hiram Abiff. He is the Master-builder of the Temple of Solomon.

This means coming out triumphant from all the temptations offered by the dragon, to come out victorious, to eliminate the ego, to disintegrate all the psychic aggregates that constitute the ego, to reduce to cosmic dust all the memories of desire, etc., etc. Indubitably, after having been devoured by the serpent, we become transformed into serpents; later the eagle, the Third Logos, the Arch-hierophant and the Arch-magus, our Real Being, the secret Master, swallows the serpent; then we are converted into plumed serpents, into the Mexican Quetzalcoatl, into the Mahatma and the work is carried out. On arriving at these transcendental heights of the Being, to these inner reevaluations, the reflection of the Logos, his own shadows within ourselves, the Devil, returns to the Logos, it mi with him, it fuses with him, because in the

13 The Magnum Opus is the science of sexual transmutation

Christic esotericism is based in the profound mysteries of sex, within which lies the power of the Sacred Fire of the Holy Spirit. All authentic Christianity has its roots in the Sacred Order of Melchizedek, King of the Fire, who remains a Priest forever.

91 Christmas Messages ·¶69

Nobody can enter into Eden through false doors. The Law is the Law. We came out through one door and only through that door can we enter again. This is the Law. The Magnum Opus is the science of sexual transmutation. We must make the energy of the Third Logos (the Holy Spirit) return in ourselves inwardly and upwardly. Thus, this is how we convert ourselves into Gods.

Black Magic! Fornication! Repugnant Misery! We, the Investigators, were able to see that irredeemable Fornicators, in their last reincarnations, pay the Karma of the most atrocious misery, the most disconcerting and horrible misery. Everyone who ejaculates his Seminal Liquor, even if he is married, is a Violator of the Law, he is a Fornicator! Therefore, the last Reincarnation of every Fornicator in which he enters the Abyss, is the most frightening and of terrible misery. In the Orient, the Abyss, or the Atomic Infernos of Nature, are known by the term of Avitchi. Fornicators sink into those tenebrous regions after their last reincarnation filled with the most repugnant indigence ever known by the Human generation. All sins will be forgiven EXCEPT the sin against the Holy Spirit! The Sexual Energy is the Creative Energy of the Third Logos. The Third Logos is the Holy Spirit. The Third Logos radiates his Energy in the fundamental vortex of every Nebula, in the center of the tiniest atom, in everything that comes to Life. In the human being, the Energy of the Third Logos is the Creative Power of Sex. When the Human being dedicates himself to Fornication, then that Energy is exteriorized OUTWARDS and DOWNWARDS, linking him to the Tenebrous Powers and to the Avitchi... We should work in the laboratory of the Holy Spirit (Sex), to transmute the

Creative Power into Light and Fire. We should cause the Energy of the Third Logos to flow INWARDS and UPWARDS, to awaken our divine and ineffable Creative Powers. That is the MAGNUM OPUS! Fornicators become indigenous and miserable shadows... Next, they sink into the frightening Abyss!

Master: Well, the flaming sword is handed over to the Initiate for his defense. It represents will. It is the result of the transmutations of the creative energy of the Third Logos. The Solar Fire, that which the Orientals call Kundalini, unquestionably ascends through the spinal cord canal of the Gnostic ascetic. In any case, the Gnostic ascetic who has achieved the development of the Igneous Serpent of our magical powers, is granted the sword, symbol of the will. That sword is carried by the Initiate at the belt, not to the left as it is used here in the physical world, but to the right as it is used in the Superior Worlds. Let us distinguish between sulfur, mercury and the sublimated salt –which form a swirl of forces ascending through the spine of the Gnostic ascetic– and the flaming sword. That is all.

The fire of the Holy Spirit is the flame of Horeb... The Fohat lives within our testicles (ovaries) and it is only a matter of putting it into activity, by means of Sexual Magic, that will convert ourselves into Gods… into Devas, into divine and ineffable beings.

It is the sacred flame of the temple, ignited by the vestals... It is the flame of triple incandescence... It is the chariot of fire on which Elijah went up into heaven.

103 The Revolution of Beelzebub, 1950 ·¶43

The Kundalini is the sexual fire. The Kundalini is the fire of the Holy Spirit The Kundalini is the flaming sword of the Cherubim that guards the entrance to Eden. This is why in the masterpiece titled "The Gnostic Church", Master Huiracocha says that we should take advantage of the medulla and the semen to the maximum, because therein lies the redemption of man. Referring to the semen, the Master says in "Esoteric Rose": "Raise well thy cups, and be careful of not spilling even a single drop of thy precious liquid".

In fact, fire has many modifications, but of all the Fires, the most powerful is the one that blazes before Ahura Mazda (the Solar Logos), forming his divine halo. This fire is the result of the transmutation of the sexual secretions. This is Kundalini the Igneous Serpent of our Magical Powers, the Fire of the Holy Spirit.

105 The Perfect Matrimony, 1950 ·¶1495

Kundalini is the fire of the Holy Spirit. Kundalini is a liquid fire of a purely spiritual nature. Kundalini is the igneous serpent of our magical powers. Kundalini is found enclosed within a membranous pouch that is nourished by the rays of the sun and of the moon. This membranous pouch is found concentrated within the coccygeal bone.

106 Occult Medicine and Practical Magic, 1955 ·¶572

The fire of the Holy Spirit and the Kundalini are the same. The difference between the Kundalini and the Holy Spirit is just a circumstance of names. In the east, the sexual force is called Kundalini and in the west it is called the Holy Spirit. Yet, it is the same sexual fire which is enclosed within the membranous pouch in the coccyx. The secret in order to awaken the Kundalini (fire of the Holy Spirit) lies in the following prescription: Introduce the virile member into the feminine vagina, then, withdraw without spilling the semen (without reaching the orgasm). This is what is called sexual magic and it is mandatory for the Gnostic Medic to practice sexual magic daily, in order to transmute his semen into divine energy. Thus, the fire of the Holy Spirit or Kundalini awakes with this prescription, because this fire rips the membranous pouch in which it is enclosed. Then, it ascends upwards through a canal which is situated within the spinal medulla. This canal is called Shushumna in the east. Such a canal remains closed in the common and current people. However, the seminal vapors open it and expose it, so that the Kundalini can enter through its inferior orifice, in order to ascend upwards through a thread which is situated in the center of such a canal.

In the Mysteries of Eleusis there was naked dancing, ineffable things. Sexual Magic was the fundamental basis of those mysteries. In those days nobody thought indecent things because they profoundly venerated sex. Initiates know that the Third Logos works within sex.

In the second triangle Chochmah, the Cosmic Christ. the Second Logos, has His centre of gravity in the Human Soul, Tiphereth. In the third triangle, Jesod becomes the centre of gravity of the Holy Spirit, the Third Logos. It is through that sexual force that life arises, that the human body arises, and all of the organisms which have life. Malchuth is already the physical world, it could not exist without the presence of sex due to the fact that we are all children of a man and a woman. Thus, Jesod is the foundation of the Third Logos, the centre where the sexual force of the Third Logos gravitates.

Thus it is that the Bons are extreme, either they go for the Being or they do not. They work in the interests of Self-Realisation or they decide to remain without SelfRealisation; they must define themselves one way or the other. There, everything is violent, for which reason H.P.Blavatsky judged them to be Black Magicians. However, when one studies the Tantrism of the Bons, one realises that it is white, not black, but white. They transmute the sperm into energy in order to attain deep Self-Realisation. Jesod is lunar, and this we cannot deny. In Gnostic esoterism a woman is shown, a divine ineffable Virgin, dressed in a blue tunic, and standing upon the Moon. One must know how to understand this; that Moon represents the Sephiroth Jesod, which symbolises the sexual force, and the tunic of a blue colour represents the night, during which the Great Mysteries of Life and Death unfold. Only at night does one work with the creative energy of the Third Logos. The work in the Laboratorium of the Holy Spirit must be done in the nocturnal hours. The Sahaja Maithuna must only be practised in the darkness of night, because during the day, the Sun is opposed to generation.

The splitting of the seminal atoms results in an internal voltage which releases a solar substance known in India by the sacred name of Devi Kundalini. This fiery, electronic substance rises through the spinal canal, along the spine, transforming molecular matter into the electronic, solar, spiritual soul. This electronic material is the fire of the Holy Spirit. The slow death of the soul disperses the Holy Spirit. The Holy Spirit is the Third Logos. The Holy Spirit is the sexual energy. We need to build spirit and this is only possible by working with the sexual fire of the Holy Spirit. We need to convert the soul into spirit, and we need to work with the solar substance in order to achieve union with the Holy Spirit, so that the Divine Spirit may be born within us.

That reed is our spinal column. Along that reed there is a canal and through it ascends the fire of the holy Spirit from our sexual organs. That Pentecostal fire resembles an ardent and terribly divine serpent. What is important is to know how to love the woman. What is important is to withdraw from the sexual act without spilling the semen. This is how the fire of the Holy Spirit is awakened. This is how the ardent serpent of our reproductive organs rises. There is nothing more sublime than love, the kiss, and the sexual act. When we do not spill the semen, the latter is then transmuted into seminal vapors. The seminal vapors are transmuted into energies. The sexual energies are bipolarized into positive and negative; the positive ones are solar and the negative ones are lunar.

This precious feathered (quetzalhi) serpent is enclosed within our seminal glands and can only awaken and rise within the amorous magic's influx. If the man and woman knew how to withdraw before spasm, if in those moments of delicious enjoyment they had the strength of will to dominate the Animal Ego, and then were able to withdraw from the act without spilling the semen, neither within the womb, nor without, nor to the side, nor in any part, they would have performed an act of Sexual Magic. This is what is called in occultism the Arcanum A.Z.F. With the Arcanum A.Z.F. we can retain all of that marvelous light, all those cosmic currents, all those Divine powers. Then Kundalini awakens, the sacred Fire of the Holy Spirit within us, and we are transformed into Terribly Divine Gods. But when we spill the se men, the cosmic currents are lost within the universal currents and the Luciferic forces of evil, the fatal magnetism, a sanguineous light, penetrates the Souls of the two beings. Then Cupid withdraws, weeping, the doors of Eden close, love becomes disillusionment, disenchantment arrives, and only the black reality of this valley of tears remains. And thirdly: The person who fornicates sins against the Holy Spirit, which is the sexual fire, the fountain of life, and sins against the Sixth Commandment (You shall not fornicate). That is why Saint Paul says in I Corinthians 6:18: "Flee fornication. Every sin that a man doeth is without the body; but he that committeth fornication sinneth against his own body." That is why fornication is the worst of sins. It blocks us, it closes the door that leads us to our own christification. The door which we must enter is sex. Remember that the Christ said to us: "I am the way, the truth and the life no man cometh unto the Father, but by me." (St. John 14: 6). That is also why the ascent, or the rising of the Sacred Fire or the Holy Spirit is reigned or determined by the merits of the heart. The dwelling of the Father is in the head, in the highest place. The house of the Son is in the middle, in the heart. The house or dwelling place of the Holy Spirit, which is the sexual fire, is in the coccygeal bones, the sacral bones, and right in front of the guarded entrance where Jehovah placed the Angel with the sword of lire, after throwing man out of paradise.

Master: How does it disappear in the adulterer, the one who has it here? Well, by dissolving the "I's" of adultery and paying the corresponding karma, because, unquestionably, all classes of sins will be forgiven except the sin against the Holy Spirit –sex is the force of the Holy Spirit–. Any offense against the Holy Spirit is not forgiven.

19 The enemies of the Holy Spirit are people of the abyss

These false yogis have ended the happiness of many homes; they believe that they can enter Eden through false doors; they have caused many virtuous wives to acquire disgust and repugnance for sex. This is how these personages have ended the happiness of many homes, thus insulting the Holy Spirit.

146 The Greater Mysteries, 1956 ·¶557

The struggle of many monks, nuns, anchorites, pseudo-yogis etc., etc., to entrap sex in their religious fanaticism, to confine it in the prison of their penitences, to muzzle it or sterilize it, to prohibit all creative manifestation etc., etc., converts the fanatic into a slave of his own passions, into a slave of sex incapable of thinking of any thing other than sex. Such people are sexual fanatics, the degenerates of infrasexuality. These people discharge themselves every night with revolting nocturnal emissions, or contract homosexual vices, or masturbate miserably. To want to imprison sex is like wanting to trap the Sun. A man like this is the most abject slave of sex, and with neither benefit nor real pleasure. A man like this is an unhappy sinner. A woman like this is a sterile mule, a vile slave of that which she wants to enslave (sex). The enemies of the Holy Spirit are people of the abyss. For these people it would have been better had they not been born, or had a rock been tied to their neck and thrown to the bottom of the ocean.

147 The Perfect Matrimony, 1950 ·¶270

In this chapter we have made statements that infrasexuals mortally hate. They in fact really consider themselves to be suprasexual, supertranscendent. Infrasexuals believe themselves to be more perfect than the Third Logos, and they have no trouble affirming that sex is somethings gross, filthy materialistic. Infrasexuals ignore that sex is the creative force of the Holy Spirit, without which they will never reach Intimate SelfRealisation. Unfortunately, they insult the Third Logos and His marvellous sexual force. For the infrasexual, the divine sexual force of the Holy Spirit is something sinful, gross and material.

The Caucasian sect is of Lilith, it abhors the Third Logos, the Holy Spirit. You see how the hatred of sex rejects the Philosophical Stone. This is absurd, yet nonetheless they believe that they are right. The authorities intervened in the matter of another sect where each year a man was crucified to death in memory of the great Master. This type of barbarism is of the Age of Pisces.

Really, the body of the Abstract Mind is converted into the Fire of Pentecost when inundated with fire by means of sexual magic. It utters ineffable things in all the languages of the world within the speechless human who is inebriated with the Holy Spirit. It is what the Holy Gnostic Bible textually states: And when the day of Pentecost was fully come, they were all with one accord in one place. And suddenly there came a sound from heaven as of a rushing mighty wind, and it filled all the house where they were sitting. And there appeared unto them cloven tongues like as of fire, and it sat upon each of them. If, being outside of the body, we invoke with a pure heart the Virgin of Carmel, then, the Divine Mother of the Nazarene will attend our call and we can converse with her. And if, being outside of the body, we invoke the Angel Gabriel, asking him for the Annunciation, then he can tell the husband and wife on which day and at what hour they can make love. And in this way women can conceive their children through the work and grace of the Holy Spirit, that is to say , by command of the Holy Spirit.

These two syllables have the power of making the sexual energy intensely vibrate. Thus, the disciple must fall asleep while vocalizing with tranquility in his bed. Thus, this is how the sexual energies, the creative energies of the Third Logos begin to vibrate when the student vocalizes these two syllables.

“Ask with all of your heart that the sacred fire of the Holy Spirit may descend upon you.” (Read Luke 11:13).

❦

It is necessary to invoke the forces of the Holy Spirit during Sexual Magic. It is urgent to call the forces of the Christ so that they give rise to the birth of the

Christ Astral in the depths of our interior universe. It is indispensable to ask the forces of the Father for assistance with our mind. We need to engender the Christ Mind. The physical, astral and mental vehicles must become fine instruments of the Spirit.

224 The Perfect Matrimony, 1950 ·¶1724

The powerful mantram 'AUM' is in itself a terribly divine creation because it attracts the forces of the very beloved Father, of the very adored Son and of the very wise Holy Spirit.

Hail Sacred Swan! Miraculous Hamsa. Hail Phoenix Bird of Paradise! Hail Immortal Ibis! Dove of the Grail. Creative Energy of the Third Logos! (Gnostic Ritual).

IAO is the fundamental mantra of the Sahaja Maithuna. Chant each letter separately while in the Laboratorium Oratorium of the Third Logos (during the sacred copulation)... The sexual transmutation of the Ens Seminis into creative energy is a legitimate axiom of Hermetic Wisdom.

227 Parsifal Unveiled, 1970 ·¶909

Gnostic man should personify SHIVA (The Holy Spirit) during the SAHAJA MAITHUNA (Sexual Magic), he should feel flooded with this marvellous strength from the Third Logos.

I. A. O. (pronounced Eeeeeeeee, Aaaaaaagh, Ooooooooh) is the basic mantra fundamental to the SAHAJA MAITHUNA, intone each letter separately, prolonging its sound when working in the laboratorium oratorium of the THIRD LOGOS (in full metaphysical intercourse).

29 This rite should be established in all the Gnostic sanctuaries

The Aztec virgin's skirt is made up of serpents; on her chest she has one that represents death; we have to die in order to live; we have to lose it all in order to win it all. In the temple of the serpents, called the Temple of Quetzalcoatl, the Holy Spirit was adored. Before sunrise, a priest wearing a robe and a black, white and red mantle, poured powdered seashells into charcoals of fire; for this he used white, black and red seashells. The white is the pure Spirit, the black symbolizes the fall of the Spirit into matter, and the red is the fire of the Holy Spirit, with which we return to the whiteness of the pure Spirit. This incense rose up to heaven, the priest prayed for life and the plants bloomed, because the Holy Spirit is the sexual fire of the universe. The rite was verified in the Temple of Quetzalcoatl before sunrise, because the holy Spirit is the maker of Light; the priest vocalized the mantrams IN EN.

230 The Greater Mysteries, 1956 ·¶894

Jonah, the prophet, also verified the rite of the Holy Spirit in exactly the same way as the Aztecs and he used the same garments and aromatic substances.

231 The Greater Mysteries, 1956 ·¶895

He also vocalized the mantrams IN EN when he poured the aromatic substance into the fire. This rite should be established in all the Gnostic sanctuaries. The seashells related to the water of the sea and water is the dwelling of the Holy Spirit. Therefore, seashells are the perfect aromatic substance of the Holy Spirit. The mother or the Holy Spirit gives us power and wisdom.

232 The Greater Mysteries, 1956 ·¶896

Reduce black, red and white seashells to powder. This Aztec smoke offering is utilized for the cult of fire. These powders are the perfect smoke offering for the cult of fire. The mantras IN EM must be pronounced when spreading these powders onto the flaming embers. Then we pray to the Holy Spirit with a prayer that comes from within our heart; this is how we illuminate ourselves with the sacred fire. Practice this cult daily in your homes and in your

sanctuaries at sunrise. The Aztecs practice this cult in the temple of Quetzalcoatl in Teotihuacan at sunrise. Jonas the biblical prophet also practiced this rite and he utilized the same Aztec smoke offering. The elder Aztec priests practiced this rite of the fire while wearing tunics woven out of red, black and white thread as sacred vestures, and they covered their heads with similar mantles. The seashells are within the water and the water is indeed the habitat of the sacred fire. The seashells and the fire are found intimately related. We must warn the students that the seashells only serve for this rite.

30 The fire of the Holy Spirit descends from heaven

While resting on your bed, dorsal decubitus (on your back, facing up), relax all of the muscles in your body, from the tip of your feet until the top of your head and make your mind blank for ten minutes. Afterwards, imagine that through your pineal gland (located almost exactly in the middle of your brain), the fire of the Holy Spirit descends from heaven and enters into your body and revitalizes the marvelous Chakra of this gland. Imagine that this Chakra shines with its twelve central golden petals, an infinite number of multicolored petals are in the background, multicolored rays of light, petals of a marvelous lotus flower that moves from left to right (clockwise), as in a fiery whirl. This exercise must last for one hour and must be performed before you fall asleep.

234 Aztec Christic Magic, 1973 ·¶54

Lie down on your bed and with all the muscles of your body relaxed, slumber while thinking that the fire of the Holy Spirit continues to descend from heaven (as in the former practice) and enters into your head through the pineal gland. Feel that such a fire inundates your brain and puts into motion from left to right (clockwise) the marvelous and bi-colored lotus flower of your pituitary Chakra, the eye of the Prophet. The pituitary gland is situated in the mid-brow. See it fill with fire and spin upon itself. While in that state of consciousness, vocalize the syllable IN, as follows: IIIIIIIIIIIIIIIIIIIIIIIIINNNNNNNNNNNNNNN Feel as if you are floating on an ocean of fire. This exercise must last for about 30 minutes and must be performed before going to sleep; if possible perform it at the same time everyday, while lying down on your bed.

235 Aztec Christic Magic, 1973 ·¶71-73

While resting on your bed, dorsal decubitus (on your back, facing up), imagine feeling the fire of the Holy Spirit descending from heaven and entering into your head through the pineal gland, thereafter, passing in between your eyebrows into your pituitary gland and making that lotus of fire spin from left to right (clockwise). Then feel the fire continuing to descend into your larynx, where the lotus of fire of your thyroid gland is made to spin as if it were a disc that rotates from left to right (clockwise). Keep feeling the fire descending and

reaching your cardiac gland, see how it lights its twelve golden color petals, the fire charging and making your marvelous lotus of this psychic center spin from left to right (clockwise). See it fill with a luminous and resplendent fire. While in this state of consciousness, fall asleep while thinking of your Innermost, your internal God, Quetzalcoatl. Worship him, adore him and ask him for his guidance and help. Afterwards, chant the syllable ON as follows: OOOOOOOOOOOOONNNNNNNNNNNNNN Pronounce this syllable three times and fall asleep.

236 Aztec Christic Magic, 1973 ·¶147-149

In the last chapter we left the sacred fire of the Holy Spirit spinning the fiery lotus of your cardiac gland from left to right. Now, see and feel the fire descend into your solar plexus (which is situated a little bit above of your navel) and make your fiery lotus, of that gland, spin from left to right (clockwise). That lotus has ten petals: five of a red dirty color which alternate with five of a dark green color. See it luminous and resplendent while chanting the following syllables: IN: IIIIIIIIIIIIIIIIIIIIIIIIIIIINNNNNNNNNNNNN EN: EEEEEEEEEEEEEENNNNNNNNNNNNN ON: OOOOOOOOOOONNNNNNNNNNNNN While praying, ask your internal God for the realization of your most noble longings thus fall asleep.

237 Aztec Christic Magic, 1973 ·¶190-194

Before falling asleep, lay down on your bed and perform the following for no less than thirty minutes each day for at least seven days: feel that the sacred fire of the Holy Spirit is penetrating your body through the pineal chakra. Thus during its descent, your pituitary, laryngeal, cardiac and solar chakras will be put into motion accordingly; keep descending towards your prostatic (uterine) chakra making it spin from left to right (clockwise), thus making it shine with a beautiful resplendence of a lotus of fire in movement.

238 Aztec Christic Magic, 1973 ·¶226

In the former chapter we left the sacred fire of the Holy Spirit making the lotus of your prostatic (uterine) chakra spin from left to right (clockwise). Now feel and see with your imagination that the fire continues descending and reaches the coccygeal ganglion of your chakra Muladhara and makes this marvelous lotus of four petals (of a red-dirty color), that you have in such ganglion, spin always from left to right. See the sacred fire of the Holy Spirit with a radiant luminosity, irradiating fire throughout all of your seven principal chakras which rotate upon themselves as fiery lotus flowers whose stalks sprout from your vertebral column numbers had among them.

239 Aztec Christic Magic, 1973 ·¶247

The canals through which the seven fiery serpents ascends to the brain are: Shushumna, this is a septuple canal which extends itself throughout the middle of the spinal medulla up to the pituitary gland; Ida, a very fine canal that is located at the left side of the spinal medulla and Pingala that is located at the right side of it. Through them rises the sacred fire of the Holy Spirit to the pituitary.

240 Aztec Christic Magic, 1973 ·¶289

Take that comfortable position that we formerly advised you about to perform your meditation. After having placed your mind in a blank state, concentrate on the sacred fire of the Holy Spirit and see with the eyes of your soul that this fire arises from your prostatic (uterine) chakra towards your solar plexus, and at the same time through Ida and Pingala which are located on either side of your spinal medulla. This exercise must endure for at least thirty minutes daily and must be performed at the same hour. If you want success with these studies, you must neither drink alcohol, nor smoke, nor eat too much red meat. Do not worry; cultivate the habit of being happy.

241 Aztec Christic Magic, 1973 ·¶290-291

Editor's note. In his later teaching the Master makes this plain: pranayama, mantras and chastity purify the channels and sublimate the sexual energy, and single people should practise them, but the Kundalini itself awakens only through the sexual work of the couple (Maithuna). See The Solar Bodies (1967–68), ch. 25, and Tarot and Kabbalah (1969), Arcanum 11.

Affirm yourself in that state of consciousness saying seven times: "I am He," and feel that the sacred fire of the Holy Spirit detaches from your Solar Plexus (where you left it in the practice of the former chapter) and arises towards your heart where it becomes united with your Innermost, the true you. Your Innermost and your Internal Christ are oneself.

242 Aztec Christic Magic, 1973 ·¶315

From now on you have to have upright behavior so that your Internal Christ can express himself through you. Your thoughts, words and acts will only be inspired by truth, love and justice. During the practice of your daily meditation, see that the sacred fire of the Holy Spirit that was detached from your spinal medulla to put in motion the marvelous lotus of twelve petals of your cardiac chakra, is now detaching towards the no less marvelous lotus of sixteen petals of your creative laryngeal chakra and putting it into motion from left to right (clockwise). Now, whether, after you get up in the mornings or in the nights before going to sleep, you have to concentrate on your laryngeal chakra for more than half an hour.

243 Aztec Christic Magic, 1973 ·¶338

Sit down; while in a meditative attitude, see and feel that the sacred fire of the Holy Spirit continues rising from the laryngeal chakra up to the portentous chakra of your pituitary gland (the eye of the Prophet situated between your eyebrows) and that the fire lights and is in motion from left to right (clockwise); this is your bicolor lotus with two very fine petals which look like arrows and whose lotus center has a very tiny little navel. The chakras are points of connection through which the divine energy circulates from one to another

vehicle of the human being. These shine deadly in the human being who is not spiritually developed; yet, in the Initiate, they shine effulgently like small suns that spin upon themselves. From now on, concentrate in the Chakra Ajna during your moments of meditation.
