1 The Kundartiguador Organ is the tail of Satan

The tail of the Demon (the Kundartiguador) is a prolongation of the astral counterpart of the coccyx and is the result of the movement of the serpent, downwards, towards the earth.

The Revolution of Beelzebub, 1950

Luzbel is a great hierarch of the black lodge. He wears a red cape and a tunic of the same color. His tail or Kundartiguador is extremely long, and he carries at the end of it a coiled papyrus on which is written the science of evil. The tail of the demons is formed when the current of the Kundalini is directed downwards, towards the infernos of the human being. Therefore, this tail is nothing else but the Kundalini itself, that has departed downwards from the coccyx.

The Revolution of Beelzebub, 1950

07

Much has been said about the Sacred serpent, yet, now we are going to clearly talk about the Kundartiguador Organ. All of the efforts made by Prophets, Avatars and Gods in order to end the harmful consequences of the Kundartiguador Organ have been in vain.

Christmas Messages, 1952-66

07

It is necessary to know that the Kundartiguador Organ is the negative development of the fire. This is the descending serpent, which precipitates itself from the coccyx downwards, towards the atomic infernos of the human being.

Christmas Messages, 1952-66

07

The Kundartiguador Organ is the horrifying tail of Satan, which is shown in the 'body of desires' of the intellectual animal, who in present times is falsely called man.

Christmas Messages, 1952-66

07

The Kundartiguador Organ is the tail of Satan. It is the sexual fire descending from the coccyx downwards towards the atomic infernos of the human being.

Christmas Messages, 1952-66

07

When the serpent descends from the coccyx downwards, then it becomes the tail of Satan. This descending serpent is the horrible tempting serpent of Eden.

The Aquarian Message, 1960

07

It is urgent to know that the Kundartiguador Organ is the Tempting Serpent of Eden, the sacred Fire projected downwards, Satan's tail whose root is in the coccyx. The abominable Kundartiguador Organ fortifies the Lunar Bodies and the Ego.

Esoteric Treatise of Hermetic Astrology, 1967

07

When the Electronic Sexual Fire is directed downwards into the Atomic Infernos of the human being, it becomes the Abominable Kundartiguador Organ, the Tail of Satan.

The Solar Bodies, 1968

07

Have you ever heard about the tail of Satan...? It is actually the sexual fire when projected from the coccyx downwards, towards the atomic infernos of the human being. Such a Luciferin tail is found controlled by a malignant atom from the Secret Enemy. Occult anatomy teaches that such an atomic demon is found located in the magnetic centre of the coccyx.

Runic Magic, 1969

07

He appeared very satisfied with the abominable organ Kundartiguador, the satanic, magic, terrible tail, the sexual Fire projected from the coccyx towards the atomic hells of man, sequence and corollary of the black tantrism.

The Three Mountains, 1972

07

When the Igneous Serpent rushes downwards from the coccygeal bone to the atomic infernos of man, it is the abominable kundartiguador organ.

The Secret Doctrine of Anahuac, 1974

2 An Electronic Sexual Luciferic Fire that descends from the Coccygeal Bone

In our former chapter we talked about the Abominable Kundartiguador Organ or Tail or Satan. We clearly stated that it is an Electronic Sexual Luciferic Fire that descends from the Coccygeal Bone (situated at the base of our dorsal spine.) This Electronic Sexual Luciferic Fire is projected downward into the Atomic Infernos of the human beings we stated that due to a lamentable mistake made by certain sacred individuals in times of yore, humanity developed the Kundartiguador Organ which later fortunately vanished from humanity.

The Solar Bodies, *1968*

Now, the electronic sexual fire (which was mistakenly projected towards the Atomic Infernos) looks like a serpent, which is coiled up three and a half times within a certain magnetic center (situated in the coccyx).

The Solar Bodies, *1968*

07

It is clear that in its positive aspect, the electronic solar fire can guide us to "Final Liberation"; however, not a single human being is free from the negative flames or from the Kundartiguador fire.

The Solar Bodies, *1968*

07

If we comprehend that he is Mara, Lucifer, the blind Fohatic force from the abominable Kundartiguador organ, or the sexual negative fire which is the father of the Three Furies, then we are not mistaken.

Runic Magic, *1969*

07

I want to refer to Lucifer, the tempting serpent of Eden, that fatal Fohatic force that when developed within the human being converts itself, as a fact and by its own right, into the abominable Kundabuffer organ (the tail of Satan).

My Return to Tibet, *1969*

07

The fire of the abominable Kundartiguador organ, the negative fire that burns in the atomic infernos of the intellectual animal, mistakenly called human being, would have annulled every intent of psychic crystallization.

Pistis Sophia Unveiled, 1983

07

You could tell me: "Well, but what does the solar plexus have to do with the sexual energy?" and that would be a correct objection. I clarify: seminal vapors, Hydrogen Si-12, rise in our sexual glands, and the antithesis, the antithetic fire, the sinister fire of the abominable Kundartiguador Organ also rises from our sexual organs. These substances accumulate in the plexus, and it is by means of these substances – Hydrogen Si-12 and fatal negative fire– that the ghost of anger, such as we have felt it, takes shape in the ideoplastic.

The Fifth Gospel ·Gnostic Meaning of the Golden Embryo ·*Third Chamber – Mexico City – 1971*

3 The one that goes up and the one that goes down

If the serpent ascends, then we are Gods, but, if the serpent descends, then the tail of the Demon is formed in us, and we become demons.

The Revolution of Beelzebub, 1950

The Kundalini of the angel goes upwards, yet, the demon's Kundartiguador goes downwards.

The Revolution of Beelzebub, 1950

07

In White Tantrism, the igneous serpent of our magical powers is raised victoriously in the spinal canal. The igneous serpent of Black Tantrism descends into the atomic infernos of man and becomes the tail of Satan.

Christmas Messages, 1952-66

07

When the serpent ascends, it fortifies the soul, strengthening it, filling it with all the powers of the Holy Spirit. When the serpent descends, it kills the soul and strengthens, fortifies and fills the dark powers of Satan. Thus man becomes a dreadful, awful beast and is precipitated into the Abyss.

Christmas Messages, 1952-66

07

There are two Serpents, the one that rises through the medullar channel, and the one that descends. In white magicians the Serpent rises because they do not spill the semen. In black magicians the Serpent descends because they do spill the semen.

The Perfect Matrimony, 1966

07

We convert ourselves into Angels when the Serpent rises through the Medullar Canal. However, we convert ourselves into Terribly Malignant Lunar Demons when the Serpent descends, when the serpent precipitates from the coccyx downwards into the Atomic Infernos of the Human Being.

The Solar Bodies, 1968

07

The rising Serpent is the Kundalini. The falling Serpent is the Abominable Kundartiguador Organ.

The Solar Bodies, 1968

07

The key is found in the Sacred Serpent, in the cock who represents the IAO., the Verb, the word. There is the tempting serpent of Eden, the serpent of darkness which forms the horrible tail of Satan; and there is the serpent of copper which Moses entwined upon the Tau, that is to say, the Sexual Lingam; that which healed the Israelites in the desert; the dozing serpent, coiled three and a half times in the Church of Ephesus. The serpent must come out of its Church in the Muladhara Chakra and ascend through the spinal column in order to convert us into angels. If it descends towards the Atomic Infernos of Man we then become demons. Now you will understand why the serpent of the Caduceus is always double.

Tarot and Kabalah, 1978

07

The key is found in the serpent. The legs of the rooster of the Abraxas form a double tailed and headed serpent. There exists the tempting serpent of Eden and the bronze serpent of Moses entwined around the Tau, that is to say, entwined around the sexual lingam—the lingam is the phallus; the yoni, the uterus. The serpent is normally enclosed in the Muladhara Chakra, the Church of Ephesus. She slumbers in that center, coiled three and a half times. The serpent must inevitably come out of her church. If the serpent rises up through the medullar canal, we are transformed into angels; if it descends to the atomic infernos of man, then we are transformed into demons. Now you will comprehend why the serpent of the caduceus is always double. The sexual force is the hyle of the Gnostics. If the student spills the Glass of Hermes during his practices with the Arcanum A.Z.F., he then commits the crime of the Nicolaitanes. They used this system to make the serpent go down. Man is converted into a demon in this way.

Esoteric Course of Kabbalah

07

It is good for you to know that there are two serpents: the one that goes up the spinal cord to the brain and the one that falls from the coccyx toward the atomic infernos of man. The first is called Kundalini; the second, the abominable Kundabuffer Organ.

The Fifth Gospel · **The Wonders of Awakened Consciousness** · *Public Lecture – 1975*

07

There are two serpents: the one that goes up and the one that goes down. The one that goes up is the Kundalini. She makes her way through the Sushumna canal along the spinal cord, she arrives at the brain, and subsequently at the heart. The other, the one that descends, precipitates itself from the coccyx to the atomic hells of man: it is the abominable Kundartiguador Organ. If the abominable Kundartiguador Organ –or the Python serpent that drags itself through the mud of the earth– really had the power to make us fall into error, the other, the ascendant one, is different: it has the power to free us from error.

The Fifth Gospel · **Work Taste and Life Taste** · *Third Chamber – Mexico City – 1976*

4 The horrible Python serpent with seven heads

The sexual force has two poles: positive and negative. The positive is the serpent of bronze, which was healing the Israelites in the wilderness. The negative is the tempting serpent of Eden.

The Revolution of Beelzebub, 1950

There are two serpents: one is the tempting serpent of Eden, the other is the copper serpent which healed the Israelites in the desert. The serpent which acends is the serpent that is found coiled around the rod of Aesculapius, the God of Medicine. The descending serpent is the Python, which crawled in the dust of the ground and was angrily struck by Apollo's arrows.

Christmas Messages, 1952-66

07

29. When the serpent ascends, it represents the bronze serpent (Kundalini) that healed the Israelites in the wilderness.

Treatise of Sexual Alchemy, 1954

07

32. "And the Lord Jehovah said unto the serpent, because thou hast done this, thou art cursed above all cattle, and above every beast of the field; upon thy belly shalt thou go, and dust shalt thou eat all the days of thy life." (Genesis: 3: 14)

Treatise of Sexual Alchemy, 1954

07

30. When the serpent descends it signifies the tail of Satan (Kundartiguador). Such a tail is the tempting serpent of Eden, the horrible Python serpent with seven heads that the enraged Apollo wounded with his darts.

Treatise of Sexual Alchemy, 1954

07

This Super Astral Light is the first light of Creation. It is the primordial Elohim. The Super Astral Light has two poles: one positive and the other negative. The positive pole is the Bronze Serpent (Kundalini) that healed the Israelites in the

wilderness and the negative pole is the tempting serpent of Eden (Kundartiguador).

Treatise of Sexual Alchemy, 1954

07

The negative pole (Kundartiguador) is the fire of fornication that converts us into Demons.

Treatise of Sexual Alchemy, 1954

07

When the Serpent is rising throughout the Medullar Canal, it is the bronze serpent that healed the Israelites in the wilderness. Yet, the falling serpent is the tempting serpent of Eden, the terrible serpent Python with Seven Heads which was writhing in the mud of the earth and which Apollo furiously hurt with his darts.

The Solar Bodies, 1968

07

There exist two serpents: the first (the one of white tantrism) is the bronze serpent that cured the Israelites in the desert, victoriously ascending through the spinal canal. The second is the tempting serpent of Eden, the horrible Python, that dragged itself through the mud of the Earth and which Apollo, irritated, wounded with his darts. The first, the bronze serpent, the ascending fire, has the power to awaken the chakras of the dorsal spine; it opens, let us say, the seven Churches of the Apocalypse of St John, and transforms us into terribly divine Gods.

Yes, There Is a Hell, a Devil and Karma, 1973

07

We must make a distinction between the tempting serpent of Eden and the Serpent of bronze that healed the Israelites in the desert, between the horrifying Python that crawled in the mud of the earth and was wounded in anger by Apollo's darts, and the other one that ascended up Aeschalapius' staff (the god of medicine).

The Secret Doctrine of Anahuac, 1974

07

The tempting serpent is the antithesis of the serpent of brass, which is entwined in the generator Lingam.

Pistis Sophia Unveiled, 1983

07

In the Genesis the tempting serpent of Eden appears, the horrible Python, with seven heads that dragged itself through the mud of the earth and that Apollo, irritated, wounded with his darts. That is the abominable Kundartiguador Organ. But also, in ancient wisdom, appear Moses and the Bronze Serpent that coiled around the Tau or generating Lingam; that is the Kundalini.

The Fifth Gospel · **Work Taste and Life Taste** · *Third Chamber – Mexico City – 1976*

5 Here are the two Marys; the White and the Black

We speak clearly about the double aspect of the Kundalini. When she rises through the spinal canal she is Parvati, when she descends into the atomic infernos of man, she is Kali in her negative aspect. In Christian terms one could say that when the igneous serpent of our magical powers is raised she is the Divine Mother and when it falls towards the atomic infernos she is Santa Maria, Queen of evil, the tempting serpent of Eden. The great wheel of the law rotates three times for each denominational religion. Each of the three turns of the wheel has its vehicle of expression. There are three vehicles: the Small Vehicle, the Great Vehicle, and the Tantric Vehicle. The Small Vehicle is exoteric or public. The Great Vehicle is divided into two circles, the secret and the public. The third vehicle is absolutely Tantric. Here we find the Tantric maxim of Christ who says: "many are called but few are chosen."

Christmas Messages, *1952-66*

The Serpent rising through the medullar channel is the Virgin. The Serpent descending from the coccyx towards the Atomic Infernos of Nature is the Santa Maria of black magic and of witchcraft. Here are the two Marys; the White and the Black.

The Perfect Matrimony, *1966*

07

In India, Káli the Divine Mother Kundalini is adored, but Káli in her fatal black aspect is also adored. These are the two Marys, the white and the black; the two Serpents, the one of copper that cured the Israelites in the wilderness, and the other, the Tempting Serpent of Eden.

The Perfect Matrimony, *1966*

07

Kali is the tempting serpent of Eden. She is the abominable Kundartiguador organ, of which we have written a great deal about in our former Christmas messages. With the sinister power of such a fatal organ is how men are transformed into swine.

Runic Magic, *1969*

07

Our affirmations might appear very strange to the readers who have never studied our former Christmas messages, however, in synthesis, we have to tell them that truly this Circe or Kali is the blind Fohatic force, the transcendental sexual electricity used in a malignant way.

Runic Magic, 1969

07

It is in this abominable Kundartiguador organ (Satanic tail) where the whole leftist and sinister power of Kali, Circe or Holy Mary is found contained.

Runic Magic, 1969

07

This viper from Kali is the tempting serpent of Eden, the horrible serpent Piton which is writhing in the mud of the earth and which Apollo enragedly hurt with his darts. It is indispensable to comprehend that such a sinister snake is without any doubt the tail of Satan, the abominable Kundartiguador organ.

Runic Magic, 1969

07

The Cosmic Mother in the human being takes the form of a Serpent. There are two serpents; the Tempting Serpent of Eden is that of the Goddess Kali, of the abominable Kundartiguador Organ; and the Serpent of Bronze which cured the Israelites in the desert, the Serpent Kundalini. They are the two Feminine Principles of the universe; the Virgin and the Whore; the Divine Mother or White Moon and the Black Moon referring to Astaroth, Kali, the tenebrous aspect.

Tarot and Kabalah, 1978

07

The Kundalini is the Serpent of bronze which cured the Israelites, which Moses raised upon the staff. The Kundartiguador Fire is the Tempting Serpent of Eden which descends to the Atomic Infernos of Man. In the wisdom of Egypt the tempting Serpent has the name of "Apep". In the rituals of ancient Egypt a representation was made in wax with the head pointing downwards, and in this mariner it was exorcised, conjured.

Tarot and Kabalah, 1978

07

The negative fire of Apep is the negative aspect of the Prakriti, that is, Kali who assumes the aspect of a horrible viper which slithers through the mud (see the life of Krishna). If we want to defeat it in the Cosmos, we have to defeat it within ourselves.

Tarot and Kabalah, 1978

07

The authentic deceased Initiates are they who have killed the "I", have taken possession of the Two Earths, and may enter at will into Amenti, or at will, here. It is for this reason that it is said that one has become King and Priest of the Earth according to the Order of Melchizedek. It is clear that if they allow themselves to fall, they lose the sceptre of command and hurtle downwards from the Tower. Upon the esoteric Path everyone has to struggle; the Twice-Born also. There are Initiates whose passage is blocked, due to the fact that the battle is very hard. The higher one is the harder and further one falls. One must be careful of the type of nourishment that the mind receives, such as that of the press, television and films. Transmute the oral and mental sperm with sepulchral offerings; that is to say, not to feed the mind with refuse because the carrion of the mind is useless: bad literature, bad films, bad television, bad words. It must not be forgotten that we have a terrible she-devil, "Kali", which is the abominable Kundartiguador organ, the terrifying Serpent, "Apopi". People are victims of Kali, the Tempting Serpent of which the Hindus speak.

Tarot and Kabalah, 1978

07

That tempting serpent of Eden, that horrible Python is the negative aspect of the Divine Mother, once her labor is completed in the avernus she returns to the positive polarization in the luminous region.

Yes, There Is a Hell, a Devil and Karma, 1973

6 Gurdjieff made the mistake of confusing the Kundalini with the Kundartiguador

Speaking about the School of the Fourth Way, we find that Gurdjieff, Ouspensky and Nicoll, have expounded that which they know, but the exposition contains many defects. For example: Gurdjieff commits the error of confusing the Kundalini with the abominable Kundartiguador organ, and Ouspensky commits the same error. We must not forget that there is that blind Fohatic force which has people hypnotised, but that it has nothing to do with the Kundalini. The Kundartiguador is the lunar fire. The bible speaks of the 44 fires, but one only can speak of two great fires: Kundalini and Kundartiguador. The first is the Pentecostal Fire, the ray of Vulcan ascending the spinal column; the positive fire which crystallises in worlds and suns. Its antithesis is the Kundartiguador, the negative fire which crystallises in those psychic aggregates, those screaming and troublesome I which we carry within. They are negative crystallisations which have people submerged in the unconscious.

Tarot and Kabalah, 1978

The venerable Master G. makes the grave mistake of assigning the hypnotic, horrible powers of the descending serpent (the abominable kundartiguador organ) to the rising serpent (Kundalini).

The Secret Doctrine of Anahuac, 1974

07

Undoubtedly, Maurice Nicoll and Ouspensky, the great initiate, accepted this error from Master G. The cited Master considered that the sacred prana was his cosmic mother. If Master G. had studied the Serpentine Binary in the sacred walls of the Mexican, Toltec and Mayan temples, he would have never fallen in this confusion.

The Secret Doctrine of Anahuac, 1974

07

Therefore, it is urgent not to confuse the "KUNDALINI" with the "KUNDARTIGUATOR".

The Great Rebellion, 1975

07

We have already said in a previous chapter that the Igneous Serpent of our magical powers, is coiled three and a half times inside certain Magnetic Centre located in the Coccygeal bone, base of the spine bone. When the Serpent goes up it is the KUNDALINI, when it goes down it is the abominable organ KUNDARTIGUATOR.

The Great Rebellion, 1975

07

By means of "WHITE TANTRISM", the snake ascends victorious through the spinal medullar canal, awaking the powers which deify.

The Great Rebellion, 1975

07

By means of "BLACK TANTRISM", the snake hurtles from the coccyx down towards the atomic hells of man. Thus is how many become terribly perverse Demons.

The Great Rebellion, 1975

07

Those who make the mistake of attributing to the ascending serpent all the descending serpent's devious and sinister characteristics, definitively fail in the work on themselves. The bad consequences of the "ABOMINABLE ORGAN KUNDARTIGUATOR", can only be annihilated with the "KUNDALINI".

The Great Rebellion, 1975

07

Let us then distinguish between Kundalini and Kundartiguador, between the serpent that ascends and the one that descends.

Pistis Sophia Unveiled, 1983

07

We must never commit the error of attributing all the left and tenebrous powers of the descending serpent (Kundartiguador), to the serpent (Kundalini) that ascends through the medullar spinal canal of the human being.

Pistis Sophia Unveiled, 1983

07

Gurdjieff made the mistake of confusing the Kundalini with the Kundartiguador, the serpent that goes up with the one that goes down, and he attributes to the one that goes up all the sinister and tenebrous powers of the descending serpent. Therein lies his mistake! Hence the reason why his disciples did not succeed in dissolving the "I's"; that was his great mistake.

The Fifth Gospel · Work Taste and Life Taste · *Third Chamber – Mexico City – 1976*

07

Through mere comprehension it is not possible to dissolve the "I's". I do not deny that with the "knife of the Consciousness", comprehending vividly any "I", we can separate it from ourselves, from our psyche. But that, my dear brothers, is not enough, because the "I", separated from our psyche, will still be alive, will not resign to staying far away from home, will try again and again to occupy once more its place, will become a tempting demon.

The Fifth Gospel · Work Taste and Life Taste · *Third Chamber – Mexico City – 1976*

7 Great cosmic desiderata are behind Adam and Eve

What is worse–what hurts the soul the most–is to know that the ones who gave the Kundartiguador Organ to this humanity were some sacred individuals.

Christmas Messages, *1952-66*

Ancient traditions state that during the Lemurian epoch, certain sacred individuals came to the earth in a cosmic ship. These individuals formed a very high sacred commission which was entrusted with studying the evolving and involuting problems of the earth and its humanity.

Christmas Messages, *1952-66*

07

The Archangel Sakaki and the Principal Archphysicist and Universal-Common-Chemist Angel Loisos were the two main individuals from this holy divine commission.

Christmas Messages, *1952-66*

07

Great cosmic desiderata are behind Adam and Eve. This sacred commission is what is hidden behind that drama and Edenic scenario. Thus, everything was fulfilled and the human being received the damned stigma, the Kundartiguador Organ.

Christmas Messages, *1952-66*

07

Due to a certain mistake of a few Sacred Individuals in archaic times, the poor intellectual animal received the abominable Kundartiguador Organ.

Esoteric Treatise of Hermetic Astrology, *1967*

07

In other times, the human being did not want to live in this world, he had realized his tragic situation; certain Sacred Individuals gave the human race the abominable Kundartiguador Organ in order for him to become thrilled with the beauties of this world. The result was that the human being became thrilled with the world.

Esoteric Treatise of Hermetic Astrology, *1967*

07

In times which become lost in the profound night of all ages, the poor Intellectual Animal comprehended his sad situation of being a little machine which is necessary for nature's economy and wished to die; the intervention of certain sacred individuals who committed the error of giving this unfortunate human swarm the abominable Kundartiguador organ, was then necessary.

Esoteric Treatise of Hermetic Astrology, 1967

07

This sacred commission of ineffable beings is behind the whole drama of Eden. They came with bodies of flesh and bones, their ship landed on Lemuria. During that ancient age, the human instinct was starting to develop itself into objective reasoning.

Dissolving the I, 1964

07

Everywhere, within all of the corners of Lemuria, the whole of this tragedy was instinctively suspected. Yet, this tragedy wanted to appear into the Lemurian's objective reasoning, Therefore, this Sacred Commission, after having serenely inspected this problem, resolved to take drastic cosmic procedures in order to avoid the total dissolution of the human genre and even mass suicide.

Dissolving the I, 1964

8 In order to stabilize the geological layers of our world

In ancient times (due to a certain mistake performed by some Sacred Individuals) humanity developed the negative side of the Sexual Center, its Tenebrous Luciferic Aspect.

The Solar Bodies, 1968

There is the mysteries of Mince or of Mina, frightening profundities where the black tantric ones live who developed the abominable Kundartiguador organ (the cause of so many evils). An, if the glorious Archangel Sakaki with his sacred committee had foreseen with mathematical exactness the fatal result of that Satanic tail, of that organ of abominations, that at that time was allowed to develop in humanity with definite planetary purposes, how different the future of poor suffering humanity would have been. It is ostensible that each human being is a creature that captures the distinct cosmic forces to transform them and transmit them to the interior layers of the Earth.

Yes, There Is a Hell, a Devil and Karma, 1973

07

However, on the Lemurian continent some 18 million years ago, the Earth trembled incessantly, its volcanoes vomiting forth fire and lava; certain sacred individuals headed by the Archangel Sakaki allowed the development of the abominable Kundartiguador organ, a terribly negative, Luciferic force, projecting from the coccyx towards the atomic infernos of man. It is not superfluous to remember that such a negative fohat was covered by the physical tail, such as we see in apes; then the dwellers of the Earth carried on their appearances such an appendage or projection of the dorsal spine.

Yes, There Is a Hell, a Devil and Karma, 1973

07

It was then, in that era, some 18 millions of years or more ago, that the Cosmocrators gave complete freedom to the internal Lucifer of each of us, so that the tail of the apes could be developed, that abominable Kundartiguador organ, in each human organism. Indubitably, with such an action of the Cosmocrators, the energetic transformation within the human interior was

altered, causing magnificent results for the geological crust of the earth (since the latter stabilized), but sinister ones for humanity.

Yes, There Is a Hell, a Devil and Karma, 1973

07

I want you all to understand that in the times of the Lemur continent, when humanity did not yet possess the abominable Kundartiguador Organ, people were all balanced, living in harmony, in peace. But there was an unusual event: the comet Kondoor, because of the mistake of certain Sacred Individuals, collided with planet Earth. Then a dreadful catastrophe occurred.

The Fifth Gospel ·The Power of Conscious Faith ·*Second Chamber – Mexico City – 1977*

07

Some gigantic islands –almost continents, we might say–, densely populated, sunk into the ocean. Millions of human beings perished and the Earth was left in a chaotic state, the geological layers were unstable, so it trembled incessantly. Massive earthquakes and dreadful tsunamis occurred, and since the balance of the geological layers was lost, there was no stability in our world and human life tended toward disappearance.

The Fifth Gospel ·Causes and Consequences of the Kundartiguador Organ

07

In those times, some Sacred Individuals came to Earth. I want to refer in an emphatic way to the Archangel Sakaki and his most-high commission –he came with a group–. These individuals studied the problem and came to the conclusion that in order to stabilize the geological layers of our world it was necessary to give the abominable Kundartiguador Organ to humanity.

The Fifth Gospel ·Causes and Consequences of the Kundartiguador Organ

07

It is obvious that the physical body is a machine and receives a certain type of cosmic energy and then transforms it and retransmits it to the inner layers of the Earth. This is how the Earth nourishes itself; because the Earth is a living organism and needs to nourish, to feed itself.

The Fifth Gospel ·Causes and Consequences of the Kundartiguador Organ

07

By allowing a certain alteration in the human organisms, cosmic forces were also altered, they became lunar. It happened that the Sacred Fire precipitated from the coccyx –the fundamental bone of the spine– downward, and that Fire, in turn, developed the lower part of the spine, thus appeared the apex we see in apes. Organisms like this are dearly lunar, and by transforming energies, they became lunar.

The Fifth Gospel ·Causes and Consequences of the Kundartiguador Organ

07

With these forces, the geological layers of our world Earth could be stabilized. But there was a certain miscalculation done by the Archangel Sakaki and his most-high commission: this organ was allowed to remain in the human being beyond what was normal, and later in time the Common ArchPhysicist-Chemist Angel Looisos came and realized the situation.

The Fifth Gospel ·Causes and Consequences of the Kundartiguador Organ

07

Since these Sacred Beings know how to handle cosmic energies and have powers over life and death, in fact, by manipulating the forces of the Cosmos, they began the disappearance process of the abominable Kundartiguador Organ, and thus this organ was totally gone.

The Fifth Gospel ·Causes and Consequences of the Kundartiguador Organ

9 Its fatal consequences still remain

In the course of time. maybe many centuries later, the Holy Commission returned, this time commanded by the Archseraphim Sevohtartra, due to the fact that the Archangel Sakaki had converted himself into one of the four tetrasustainers of the universe. Traditions state that they returned precisely three years later. Nonetheless, these three years are always symbolic.

Christmas Messages, *1952-66*

The fact then was that after a severe examination of the situation, the Arch-physician and Chemist Angel Loisos destroyed the Kundartiguador Organ from within the human race, because the human race did not need it any more. The human being had abandoned all of his suspicions as he had become fascinated with the beauties of this world.

Christmas Messages, *1952-66*

07

The Gods saved the human being from a great crisis. They achieved in making the human being fascinated with this world, in order that he could live within it as any planetary citizen. Yet, the Gods could not save him from the evil consequences of the Kundartiguador Organ.

Christmas Messages, *1952-66*

07

We need to know that, due to a lamentable mistake committed by certain holy people in the remote past, all humans developed the abominable Kundartiguador organ (Satan's tail). Later, those people removed this organ from humanity, intelligently preserving the sacred fire in the coccygeal chakra, the Church of Ephesus, Muladhara, the magnetic center located in the coccygeal bone at the base of the spine. That legion of devils which each person carries within the lunar bodies constitutes the negative consequences of the Kundartiguador organ.

The Buddha's Necklace, *1967*

07

When the intellectual animal lost the Kundartiguador Organ, the evil consequences remained within each subject; these bad consequences are constituted by the Pluralized I, the Lunar Ego.

Esoteric Treatise of Hermetic Astrology, 1967

07

When those Sacred Individuals removed the Kundartiguador Organ from humanity, the bad consequences remained in each person.

Esoteric Treatise of Hermetic Astrology, 1967

07

When the Intellectual Animal forgot his sad situation of being a little machine and fell in love with the beauties of this world, the abominable Kundartiguador organ was eliminated. Unfortunately, the bad consequences of said organ was something, which could not be forgotten; they remained deposited in the five cylinders of the machine. The first cylinder is that of the Intellect and is located in the cerebrum; the second is that of the Emotions and resides in the Solar Plexus, at the level of the navel; the third is that of Movement and resides in the superior part of the spinal column; the fourth is that of the Instincts, and is located in the inferior part of the spinal column; the fifth is that of Sex and resides in the sexual organs.

Esoteric Treatise of Hermetic Astrology, 1967

07

Fortunately, after its development, such Luciferic Organ vanished from humanity; nevertheless, its fatal consequences still remain.

The Solar Bodies, 1968

07

When the Gods intervened, eliminating from the human specie the cited fatal organ, the awful consequences of this tail of Satan remained within the five cylinders of the human machine (intellect, emotion, movement, instinct and sex).

Runic Magic, 1969

07

The forces that, in that era, passed through the human organisms, suffered, as a result, categorical modifications that permitted the stabilization of the terrestrial cortex. Much later in the history of the centuries, other sacred individuals, considering that the abominable Kundartiguador organ (Satan's tail) was no longer necessary, eliminated from the human body such an appendage.

Yes, There Is a Hell, a Devil and Karma, 1973

07

When humanity lost such an organ, there remained in the five cylinders of the organic machine (mind, emotion, movement, instinct and sex) the evil consequences of the aforementioned organ.

Yes, There Is a Hell, a Devil and Karma, 1973

07

I really regret to have to say that there awaits for the Archangel Sakaki and his high committee of sacred individuals, who, in archaic times gave the abominable Kundartiguador organ to humanity, unutterable bitterness, horrible karma, in the future great cosmic day, since there is no doubt that due to their error, this humanity lost its happiness and became monstrous. May the holy gods forgive me for such an affirmation, but deeds are deeds and before them we have to surrender, no matter what.

Yes, There Is a Hell, a Devil and Karma, 1973

07

I was telling you, in a conference that we had in Chapultepec recently, that the psyche of the human beings is altered, that is, it is abnormal –and it is true–. This misfortune came after the abominable Kundartiguador Organ was eliminated by the Common Arch-Chemist-Physicist Angel Looisos. The Archangel Sakaki and his most-high delegation gave humanity the abominable Kundartiguador Organ with the aim of stabilizing the geological crust of the world. It was achieved, but there was an error in the transfinite mathematical calculations. That "organ" was extirpated –in Lemuria– very late. As a sequence or corollary, the awful, negative results, which are the inhuman psychic aggregates, remained firmly established in the five cylinders of the machine.

The Fifth Gospel · Seriousness in the Esoteric Work · *Third Chamber – Mexico City*

10 The Kundartiguador Organ is the origin of the 'I'

The Kundartiguador Organ is the origin of the 'I'. The 'I' is constituted by all of the evil consequences of the Kundartiguador Organ. The 'I' is a bunch of passions, desires, fears, hatred, selfishness, envy, pride, gluttony, laziness, anger, attachments, appetites, morbid sentimentalism, heritage, family, race, nation, etc.

Christmas Messages, *1952-66*

If we wish to destroy the evil consequences of the abominable Kundartiguador organ within ourselves, we must first understand that those evil consequences are processed in each of the forty-nine subconscious states of the human being. Let us note that within these forty-nine subconscious states of the human being, we include the so-called infraconscious, unconscious, etc.

The Buddha's Necklace, *1967*

07

All the devils or small "I" which are formed in the five cylinders of the human machine are the miserable consequences of the abominable Kundartiguador organ. Let us repeat that the five cylinders of the human machine are intellect, emotion, movement, instinct, and sex.

The Buddha's Necklace, *1967*

07

The evil consequences of the abominable Kundartiguador organ are represented by thousands and millions of small I of an animal-like and perverse nature.

Esoteric Treatise of Hermetic Astrology, *1967*

07

Esoteric investigations have demonstrated that this infernal fire exists within the lower atomic depths of the Intellectual Beast (who is mistakenly called a human being). If those splendid and marvelous worlds that cluster in infinite space are simple granulations of that Positive Solar Fohat, then we can affirm (without fear of being mistaken) that those Demonic "I's" (which we carry within) are just mere crystallizations of that Negative and Blind Fohatic Force of the Kundartiguador Organ.

The Solar Bodies, *1968*

07

It is obvious that such evil consequences from the abominable Kundartiguador organ constitute that which is called ego, the pluralized 'I', the 'Myself, a tenebrous conjunction of perverse entities which personify all of our psychological defects.

Runic Magic, *1969*

07

Therefore, the pluralized 'I' is a granulated lunar, negative Luciferic Fohat. This Fohatic satanic crystallization constitutes that which is called EGO.

Runic Magic, *1969*

07

Unfortunately, the awful results of the organ of witches, remained in the five cylinders of the organic machine, centers known as intellect, emotion, movement, instinct and sex. Going into depth on this topic, we can discover for ourselves, that such tenebrous results are perfectly defined as psychic aggregates or quarrelsome and vociferous "I's" personifying errors and making up the ego, the myself and the self.

Yes, There Is a Hell, a Devil and Karma, *1973*

07

This negative Fohat is the sinister agent in our organism through which the ideo-plastic becomes a series of Egos which personify our psychological defects.

The Mystery of the Golden Blossom, *1971*

07

It is not excessive to clarify that such evil consequences are crystallized in the PLURALIZED "I" of the revolutionary psychology.

The Great Rebellion, *1975*

07

So, in reality and in truth, there is still a residue of the abominable Kundartiguador Organ in the human being. With the disappearance of such an organ it could be clearly seen that the bad consequences of this organ remained in the five cylinders of the organic machine. These five cylinders are the following: the intellectual, located in the brain; the emotional, located in the heart; the motor, in the upper part of the spine; the instinctive, in the lower part

of the spine; and the sexual. The bad consequences of the abominable Kundartiguador Organ remained in these five centers of the machine.

The Fifth Gospel · Causes and Consequences of the Kundartiguador Organ

07

There are two more centers of a superior kind in the human being, the superior emotional and the superior mental, which were not affected. However, the prejudicial psychic elements remained –I repeat– deposited in the machine. These elements are the psychic aggregates; in other terms, we would say the "I's"; in Egypt they were called the Red Demons of Seth. In any case, such aggregates, although invisible to the physical eyes, are visible to the sense of psychological self-observation.

The Fifth Gospel · Causes and Consequences of the Kundartiguador Organ

07

We have to understand that such psychic aggregates, on appearing in our organic nature as a result of the abominable Kundartiguador Organ, were processed within our psyche according to the sacred Heptaparaparshinokh Law, that is, according to the Law of Seven, which is the reason why it is terribly difficult to completely disintegrate all the undesirable psychic elements that we carry inside us.

The Fifth Gospel · Causes and Consequences of the Kundartiguador Organ

11 Bottled up within the Lunar Ego

It is painful to know that the Soul, the Buddhata, the Essence that we carry inside, is bottled up within the Lunar Ego.

The Solar Bodies, *1968*

The Consciousness, the Essence, the Buddhata, that Embryo of Soul which every creature carries within is always the innocent victim of all those granulations of the Negative Sexual Fohat.

The Solar Bodies, *1968*

07

Indubitably, these extremely bad results came to constitute a type of subjective and infrahuman second nature that all rational animal carry within. It is unquestionable that within this double nature the essence remained imprisoned, the prime matter with which we can elaborate the golden embryo.

Yes, There Is a Hell, a Devil and Karma, *1973*

07

Certainly the essences of the planet Earth remain imprisoned within the myself, due to a mistake of the gods. We have already said in past talks that certain sacred individuals with the purpose of giving stability to the geological crust of our world, gave to humanity the abominable Kundartiguador organ.

Yes, There Is a Hell, a Devil and Karma, *1973*

07

If that second nature did not exist the essence would be free and happy; unfortunately it exists, as a result of the abominable Kundartiguador organ.

Yes, There Is a Hell, a Devil and Karma, *1973*

07

Master: Well, really, the ab-nor-ma-li-ty comes from it, because the abominable Kundartiguador Organ crystallized, in our psyche, all the bad consequences that it originates. That is, the psychic aggregates exist due to the abominable Kundartiguador Organ; otherwise, they would not exist. Unfortunately, the Consciousness is bottled up within these aggregates. Due to this, the Consciousness is abnormal; the Consciousness is the psyche, which functions in

an abnormal manner. Earthlings are abnormal, they are clinical cases that are currently being studied by all the brothers of the solar system. This is one of the causes, one of the main reasons why extraterrestrials often take this or that citizen into space to put him in a laboratory and study him. The abnormal state of the earthlings has drawn much attention throughout the cosmos: their strange psyche, their strange behavior, which keeps no relation to any cosmic culture of the infinite space. But unfortunately, it was all due to the abominable Kundartiguador Organ.

The Fifth Gospel · Seriousness in the Esoteric Work · *Third Chamber – Mexico City*

07

Master: Yes. Know that not all the inhabitants are visible to the inhabitants of the three-dimensional world of Euclid. In the fourth vertical of our planet Earth, there are other humanities of flesh and bone that are indeed normal, that never developed the abominable Kundartiguador Organ and that continue to reproduce through Kriyashakti. So, the abnormal ones are those who live in the three-dimensional world of Euclid, which are commonly referred to as "earthlings".

The Fifth Gospel · Seriousness in the Esoteric Work · *Third Chamber – Mexico City*

07

In the archaic times of our world, the psyche of the three-brained beings was normal. Then, humanity was in tune with the other planetary humanities. But, unfortunately, after the annihilation of the abominable Kundartiguador Organ – which was given to humanity with the purpose of stabilizing the geological crust of the Earth–, the psyche became abnormal, because the consequences of that abominable organ remained deposited in the five cylinders of the organic machine. Those consequences constitute that which is called the Ego. The Consciousness, bottled up in the Ego, started to work in an abnormal way and unfortunately, it continues to be abnormal.

12 People are hypnotized by that Blind Fohatic Force of the Kundartiguador Organ

People are hypnotized by that Blind Fohatic Force of the Kundartiguador Organ.

The Solar Bodies, 1968

Is indubitable that this blind Fohatic Force of a Luciferian Lunar type has hypnotised the whole humanity, submerged it into the unconsciousness.

My Return to Tibet, 1969

07

The hypnotic power of the organ of Aquelarres holds the human multitude asleep and depraved.

The Mystery of the Golden Blossom, 1971

07

Hindu yoga makes meticulous analysis of this annular Serpentine fire (Kundalini) which develops, ascending in the ascetic's body. Very little is said, nevertheless, about the descending serpent or demonic tail, whose electrical force maintains in a continuous hypnotic trance all of suffering humanity.

The Secret Doctrine of Anahuac, 1974

07

The Hipnotic power of the descending Serpent, keeps humanity submerged in unconsciousness.

The Great Rebellion, 1975

07

Moses healed the Israelites in the wilderness, with the marvelous power of the serpent of brass. Yet, the tempting serpent of Eden has this painful humanity submerged in a fatal, collective, hypnotic state.

Pistis Sophia Unveiled, 1983

07

The serpent of brass, the serpent that is entwined on the rod of Sculapius, God of Medicine, must awaken us, must take us away from the collective hypnotic state.

Pistis Sophia Unveiled, 1983

07

The hypnosis, which is collective and flows in all of nature, is derived from the abominable Kundartiguador organ. This race is hypnotized, unconscious, submerged in the most profound sleep.

The Revolution of the Dialectic

07

Although it may seem incredible, all human beings are in a state of "collective hypnosis". Such hypnosis is produced by the residual state of the abominable Kundartiguador organ; when the latter was eliminated, the different psychic aggregates or inhuman elements which in their mass constitute the myself, the oneself, remained. These elements and subelements, in turn, condition the consciousness and keep it in a state of hypnosis. In this manner, therefore, hypnosis of a collective type exists. The entire world is hypnotized! The mind is engrossed in the world of the five senses and does not manage to comprehend how it could become independent of them; it firmly believes that it is a god. Our interior life, the true life of thoughts and feelings, continues being confused for our mere reasoning and intellective conceptions. Nonetheless, at the same time we know very well that the place where we really live is our world of thoughts and feelings; this is something that no one can deny.

The Revolution of the Dialectic

07

The various psychic aggregates that we carry inside us, and within which the Consciousness is bottled, are the terrible result of the hypnotic power of the abominable Kundartiguador Organ, the descending serpent. Now you will understand why that horrible Python has massively hypnotized all humanity.

The Fifth Gospel · The Wonders of Awakened Consciousness · *Public Lecture – 1975*

07

Thus, the state of unconscious sleep in which humanity lives is due to the fact that the Consciousness is bottled up within the Ego; and since the Ego is the result of the abominable Kundartiguador Organ, we can draw the conclusion or corollary that the hypnotic sleep in which the Consciousness is found is due to the abominable Kundartiguador Organ.

The Fifth Gospel · Practical Solutions Against Collective Hypnotism · *Third Chamber – Mexico City – 1976*

07

As long as one continues in a state of hypnosis, he is doing very bad. Awakening, of course, is what is important! Could one perhaps awaken if he has not destroyed the consequences of the abominable Kundartiguador Organ? Of course not, right? If one does not destroy those terrible consequences which he carries within his organism, in the five cylinders of his machine, he cannot achieve the awakening. How would he do it, in what way? Don't you see that the Consciousness is bottled up within those elements which constitute the Ego?

The Fifth Gospel · Practical Solutions Against Collective Hypnotism · *Third Chamber – Mexico City – 1976*

07

When we observe the humanoids, both in life and after death, we see that they are absolutely irresponsible, machines controlled by the various aggregates. The latter fight for supremacy. Each one of them wants to control the capital centers of the machine, that is the harsh reality. In that sense, all humanoids are irresponsible. The psychic aggregates are the result of the consequences of the abominable Kundartiguador Organ. We also said that the Consciousness is bottled up within the Ego, and that it processes itself according to its own conditioning. Now then, if the Ego is the result of the bad consequences of the abominable Kundartiguador Organ, this means that the Consciousness is hypnotized by that universal hypnotic force. All humanoids are victims of that hypnotic force, but people do not realize the harsh reality until such hypnotic energy flows more rapidly, in a precipitated and concentrated way, as in the hypnotic sessions.

The Fifth Gospel · Serious Consequences of Human Hypnotism · *Third Chamber – Mexico City – 1973*

13 A very incipient osseous residue of the abominable tail

With this I do not want to say that the physical tail of the apes is found actually developed in the anatomy of the three-brained or three-centered biped. Certainly at that site there exists a very incipient osseous residue of the abominable tail in the human anatomy; however, the psychic aspect of such an organ is found in the metaphysical appearance of millions of rational humanoids.

Yes, There Is a Hell, a Devil and Karma, 1973

Master: You know very well as a doctor that the spinal column, in its coccygeal vertebrae, finally ends in a kind of "tail" –that is how people call it vulgarly–. This little piece of bone is a residue of the abominable Kundartiguador Organ. In the past, humanity possessed the fully developed Kundartiguador Organ. At that time, all of us, the human beings, had –why am I going to become an exception? [Laughs]– the famous tail that monkeys, gorillas and apes have today. This tail or Kundartiguador also has the power to transform impressions into new "I's".

The Fifth Gospel ·Intelligent Assimilation of Impressions

07

Unfortunately, it was because of that abominable organ that all existing impressions were transformed into the multiple psychic aggregates that emerged into existence. Since then, the Consciousness remained bottled up in such aggregates.

The Fifth Gospel ·Intelligent Assimilation of Impressions

07

Well, that organ disappeared thanks to the restless activity of Angel Looisos –a great cosmic engineer– but a residue remained here and it is that "tail bone". Such residue still has the power to transform impressions into "I's", into new "I's".

The Fifth Gospel ·Intelligent Assimilation of Impressions

07

Master: Well, obviously, everything has its correlations. The disappearance of the physical body is something very important, but keep in mind that there are particles that correspond to this body. If an individual has the Astral Body, for

example, that Astral Body corresponds in some way to the physical body. And its anatomy has its correlations, the same with the Mental and Causal Bodies, etc. But if someone has not created such vehicles, undoubtedly, he has his correlations also in the Ego, his correlations related to the abominable Kundartiguador Organ; moreover, he carries the abominable Kundartiguador Organ in the heaviest "I's", in the "I's" of 96 laws.

The Fifth Gospel · Intelligent Assimilation of Impressions

07

Much has been said about the abominable Kundartiguador Organ, a fatal organ that humanity had in ancient times. It has not been completely lost. We know well that a bone residue still exists at the lower base of the spine; no one ignores it. Such residue belongs to the abominable Kundartiguador Organ, and it possesses, among other things, a formidable hypnotic power; that general, collective, hypnotic current is fascinating.

The Fifth Gospel · Pedagogy of Knowing How to Live · *Third Chamber Mexico City – 1974*

07

We have talked a lot about this organ. It is worth reminding you that in a very remote past, such organ was inserted into humanity; then it developed as a tail, in that form in which it appears in the apes. So, there was a time when mankind possessed this tail.

The Fifth Gospel · Practical Solutions Against Collective Hypnotism · *Third Chamber – Mexico City – 1976*

07

So this little bone residue still has the power to turn any negative mental form into a new psychic aggregate. It can crystallize any negative mental form, turn it into a new "I", into a new aggregate, and it is doing it constantly.

The Fifth Gospel · Practical Solutions Against Collective Hypnotism · *Third Chamber – Mexico City – 1976*

07

If, for example, one goes to a cinema and watches a movie full of lust and identifies himself with a scene and so on, what happens? It is very clear that later, one ends up with an effigy very similar to the one he saw on the screen, and that

effigy comes to life and comes to stay within one's innermost constitution, transformed into a new psychological "I", into a lustful "I".

The Fifth Gospel ·Practical Solutions Against Collective Hypnotism ·*Third Chamber – Mexico City – 1976*

07

Who created it? Just looking at the figure on the screen would not explain everything. But however there is a bone residue of this sinister tail, so such residue still possess that power. By looking at that erotic figure on the screen, it has the power to crystallize it and make it take shape inside our psyche, and transform it into a new "I", into a new inhuman element within our very psyche.

The Fifth Gospel ·Practical Solutions Against Collective Hypnotism ·*Third Chamber – Mexico City – 1976*

07

This is how the human being lives constantly, strengthening within himself the bad consequences of the abominable Kundartiguador Organ; because with each aggregate that one adds to those that already exist within his organism, new percentages of Consciousness become trapped in there.

14 Mere hallucinations elaborated by the abominable organ KUNDARTIGUATOR

Opium is marvelous, since it captures all the powerful vibrations of the ineffable Protocosmos. Unfortunately, people have utilized opium in a damaging and harmful way for their organisms. Many are those who have employed opium to strengthen the tenebrous properties of the abominable Kundartiguador Organ.

Christmas Messages, *1952-66*

Opium or some of its active elements are usually used by drug addicts and other licentious people to strengthen the bad consequences of the abominable Kundartiguador organ (Satan's tail).

The Buddha's Necklace, *1967*

07

A drug addict's extraperceptions have their particular root in the abominable organ KUNDARTIGUATOR (the tempting serpent in Eden).

The Great Rebellion, *1975*

07

The consciousness bottled among the multiple elements which constitute the Ego, processes itself by virtue of its own bottling.

The Great Rebellion, *1975*

07

So the egotistical consciousness comes to be in a comatose state, with hallucinations very similar to those of any subject under the influence of this or that drug.

The Great Rebellion, *1975*

07

Obviously, these two types of hallucinations have their original causes in the abominable organ KUNDARTIGUATOR (see chapter 16 in this book).

The Great Rebellion, *1975*

07

A drug addict turns vice into religion and being astray intends to experience the real under the influence of drugs, ignoring that extraperceptions produced by

marijuana, L.S.D., morphine, hallucinogenic mushrooms, cocaine, heroin, hashish, tranquilisers in excess, amphetamine, barbiturate, etc, etc, etc, are mere hallucinations elaborated by the abominable organ KUNDARTIGUATOR.

The Great Rebellion, 1975

15 On falling, there resurrects in a Bodhisattva, the bad consequences

Answer: Distinguished friends, it is clear that on falling, there resurrects in a Bodhisattva, the bad consequences of the abominable Kundartiguador organ and then, the golden embryo, the consciousness, comes to be indisputably trapped in such infrahuman factors. The result is that the consciousness in this case, loses a good percentage of its habitual lucidity, although it does not radically fall asleep.

Yes, There Is a Hell, a Devil and Karma, 1973

The Tempting Serpent of Eden, the horrible Python, incessantly fights in order to make the Initiate fall.

Pistis Sophia Unveiled, 1983

07

Master: What would happen, simply, is that which has happened to all the fallen angels. Why did they fall? Because they forgot themselves for a moment. And that has been more than enough for certain new psychic aggregates to arise or for the old ones that had already been disintegrated to resurrect, and that is how they fell. An instant that an Initiate forgets himself is enough to begin to create new aggregates or to resurrect those that were already dead. Because the Ego also resurrects like the Phoenix bird from its own ashes, unfortunately. It is enough for one to forget oneself for an instant, for the dead "I's" to begin to resurrect.

The Fifth Gospel ·Intelligent Assimilation of Impressions

07

Master: Well yes, we already said it: the incipient bone residue that remains in our anatomy, the abominable Kundartiguador Organ. But it is enough that we forget ourselves for a second, for this organ to take advantage of the opportunity given to it and to transform any impression into a new "I". Let's see, brother...

The Fifth Gospel ·Intelligent Assimilation of Impressions

16 The fundamental basic objective of the Black Tantric Schools

All of those black magicians have their Kundartiguador awakened (Kundalini awakened in the negative way). Therefore, they incessantly copulate in order to practice their black sexual magic, with the goal of strengthening their Kundalini in the negative way. We previously stated in this book that there are two types of sexual magic. One is a sexual magic that creates life and the other which creates death. The first one is white magic and the second is black magic.

The Revolution of Beelzebub, 1950

18. The negative theory of the tenebrous ones consists of taking advantage of the absorbed hormones in order to awaken the Kundalini and to achieve tantric powers. 19. Nevertheless, what awakens with this practice is the negative aspect of the serpent (Kundartiguador). When submerged into the human being's own atomic infernos, this negative aspect of the serpent assumes the tantric form in the astral body, which is represented by the tail of Satan.

Igneous Rose, 1954

07

26. Black Magicians ejaculate the semen during the acts of negative Sexual Magic. 2 7. The serpent then descends towards the infernos of the human being.

Treatise of Sexual Alchemy, 1954

07

28. The tail with which Satan is represented is the Kundartiguador of Black Magicians. Such a tail is directed downwards towards the infernos of the human being.

Treatise of Sexual Alchemy, 1954

07

Today, that order of the Goddess Kali exists in India. With these tantric cults one negatively awakens the serpent and it descends to the atomic infernos of man. It then becomes the horrible tail of the demons. This is how the tenebrous ones deceive the naive. Those are the deeds of the "Nicolaites which I also abhor." The Canaanites, the inhabitants of Carthage, Tyre and Sidon, perished

with these cults. Atlantis sunk with these horrible practices. Those are the cults with which men became the seven-headed beast of which the Apocalypse speaks about. That is the horrible practice of the Lemurian-Atlantean monsters. Every instructor who teaches the spilling of the semen is a black magician.

The Greater Mysteries, *1956*

07

The fatal result of this black Tantrism is the awakening of the Serpent in an absolutely negative form. Thus, instead of ascending through the medullar channel, it descends toward the Atomic Infernos of Man. This is the horrific tail of Satan. With this procedure the Bhöns and Dugpas are forever separated from the Internal Christ, and forever submerged in the terrifying abyss.

The Perfect Matrimony, *1966*

07

Within black tantrism we find the Bhöns and Dugpas of the "Red Cap", terrible and perverse black magicians. These malevolent people have disgusting procedures to reabsorb the semen through the urethra after having miserably spilled it. The result is fatal because the semen, after having been spilled is charged with satanic atoms, which on re-entering the body acquires the power to awaken Kundalini negatively. It then descends to the Atomic Infernos of Man and becomes the tail of Satan. This is how the human being separates himself permanently from his Divine Being and sinks for ever into the abyss. Everyone who spills the Glass of Hermes is rightly recognised as a black magic In Hindustan, Sexual Magic is known as Maithuna. It is also known as Urdhvaretas yoga and those who practise it are called Urdhvaretas yogis.

The Perfect Matrimony, *1966*

07

There are three classes of Tantrism: white, black and gray. In white Tantrism, ejaculation of the semen is prohibited; in black Tantrism, ejaculation of the semen is obligatory; in gray Tantrism, ejaculation of the semen is not considered important. In the long run, gray Tantrism is transformed into black Tantrism. In white Tantrism, the serpent ascends along the length of the medulla of the spinal

cord. In black Tantrism, the serpent descends, projecting itself down from the coccyx towards the atomic infernos of man, becoming Satan's tail.

The Buddha's Necklace, 1967

07

By working very intensely in the ninth Sphere without allowing oneself to fall, one can carry out the work of fabricating the Solar Bodies in ten or twenty years more or less. The Lunar Race mortally hates this science of the Sacred Cow and before accepting it, it prefers to find escape routes and justifications with flashy and hypocritical phrases. The Bonzos and Dugpas of red cape, the Black Magicians, practice Black Tantrism, they ejaculate the semen during the Maithuna; it is in this manner that they awaken and develop the abominable Kundartiguador Organ.

Esoteric Treatise of Hermetic Astrology, 1967

07

Black Tantrists develop the abominable Kundartiguador organ. It is necessary to know that said fatal organ is the same tail of Satan.

Esoteric Treatise of Hermetic Astrology, 1967

07

The fundamental basic objective of the Black Tantric Schools is the development of the abominable Kundartiguador Organ (Tail of Satan).

The Solar Bodies, 1968

07

The Adepts of Black Tantrism, such as the Bons and Dugpas of red cap develop in themselves that blind Fohatic force of this cited fatal organ.

Runic Magic, 1969

07

The result in this concrete case is the awakening of the Igneous Serpent in its strictly negative form.

Yes, There Is a Hell, a Devil and Karma, 1973

07

It is evident that the sacred fire in black tantrism is precipitated from the coccyx towards the atomic infernos of man; then appears the tail of Satan, the

abominable KUNDARTIGUADOR organ.

Yes, There Is a Hell, a Devil and Karma, 1973

07

There is no doubt that the multiple asanas of black tantric persons, instead of awakening the Kundalini or sacred Prana, to make it ascend through the spinal canal, stimulate and develop the abominable Kundartiguador organ, then transforming the aspirant into a tenebrous personality, into a black magician of the worst type.

Yes, There Is a Hell, a Devil and Karma, 1973

07

Black TANTRISTS are different, they awake and develop the Abominable organ KUNDARTIGUATOR, the tempting Serpent in Eden, when they commit in their rites the unforgivable crime of spilling the "Sacred Wine".

The Great Rebellion, 1975

The two archers, one who hits the target dead-on and the other who misses, symbolize the two interpretations of alchemy that can be given; the correct one and the erroneous one; White Sexual Magic and Black Sexual Magic; Golden Alchemy and erotic satanism. In Golden Alchemy there is no ejaculation of the ens seminis. In erotic satanism there is definitely ejaculation of the ens seminis. In India the yogis of black sexual magic (Aura Samphata) ejaculate the ens seminis (Shuhsra) in order to criminally mix it with feminine Raja in the vagina. Next, by means of the negative use of the Vajroli, they reabsorb the seminal liquor that has already been mixed with the feminine Raja. These yogis of black sexual magic believe that in this way (Bonpas and Dugpas) they will achieve wisely joining the solar and lunar atoms in order to awaken the Kundalini. That result of that black Tantrism is the negative awakening of the serpent. Then the serpent, instead of rising, descends to the atomic infernos of man and turns into the tail of Satan.

Esoteric Course of Kabbalah

17 The king of the diabolic atoms waits in the coccyx

74. Thus, when this Akasic breath collides with the solar and lunar currents and with the christic atoms which form the Kundalini, the sacred fire then rises one more vertebra, one more canon in its ascension through the thirty-three canons until reaching Brahmarandra. 75. When the Akashic breath, reinforced by willpower, descends through our Brahmanic cord and finds atoms of fornication (satanic atoms collected from the infernos of the human being during the movements of the genital orgasmic contraction, which occurs in the seminal ejaculation) instead of Christic atoms, the collision of the Akasa with such satanic atoms would then awaken the Kundalini in a negative way (awakening the Kundartiguador). A satanic atom that resides in the Muladhara chakra would then enter into activity, and would control it causing it to descend from the coccyx downwards towards the atomic infernos of the human being, forming the famous tail with which Satan is represented (the Kundartiguador).

Igneous Rose, 1954

76. The sexual organs collect satanic atoms of the secret enemy with the genital orgasmic contraction during the seminal ejaculation (tantric orgasm), which is advised by the black magician Omar Cherenzi Lind and by the lost and tenebrous Parsival Krumm Heller. Therefore, when these atoms attempt to ascend upwardly towards Urania, they then are violently rejected by the Akashic breath, which throws them downwards towards the coccyx. This sexual practice awakens the Muladhara negatively and causes a certain atom of the Secret enemy to enter into activity. This atom then exercises control over the Kundalini, directing it downwards towards the submerged worlds of consciousness, thus forming the famous (Kundartiguador) tail of demons.

Igneous Rose, 1954

07

28. However, if man ejaculates his semen, those three breaths will make the Kundalini descend downwards towards the atomic infernos of man.

Manual of Practical Magic, 1954

07

The semen that is spilled and then reabsorbed with the feminine verya is horribly recharged with atoms of the secret enemy. These are satanic atoms that are collected from the atomic infernos of the human being. The inevitable result of this tantrism is the descent of the serpent downwards, towards the atomic abyss of nature. This is how the human personality ends up definitively separating itself from the Divine Spirit. The human being then becomes a demon.

The Yellow Book, 1959

07

The satanic atoms are gathered after the coitus by the peristaltic movements of the sexual organs. Such malignant atoms infect the Brahmanic cord; afterwards, these atoms intend to rise towards the brain, but the three breaths of Pure Akasa, strengthened by the force of willpower, hold the ascension of such atoms and cast them downwardly with violence, towards the atomic infernos of the human being. When this happens, the tenebrous atoms crash violently against the king of the malignant atoms; such an atom abides in the coccyx. Such an atom is indeed a very dangerous black god. Normally this god abides in the coccyx always waiting for an opportunity to pilfer the fire of Kundalini and direct it downwardly. Therefore, with the seminal discharge during sexual magic this atomic king from darkness receives his awaited opportunity and filled with a great force, awakens the igneous serpent of our magical powers and directs it downwardly. This is how the tail of Satan (the Kundartiguador) is formed in the demons. When this occurs, the horns protrude upon the forehead of the astral body. Whosoever descends in this way, whosoever reaches such a degree of degeneration, loses his Divine Spirit and sinks himself into the Abyss. Those are the lost ones, the soulless ones; those are the ones who pass through the Second Death. They slowly disintegrate within the Abyss until becoming cosmic dust.

Christic Aztec Magic, 1973

07

The tenebrous struggle tirelessly to take you from the Path of the Perfect Matrimony. Do not let yourself be seduced by those sublime doctrines, which advise the spilling of semen, because they are black magic. The king of the

diabolic atoms waits in the coccyx for the opportunity to awaken the Serpent negatively and direct it downwards. With the spilling of semen, the Black Atomic God receives a formidable electrical impulse, sufficient to awaken the snake and direct it towards the Atomic Infernos of Man. Thus, man becomes a demon. This is how he falls to the abyss.

The Perfect Matrimony, *1966*

07

50. The satanic atoms intend to ascend through the Brahmanic cord; however, the three Akasic breaths precipitate them downward to the coccyx towards the Muladhara chakra. 51. Then a certain atom in the Muladhara chakra enters into activity. Thus the Kundalini, instead of going upward throughout the Brahmanadi, goes downward to the atomic infernos of the human being and forms in the Astral body the tail with which Satan is represented (the Kundabuffer Organ).

The Mysteries of Fire, *1955*

07

These types of seminal malignant atoms are precipitated through Ida and Pingala. They violently struggle in order to reach the brain; however all of their efforts are useless because the Three Akashic Breaths cast them down against that region of the coccyx where a Malignant Atom has its habitat and also the power to place the Abominable Kundartiguador Organ into activity.

The Solar Bodies, *1968*

18 He commits the crime of the Nicolaitans

This is how the precious feathered (quetzalli) serpent became transformed and descended into the atomic abysses of man and woman (when they violated the sixth commandment of the law of God "thou shalt not fornicate.") This is why the serpent had to writhe upon its belly through the mud of the earth, because it was cursed (see Genesis 3:14). This precious feathered (quetzalhi) serpent is enclosed within our seminal glands and can only awaken and rise within the amorous magic's influx. This is also the Nahua's emblem of the sacred fire of the Holy Spirit. When the Holy Spirit rises through the septuplet canal of the spinal medulla, it converts us into angels.

Christic Aztec Magic, 1973

Following this event, which is registered in the Genesis of all religions, horrifying epilogues were occurring. Millions of human creatures were developing the abominable Kundartiguador organ when they started to mix Magic with fornication...

Runic Magic, 1969

When the student spills the semen during his practices with the Arcanum A.Z.F., he commits the crime of the Nicolaitans who work with the Maithuna in the Ninth Sphere but spill the semen. It is not superfluous to inform you that the abominable Kundartiguador organ, the result of the bad use of the creating energy, stolen by Cacus, does not only develop in the black alchemists or tenebrous tantric ones, but also in the decidedly lost ones, although the latter never had any magical knowledge.

Yes, There Is a Hell, a Devil and Karma, *1973*

07

This fatal awakening is due to the development of the abominable Kundartiguador organ. It is then urgent to know that every fornicator, although be does not know black tantrism, is, in fact, tantric and inevitably comes forth as a tenebrous personality with the tempting serpent of Eden completely developed.

ones, the sinister, negative fohat that in the end leads us on the descending, infrahuman way to the abyss and the second death, also develops.

Yes, There Is a Hell, a Devil and Karma, 1973

Sacrifice for humanity is charity and love very well understood. The schools which teach the ejaculation of semen, even when they do this in a very mystical way, are really black schools, because the Kundartiguador Organ is developed with such a practice. The schools which teach the connection of the Lingam Yoni without the ejaculation of semen are white schools, because this is how the Kundalini rises through the medullar canal.

Christmas Messages, *1952-66*

The schools which teach how to strengthen the psychological 'I' are black schools, because the evil consequences of the Kundartiguador Organ are strengthened with that procedure. The schools which teach the dissolution of the 'I' (mystical death) are white schools, because they destroy the evil consequences of the Kundartiguador Organ.

Christmas Messages, *1952-66*

07

What is most grave in this matter of absurd sexual abstinence is that the tenebrous Poisoninioskirian vibrations not only reinforce the evil consequences of the Kundartiguador Organ, but more over, these vibrations can truly develop such a malignant organ as well.

Christmas Messages, *1952-66*

07

Let us understand that these veneniooskirian vibrations are the lunar centrifugal sexual forces. This type of tenebrous vibration generally awakens the Kundartiguador organ. We must know that when the serpent rushes downward from the coccyx, it is transformed into the tail of Satan, the abominable organ the Kundartiguador. Lunar Brahmacharya, with its terrible and evil veneniooskirian vibrations, creates know-it-all fanatics and extreme cynics.

The Buddha's Necklace, *1967*

07

The Poisoninioskirian Vibrations produce in people a high degree of fanaticism and expert cynicism. These types of people were abundant among the Great Inquisitors, for example, Tomas of Torquemada During many years of

observation and experience; we have proven that the tenebrous Poisoninioskirian Vibrations have the power of awakening the Abominable Kundartiguador Organ.

The Solar Bodies, 1968

07

It is urgent to know, it is necessary to comprehend, that these unusual types of pernicious vibrations (after having totally saturated the Lunar Bodies) have the power of awakening the Abominable Kundartiguador Organ.

The Solar Bodies, 1968

07

The outcome of such Absurd Sexual Abstention is always fatality. Those abstemious people always have their Consciousness asleep, because if they would have their Consciousness awakened, they could prove by direct experience the tremendous activity of the Malignant Poisoninioskirian Vibrations within their Lunar Bodies. This is how they would finally see, with an unutterable terror, the frightful development of the Abominable Kundartiguador Organ within their submerged animal nature.

20 Seven tenebrous Chakras of the lower abdomen

White magicians, in profound meditation, know how to pray and to supplicate to the Serpent of Bronze to be transported to any place on earth or in the cosmos, and the Flying Serpent transports them. Black magicians pray to the Tempting Serpent of Eden and it takes them to the abyss, or to the salons of witchcraft, or to the witches' sabbath etc. The Serpent of Bronze rises through the medullar channel. The Tempting Serpent descends from the coccyx toward the Atomic Infernos of Nature. This is the tail of Satan. Devils have their power in the tail.

The Perfect Matrimony, *1966*

Kundalini has seven degrees of power of fire. Only by practicing the Maithuna daily over a period of twenty or thirty years can a person achieve the total unfolding of Kundalini. The descending serpent the Kundartiguador organ, develops the inferior chakras of the lower belly and transforms man into a terribly perverse and evil beast. The serpent, ascending through the spinal column, develops all the divine powers of the human being. Devi Kundalini, the igneous serpent of our magical powers is Isis, Rhea, Cybele, Tonantzin, Mary, etc. The solar bodies are gestated in the womb of Devi Kundalini, the Divine Mother. When the initiate is born from the womb of the Divine Mother in the superior world, when he leaves the Ninth Sphere (sex), he is forbidden to ever return there again. The twice born enter a secret temple, and if they have sex again, they will fall, losing all their powers.

Truly, the evil consequences of such an organ were converted into mistaken habits and customs that entered the depths of our psyche and became converted into the subconscious. Thus, the subconscious is the same ego or the psychological 'I' that is rooted in the evil consequences of the Kundartiguador Organ. The Most Saintly Ashiata Shiemash fought very hard in order to take the evil consequences of the Kundartiguador Organ out from humanity. The Holy Lama in Tibet also suffered very much in order to save humanity from the horrifying consequences of the mentioned fatal organ.

22 The end (elimination) of the Kundartiguador Organ

If we take into account the fact that opposite things complement and contain each other (for instance, the darkness is within the light and vice versa, within virtue lies sin, its latent opposite, etc.), then we must comprehend in depth the word Kundalini.

Christmas Messages, *1952-66*

The word Kunda reminds us of the Kundartiguador Organ, and lini signifies end in the ancient Atlantean language. Therefore, the meaning of the word Kundalini is: The end (elimination) of the Kundartiguador Organ.

Christmas Messages, *1952-66*

07

Kundalini is a compound word with two parts; Kunda, which reminds us of the abominable Kundartiguador organ and Lini, which means end. Kundalini means end of the Kundartiguador organ. With Kundalini, the terrible consequences of the abominable Kundartiguador organ come to an end. We will repeat: the evil consequences of the tenebrous organ are personified by the pluralized I.

The Buddha's Necklace, *1967*

07

KUNDALINI is a compound word: KUNDA reminds us of the Abominable Kundartiguador Organ, and LINI is indeed an Atlantean word which signifies ended. Therefore, the Pentecostal Fire rising through the Medullar Canal signifies that the Abominable Kundartiguador Organ comes to an end.

The Solar Bodies, *1968*

07

It is obvious that with the ascent of the Sacred Flame along the medullar canal, the organ of abominations reaches its end, and concludes the blind force of Fohat.

The Mystery of the Golden Blossom, *1971*

07

The word Kundalini is derived from kunda, which reminds us of the Kundabuffer organ, and lini, which is an Atlantean word that means "to cease."

Thus, Kundalini means "cessation of the Kundabuffer organ." Normally, the serpent is found enclosed in the church of Ephesus (chakra Muladhara). When it ascends through the medullar canal, it converts us into angels. Yet, if it descends due to fornication (spilling of the ens seminis), it converts us into demons.

The Mayan Mysteries, 1977

07

In the past it is clear that some Sacred Individuals made a mistake and implanted the abominable Kundartiguador Organ in the nature of the human being. But what could we do to be saved? That other [organ] exists and it is the Kundalini. The word itself says it: Kunda-lini. Beelzebub's Kundalini was flowing downwards, forming the tail (Kundartiguador) of the Demon. Now, the only Begotten's duty was to raise Beelzebub's Kundalini upwards, towards his head, in order to convert him into an Angel.

The Revolution of Beelzebub, 1950

Afterwards, when he finished reviving all of these scenes, he then arrived before the only Son (only Begotten), saying: "I come with my soul transformed." The Master then continued helping him, and his Kundalini arose. Thus, the 'tail' (Kundartiguador) of the demon disappeared from him.

We have talked a lot about Kundalini –the serpent that goes up– and about Kali –the serpent that goes down–, but, in spite of everything, the brothers have not yet become fully conscious of what these two serpents are. They have an idea about the one that goes up, they know that it ascends through the spinal cord canal from chakra to chakra until the brain. But about the one that goes down, they barely have a vague idea. They only remember it as the abominable Kundartiguador Organ; they know that it precipitates from the coccyx towards the atomic infernos of man, and nothing else. It is necessary to advance a little in that knowledge, since we are trying to dissolve the Ego, the "I", the Myself, the Oneself.

The Fifth Gospel ·Serious Consequences of Human Hypnotism ·*Third Chamber – Mexico City – 1973*

Certainly, brothers, we have been told that Krishna had to fight the terrible serpent Kali, but no one has been able to measure the depth of Kali. That serpent, my dear brothers, has us in its rings, but we ignore that it has us in its rings. To dissolve the "I" is difficult, but it is frightening when we have to know that we have to fight the horrible tempting serpent of Eden, the horrible Python with seven heads which Apollo, irritated, wounded with his arrows. It is not at all easy to combat against the tempting serpent of Eden, and this is something we must profoundly understand and in all the levels of the mind.

The Fifth Gospel ·Serious Consequences of Human Hypnotism ·*Third Chamber – Mexico City – 1973*

Now, you will be able to understand, at this moment, the cause or the reason why it is so difficult to put an end to all those bad tendencies that exist in the human species. The inhuman elements that we carry within, deep down, are

nothing more than the bad consequences or the bad crystallizations of that fatal viper.

The Fifth Gospel ·The Binary Serpentine Power

07

We are trying to truly fight for our freedom. We want freedom, to emancipate ourselves and, in doing so, it turns out that we are trapped inside the horrifying rings of the tremendous viper. It is called Kali, or Python, and it is the one that governs, unfortunately, the Age of Kali-Yuga, that is, the Black Age in which we are. It is an electric power, it is dread; the magic force it possesses is immensely superior to ours and to our possibilities. All the Ego is nothing more than the crystallization of the bad consequences produced by that fatal viper. Upon entering this path, we are confronting a power superior to ours: Kali. It is about breaking the rings of the frightful viper in order to make us free. But it is not so easy, that is why the work is either done or not done; if it is to be done, it has to be done seriously, very seriously. It is not so easy –I repeat– to break free from those rings that crush us, the rings of the great snake. That snake can only be defeated by another snake, and that other one is Devi Kundalini.

24 The hindmost vestiges of the Kundartiguador Organ

Listen to me, Gnostic Brethren. You must comprehend that you can end the evil consequences of the Kundartiguador Organ only with the three factors of the revolution of the consciousness.
