

The Root Races

The seven rounds of the Earth and the seven races of humanity: the Polar, the Hyperborean, the Lemurian, the Atlantean, our own Aryan race and the two still to come, how each began and how each ends, in his own words, from all fifty-two books

501 PASSAGES · 33 BOOKS · 18 LECTURES · 28 SECTIONS · 8 PARTS

SAMAEL AUN WEOR · IN HIS OWN WORDS

Every word here is his. Nothing has been paraphrased, joined or improved. Each passage was cut out of the book it belongs to by reference, and each carries that book and the paragraph it came from (and, where he was speaking rather than writing, the name of the lecture with the place and the year the volume records for it), so anything on this page can be found again in the source.

It is a long history, so it is told in order. First the frame. The Earth passes through seven rounds, from the mental world down to the physical and back, and *"now that we are in the Fourth Round, it is physical"* The Moon went before it: *"This is how the worlds reincarnate."*

Then the races, all at once and then one by one. *"Every planet gives birth to seven root races; thereafter it dies." "Each Root Race ends with a great cataclysm." "So far there have been five races; missing are the sixth and much later the seventh."* The second part gives the whole sequence in his own survey of it, with the Aztec Suns, and the table below sets his words for each race side by side. Parts three to six take the Polar and Hyperborean races, Lemuria, Atlantis and our own race in turn, from its seed to *"the Aryan Root Race is a rotten fruit"* and its end.

Then what comes after. The just are taken out before the catastrophe, to new lands *"the great future race called Koradi will dwell"*; there is a seventh race; and in the end the Earth *"will become a new moon"* The last part is his instruction for seeing it for oneself: *"One day we will see Atlantis."*

THE SEVEN ROUNDS

We are in the Fourth Round

THE SEVEN RACES

Every planet gives birth to seven root races

Part One – The Rounds and the Moon Before Us

I We are in the Fourth Round

He teaches that the Earth has passed through four rounds, condensing from the mental plane into the astral, then the etheric, and now the physical, and that three more rounds will carry it back up to the mental before the Cosmic Night. He adds that the planet's fire produced little in the earlier rounds, so our physical world carries planetary karma and evolves slowly and heavily.

In the first round, our Earth was created with matter of the mental plane; in the second round our Earth condensed itself into the substance of the astral plane; in the third round our Earth condensed itself into substance of the ethereal plane; in this present fourth round our Earth crystallized into a physical and chemical form.

Christic Aztec Magic, 1973

It is urgent to know that this physical-chemical Earth evolves under the laws of planetary karma.

Christic Aztec Magic, 1973

❧

The evolutions were very poor in the first round, likewise in the second and third rounds. Indeed, the fire produced very little in those three previous planetary rounds. Now, in this fourth round in which we are living, the outcome is in front of our sight: the Luciferic man of this fourth round is frightening. Therefore, the planetary fire, scarcely developed and overcharged with planetary karma because of the poor results from the previous planetary rounds, has produced in our physical world a very slow, heavy and terrible evolution.

Christic Aztec Magic, 1973

❧

The future fifth round will develop itself in the ethereal world, the sixth in the astral world and the seventh in the mental world. Afterwards, the Great Cosmic Night will arrive. The future three rounds will produce very little due to the planetary karma.

Christic Aztec Magic, 1973

❧

Malkuth is the Kingdom. Malkuth is the Tenth Sephira of Kabbalah. The ethereal Earth firstly condensed itself into an elemental form and afterwards into a physical form. There exists elemental fire, elemental air, elemental water, and elemental earth of the wise. These four kingdoms condense themselves physically by means of salt.

Christic Aztec Magic, 1973

That Earth, at the beginning, was merely mental during the First Round; astral during the Second Round, etheric during the Third Round, and now that we are in the Fourth Round, it is physical.

The Fifth Gospel

Salt is the great agent of the Moon. The radiant salt permits the condensation of fire. The volatile salt permits the condensation of the elemental air. The liquid salt permits the condensation of the water. The physical salt permits the condensation of the elemental earth. This is how, by means of salt, the four elemental kingdoms can condense themselves in a physical form. This is how our physical world was born. Unfortunately, it was born charged with a lot of karma.

Christic Aztec Magic, *1973*

The division of the history of humanity into the golden, silver, copper and iron ages is a tremendous reality. The planetary fire under goes involution and evolution, passing through these four above mentioned stages. There is no doubt that the Fire of our planet Earth has produced very little profit in the three preceding rounds and in the ancient Earth-Moon. This Fire is full of karma. To this we owe the failure of humanity on the planet Earth.

The Perfect Matrimony, *1966*

If the Fire of our planet Earth had totally evolved in the ancient Earth-Moon and in the three preceding rounds, in this moment the life of our Earth would be a true paradise. Unfortunately our plan etary Fire is full of cosmic karma.

The Perfect Matrimony, *1966*

Obviously, we are in the Fourth Round. The First was in the world of the mind; the Second was in the astral world; the Third, in the etheric world; the Fourth, in the physical world. The Fifth will once again be in the etheric world. Then life will unfold in the etheric world and there will be christified men at that time, as there are now, and the christified man will be the way I am painting him: he will have a Christified etheric body. Such body will replace the physical one, such body will be the vehicle of an Essence enriched with the virtues of the soul. That Spirit-Man of the Fifth Round will be the Christ-Man.

The Fifth Gospel · The Need to Crystallize the Soul · *Second Chamber – Mexico City – January 1977*

That Earth, at the beginning, was merely mental during the First Round; astral during the Second Round, etheric during the Third Round, and now that we are in the Fourth Round, it is physical. In the Fifth, it will be etheric again; in the Sixth, it will be astral again, and in the Seventh, mental. Lastly, life will return once more to its original proto-hyle, to its Iliaster, to the germ that it came from, to its authentic seed.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

Now, it is necessary to talk about the seven planetary rounds.

II The Moon had life and is the mother of the Earth

He describes the Moon as the mother of the Earth: a living world of the previous solar system, the Lunar Chain, which died when the Cosmic Night came and was reduced to a seed, from which a new Earth emerged. Passages from The Revolution of Beelzebub give his earlier names for these stages, the Solar and Lunar periods and the Earth-Moon.

Long before the emergence from within Chaos of the lunar chain about which so many distinguished theosophist writers have spoken, there existed a certain universe of which only traces now remain among the intimate registers of Nature...

The Mystery of the Golden Blossom, 1971

In accordance with cosmic decisions, seven human races very similar to those of our world, evolved and involuted on that planet.

The Mystery of the Golden Blossom, 1971

❧

By the time of it's Fifth Root Race, which overly resembled our own, there existed the abominable civilization of Kali-Yuga or the Iron Age, such as we have at this moment here on Earth.

The Mystery of the Golden Blossom, 1971

❧

In the name of truth, I have to tell you that I, as an Initiate or Bodhisattva, had to work in previous Maha-Manvantaras and I knew, in reality and in truth, the ancient Earth-Moon. Back then that satellite was still a world like our world: it had a rich mineral, plant, animal and human life; stormy seas and erupting volcanoes, etc.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

❧

All the satellites of our solar system were part of the previous solar system, which in esotericism is called the “Lunar Chain”. Any solar system is born, grows, ages and dies. The Lunar Chain was like that, including this moon which illuminates us at night, and which was one of the various worlds of the Lunar Chain.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

❧

The time of activity is called, in esotericism, Maha-Manvantara; the Cosmic Night is called Pralaya. So, the Moon had life and is the mother of the Earth; this has to be understood.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

❧

When the Cosmic Night arrived, lunar life poured itself into the superior dimensions of Nature and of the Cosmos, and the geological crust was abandoned; that is: the seas little by little got drained, evaporated, and volcanoes exhausted their fires after the Seventh Great Race.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

❧

The Moon had Seven Great Races, but at the end of the Seventh Great Race, the entire lunar life poured itself into the fourth dimension; much later, into the fifth; subsequently, into the sixth, and finally, into the seventh dimension. The physical crust, precisely, was abandoned, turned into a corpse.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

❧

And all that past solar system –the only exponents of which nowadays are the lunar satellites of our present system– died physically. But it continues to exist from the point of view of that which is called "substance". That is, in final synthesis, it turned into something that we could call "pro-matter", into something that is called "Iliaster".

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

❧

It seems incredible, but our solar system, in final synthesis, could be reduced to a seed, to its Iliaster, and that is all. Let us take a tree: a tree has developed from a germ, and in the germ lie, potentially, the trunk, the branches, the leaves, the flowers and the fruits. The Iliaster is the seed of any solar system. Thus, the Lunar Chain was reduced to its Iliaster; within the Iliaster matter remained, in potential; it remained latent.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

The Moon looks like a satellite, but it is a mother which rotates around its daughter (the Earth).

Runic Magic, 1969

That is how the elements emerged. Fire, undoubtedly, crystallized into air; air, into water, and water, into earth. And a new world came into existence, a new solar system that emerged from the Iliaster; a new Earth, daughter of the Moon, daughter of the lunar soul, daughter of the lunar spirit, result of its original proto-hyle or of its Iliaster.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

❧

At the end of the Seventh Round of the Lunar Chain the Virginal Sparks, Rays or Divine Lightning Bolts submerged themselves within the Absolute without any Self-Realisation, save some few exceptions. These were the Men-Angels who indeed accepted the Doctrine.

❧

When the failed Virginal Sparks submerged themselves within the uncreated light of the Abstract Absolute Space, they radically abandoned their tenebrous ex-personalities who violently precipitated themselves throughout the devolving path…

My Return to Tibet, *1969*

❧

Therefore, I am going to give testimony of that which I have seen and heard. Listen to me men and Gods: I know in depth the Seven Mysteries of the Moon, the Seven Jewels, the Seven Surges of Life which evolved and devolved within that which the Theosophists call the "Lunar Chain".

Runic Magic, *1969*

❧

Certainly, the Moon is the satellite of the Earth only in one sense. What I am referring to is that it rotates around our planet.

Runic Magic, *1969*

❧

The Moon was an inhabited planet, but now it is just cold refuse, a shadow that is dragged by the new body (the Earth), which is where all of its powers and principles of life have been passed by transfusion. It is condemned to be in pursuit of the Earth throughout many ages. The Moon looks like a satellite, but it is a mother which rotates around its daughter (the Earth).

Runic Magic, *1969*

❧

We, who were active in the past cosmic day, know very well that the moon was a world like our earth, a world subject to many evolutive and involutive processes, a world that had life in abundance, but which has already died. The moon is a cadaver. The moon belongs to the past Ray of Creation. The moon does not belong to our present Ray of Creation.

Christmas Messages, *1952-66*

❧

When the cosmic night of the solar epoch approached after millions of years, the Four Lords of Flame endowed the present human Intimates (Spirits) with a Spiritual Soul or Buddhic body, which is the body of intuition.

❧

Javhe is the contrary pole of Christ. Javhe was the highest black and tenebrous Initiate of that epoch. When the Cosmic Night arrived, then the universe seemed to submerge itself into the chaos. All of Nature entered into a happy dream... The seeds of all living things delivered themselves into the arms of dreams... Thus, the harps of the Elohim were delectably vibrating within the infinite spaces.

The Revolution of Beelzebub, 1950

The beginning of our ethereal Earth, which is called the Earth-Moon (the Lunar Period in all of its plenitude), was initiated after those processes of recapitulation.

III This is how the worlds reincarnate

He teaches that the Moon had seven root races of its own, the Selenites, giants at the start and tiny people at the end, and that he lived among them and taught them. The lunar life now evolves and devolves on the Earth, and the history of the Earth's races repeats the history of the Moon's.

I lived among the Lunar humanity. I knew its seven Root Races, its epochs of civilization and barbarism, its alternating cycles of evolution and involution.

Runic Magic, *1969*

When the Selenites arrived to the sixth Sub-Race of the Fourth Round (the same age to which this Terrestrial humanity has already reached) I accomplished a similar mission to the one which I am accomplishing in these moments on the planet in which we live. I taught to the people of the Moon the Synthesis-Religion, which is contained within the Initiatic Stone (the sex), the doctrine of Jano (I.A.O.) or the doctrine of the Jinns. I lit the flame of Gnosis among the Selenites, I formed a Gnostic Movement there. Thus, I sowed the seed... and as I sowed, some seeds fell by the way side, and the mundane fowls of the air devoured them.

Runic Magic, *1969*

❧

The transference of all the vital powers of the Moon to this planet Earth left that old Selenite abode without life. Therefore, the Lunar-Soul is now reincarnated in this world upon which we live.

Runic Magic, *1969*

❧

Truly, there on the aforementioned bridge, you encountered my spirit; however, it is obvious that what you saw; the bridge, the river, the vegetation, etc., etc., corresponds to an extremely ancient past, because nowadays the Moon already is a cadaver. It is good that you know that worlds, people, vegetables and animals are born, grow, age and die. In the name of truth, I must tell you that today the Moon is a cadaver. That satellite had life in abundance. It went through its infancy, through its youth, through its maturity; it grew old and died.

Beyond Death

❧

The soul cannot only see the future and the present, but also the past. That which you saw corresponds exactly to that past epoch in which the moon had mighty rivers, deep seas, luxuriant vegetation, erupting volcanoes, vegetable, animal and human life. I want you to know that the Selenites existed: the Moon had seven human races throughout its successive historical periods. The first were giants and the last were Lilliputians, that is to say, very little. We could catalogue the last human families that lived on the Moon as ant men. Do not be surprised by what I am telling you: this always happens on every planet. The first races are

giants and the last are very little. I am happy that you have remembered what you saw and heard on the Moon.

Beyond Death

❧

If we observe Selene (our Moon) we will see that it is a cadaver. It had a rich life, seas and volcanoes. There are other moons which orbit around Mars, Saturn, etc., which once had life. In the past Mahamanvantara which was a Padma, or Golden Lotus, the Moon had a humanity, seven races, and died.

Tarot and Kabalah, 1978

❧

Seven great races existed on the Moon. The lunar soul, lunar life, is now involuting and evoluting on our present day Earth. This is how the worlds reincarnate. The Gods of Nature have worked a great deal in order to create self-conscious beings. The Gods had to conduct difficult experiments in the laboratory of Nature. From those test-tubes of the great laboratory came forth different forms of animal; some with the purpose of elaborating matter for the creation of man, others forming the residue of semi-human beings, and still others, true human failures.

Tarot and Kabalah, 1978

❧

All the evolving and devolving life of the Earth came from the Moon. When the great life abandoned the Moon it died, it became a desert. Seven Great Root Races existed on the Moon. The lunar soul, the lunar life, is now devolving and evolving in our present Earth. This is how the worlds reincarnate.

Christic Aztec Magic, 1973

It is good that you know that worlds, people, vegetables and animals are born, grow, age and die.

Beyond Death

Any Jivanmukta or Mahatma can verify for himself that previous manifestations on the lunar world existed.

My Return to Tibet, 1969

❧

It is ostensible that the Moon was in other times the abode of the Selenites. It is not difficult to comprehend that seven human Root Races evolved and devolved on the lunar crust.

My Return to Tibet, 1969

In accordance with the wise Law of Reoccurrence, which is always processed in all of the worlds, it is obvious that the First Selenite Human Root Race was a generation of giants. Based on this cited law, we can comprehend without much difficulty that the last families of Selene were Lilliputians, extremely small in stature.

My Return to Tibet, *1969*

The devolving regression of this Selenite humanity until its primeval, elemental, germinal state is unquestionable.

My Return to Tibet, *1969*

One has to investigate directly. In the name of truth, I have to testify that as a Bodhisattva I lived on the ancient Earth-Moon and knew its Seven Great Races and its powerful civilizations. One day will come when the shovels of the astronauts, archaeologists or geologists who go over there will discover, in the lunar subsoil, vestiges of ancient cultures, and then they will realize that, really, the Moon is older than the Earth.

The Fifth Gospel · The Destruction of our Lunar Inheritance · *Third Chamber – Mexico City – June 1977*

We, the Brethren of the Temple delivered this Arcanum A.Z.F. in ancient times to the humanity of the ancient Earth-Moon. Those who then accepted the great Arcanum elevated themselves to an angelic state. In that epoch of the ancient Earth-Moon, we gave the same warnings. This work was performed when the humanity of the moon had reached the age in which our present terrestrial humanity is in. This happens when life initiates its return towards the absolute, and we, the Brethren always accomplish the duty of warning and teaching. Those who in the ancient Earth-Moon rejected the Great Arcanum became terribly perverse lunar demons. Now these demons dwell within the abyss.

The Aquarian Message, *1960*

Some human beings of the fifth Root Race from the Earth-Moon came to accept the Great Arcanum too late, they are therefore now lifting themselves up into the angelic state. A new dwelling was given unto this remnant group, this group now lives on another planet.

The Aquarian Message, *1960*

In other words I affirm the following: all the history of the Earth and of its races, from the dawn of life, is a repetition of the history of the Selenites that once inhabited that satellite, when it was still alive and had life in abundance.

24 PASSAGES

1 Every planet gives birth to seven root races

He teaches that every planet gives birth to seven root races, each with seven sub-races, and that the Earth has had five so far: the Polar, the Hyperborean, the Lemurian, the Atlantean and our own Aryan race. Each race came out of the one before it, and each conquers an element of nature, from fire in the first race to the ether that ours has still to conquer.

The regent of Malkuth is ChamGam, the genie of the Earth. Every planet has Seven Root Races. Our Earth has had five already, two more Root Races are still needed. After the Seven Root Races, our Earth will be transformed by great cataclysms; it will become (through millions of years) a new Moon.

CHRISTIC AZTEC MAGIC, 1973

Every planet develops seven Root Races and seven subraces. Our planet Earth already developed five Root Races; it needs to develop two more Root Races.

MY RETURN TO TIBET, *1969*

❧

For this reason, people have been called to settle karmic debts. However, with the destruction of the Aryan Race the program, the magnificent program of the Seven Human Races, would never be completed. I want you to know that any world in space has to give, undoubtedly, Seven Races. Our Earth, at present, has only given Five Races. There has to be a Sixth Race in the future, on a transformed Earth, on a new Earth.

THE FIFTH GOSPEL · TRANSCENDENTAL EXHORTATION ADDRESSED TO THE MISSIONARIES

❧

"My doctrine is not mine, but his that sent me." Listen to me, you must study in depth with your mind and your heart this revolutionary chapter of this 1968-1969 Christmas message. The

Elohim (holy Gods) produced Man from themselves (by modification), in their likeness ... He (the collective Deity) created them (the collective humanity or Adam) male and female.

Runic Magic, *1969*

❧

The Protoplasmatic Root Race from the Sacred Island (located in the Septentrion) was truly their first production. It was a tremendous transformation of themselves (the Elohim) and which was through themselves. These productions were pure spiritual existences. Behold here the Adam Sollus.

Runic Magic, *1969*

❧

From this primeval Polar Root Race, the second Root Race arose: The Adam-Eve or JodHeva, the Hyperborean people, the inactive androgenous. The third Root Race, the Lemurian people, arose always by modification, from the Hyperborean. This race was the separative Hermaphrodite Cain and Abel, which lived upon the gigantic continent of Mu or Lemuria as it was later called, and that was situated in the Pacific Ocean.

Runic Magic, *1969*

❧

This third Root Race was the last semi-spiritual one. As well, it was the final vehicle of the pure, virginal, unbegotten, instinctive and innate esoterism of the Enochs, or the Illuminated ones from that humanity.

Runic Magic, *1969*

❧

The separative Hermaphrodite Cain and Abel produced the fourth Root Race of SethEnos, which lived on the continent of Atlantis, situated in the Atlantic Ocean. Our actua l Arian Root Race, which perversely dwells upon the five continents of the world arose from the Atlantean people.

Runic Magic, *1969*

❧

Each one of the four preceded Root Races perished from gigantic cataclysms, and our fifth Root Race will not be an exception.

Runic Magic, *1969*

I want you to know that any
world in space has to give,
undoubtedly, Seven Races.
Our Earth, at present, has only
given Five Races.

The Fifth Gospel

It has been said unto us that in a remote future, two more Root Races will exist upon the face of the earth. It is obvious that each one of them will have its own scenario. The primeval bisexual unity of the third human Root-Race is an axiom of ancient wisdom. Its virginal individuals elevated themselves to the rank of Gods, because these people were actually representing their divine dynasty.

Runic Magic, *1969*

Psychoanalytical Gnostic Anthropology delves profoundly into the past. This human race which nowadays populates the face of the Earth is nothing but a race of intellectual animals mistakenly called men. You can become offended if you want, but before this race of intellectual animals existed, Lemurian, Hyperborean and Polar men existed. Intellectual animals are derived from Atlantis, they were born in Atlantis. The real men of Lemuria, in their last days, withdrew from the world scenery. They left their organisms to the superior elements of the animal kingdoms.

The Revolution of the Dialectic

The race of intellectual animals was preceded by the men who existed in Lemuria, in the Hyperborean continent and in the northern polar cap which in that era was situated in the equatorial zone. On what does Psychoanalytical Gnostic Anthropology base itself to affirm this? Why does it say this? It bases itself not only on all the traditions that come in the books of Ancient E of the land of the Incas, of the land of the Mayas, from Greece, India, Persia, Tibet, etc., but also on the direct investigations of those who have succeeded in awakening consciousness through a psychological revolution.

The Revolution of the Dialectic

If you believe that physical matter, which makes up our world, always had the same mathematical formulas, then you are completely wrong. It was different in the Polar, Hyperborean, Lemurian, Atlantic epochs and now, by crossing through the Alcyone rings, its mathematical formulas will change completely.

The Fifth Gospel · Secret Repercussions of the Rings of Alcyone

We are approaching the Ethereal world. The human being has to conquer the fifth element of nature, the ether. This has to be the conquest of the Aryan Race. Gross materialism must fall wounded before the majesty of the ether. This book is for those who indeed want to convert themselves into Angels.

The Mysteries of Fire, *1955*

Every planet gives birth to seven root races; thereafter it dies. Our planet Earth gave birth already to five root races; two more root races are needed. Seven elements of nature exist. The first root race lived in the polar cap of the north and conquered the fire. The second root race, after having fought against the tempestuous atmosphere of the air from the second continent, the Hyperborean continent, attained the conquest of the air and adapted themselves to the environment.

The Mysteries of Fire, *1955*

The third root race lived in Lemuria, fighting against the tempestuous seas and were removed by incessant seaquakes. The third root race conquered the water.

The Mysteries of Fire, *1955*

The fourth root race lived in the continent of Atlantis within an aqueous atmosphere. Human beings breathed though gills; but a total transformation happened in the human physiognomy with the Deluge: the human being developed his lungs and adapted himself to the new atmosphere. Then the human being perceived the physical world with his sight and he conquered the element earth.

The Mysteries of Fire, *1955*

Presently we are in the Aryan Root Race, which populates the five continents of the world. The triumph of this root race has not yet been conquered. The Aryan Root Race will conquer the ether. Atomic investigations will take the human being to the conquest of ether.

The Mysteries of Fire, *1955*

In the New Aquarian Era, the Aryan Root Race will conquer the interplanetary ether, and cosmic trips to other planets will become routine. Cultural and commercial interaction will be established with all of the Solar System; thus, as a consequence, the human being will elevate himself to a high cultural level.

The Mysteries of Fire, *1955*

Later on, the Sixth Root Race that will inhabit the continent of Antarctica will conquer the Astral Light.

The Seventh Root Race will conquer the Cosmic Mind; then, the human being will elevate himself to the Angelic kingdom.

11 Each Root Race ends with a great cataclysm

He teaches that each root race ends in a great cataclysm, and that a race lasts no longer than one journey of the solar system around the Zodiac. Once a race has given the few people the Sun could make into solar humans, it fades away slowly or perishes in a catastrophe.

Thus, this is how we spoke to the woman dressed in purple and scarlet, and as we spoke with her, the images of five mounts were passing by in our imagination. These are the five Root Races which have existed. Each Root Race ends with a great cataclysm. Our fifth root Race will soon come to its end.

The Aquarian Message, 1960

Since each of the great races that have existed in the world have always ended with a great cataclysm, we can logically deduce that our Aryan race is to end very soon, also with another tremendous cataclysm.

Each one of the seven terrestrial epochs finishes with a great cataclysm, which is symbolically described in the Apocalypse in the following way: And the first angel sounded, and there followed hail and fire mingled with blood, and they were cast upon earth: and the third part of the trees was burnt up, and all green grass was burnt up. Throughout the course of history, we have been able to see that our solar system moves through the zodiacal belt. Just as the terrestrial year exists, it is also true that the sidereal year exists. And just as our terrestrial year has four seasons –which are spring, summer, fall and winter–, so too the sidereal year has four seasons: spring, summer, fall and winter. The sidereal year is the journey of the solar system around the Zodiac. A race does not last longer than the time it takes the solar system to go around the Zodiac.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

The Atlantean Race –the one that preceded us before we, the Aryans, existed– ended exactly when the sidereal year concluded, that is, when the journey of the solar system around the Zodiac concluded. Then the great Universal Flood came, which was none other than the submersion of the Atlantean continent amid the raging waves of the ocean that bears its name.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

When it arrived at the end of Lemuria, it turned the page of history: the volcanoes started to erupt, terrible tsunamis and great earthquakes were produced which put an end to the entire powerful civilization of the Mu continent. When it arrived at the end of the journey related to Atlantis, a revolution of the Earth's axes was produced: the seas changed their bed and swallowed that great continent with all its millions of inhabitants.

III The dates in which the previous suns perished

He reads the Aztec legend of the Suns as the history of the races: the children of the First Sun were devoured by tigers, those of the Second swept away by hurricanes, those of the Third destroyed by a rain of fire, those of the Fourth swallowed by the waters, and those of the Fifth, ours, will perish by fire and earthquakes. The same pages give each race's ruling god, its body, its way of reproducing and its continent.

The Aztecs state that the human beings of the First Root Race were devoured by tigers, those of the Second Root Race converted themselves into monkeys, those of the Third Root Race converted themselves into birds and those of the Fourth Root Race converted themselves into fish. We state that the human beings of the present Fifth Root Race will become goats. We presently are in the sixth sub-race of the Fifth Root Race of the fourth Planetary Round.

The First Root Race was gigantic and black in color, however it was very civilized. This was an androgynous Root Race, asexual, semi-physical, and semi-ethereal. These Individuals could reduce their size to the normal size of a person of this present Aryan Root Race. The rituals and wisdom of the First Root Race were marvelous. Temples and constructions were portentous. Barbarism did not exist in that epoch. Such a Divine Root Race was devoured by the tigers of wisdom. He describes how the way humans reproduced changed from race to race: the Polar race was androgynous and divided in two, the Hyperboreans reproduced by budding, and the Lemurians were hermaphrodites until the sexes separated. He calls the division into opposite sexes the beginning of the great tragedy.

The Collective Host of Elohim (symbolized by the Sexual Hierogram of "IO") was reincarnated within The Three First Root Races in order to populate the world. When a Master wanted to speak in a gentle manner he would put his feminine principle to the fore. When he wanted to show his firnmess he would put forward his masculine principle. This is how the Elohim are. The Latin tradition tells of how Aeneas went to the Sanctuary of Apollo (the Aeneid book IV) and spoke with the oracle who told him what awaited him. Aeneas requested to see his dead father, sought entry to the Inferno. The terrible Sibyl, custodian of the woods of Hecate Proserpina (third aspect of the Divine Mother), the woods of Avernus, replied: "The descent to Avernus is easy, the return to Earth is the difficult thing. Few are they who have achieved it." She asked him to obtain a bough sacred to Proserpina, the Divine Mother in her infernal aspect, whose leaves and branches were of gold. Aeneas made a sacrifice of some black sheep, then saw "two doves" in flight. In them, the hero recognised the birds of his Divine Mother (a symbol of the Holy Spirit). This message he wisely interpreted. The birds led him to the forest of Proserpina, to the branch which would enable him to enter the Inferno. 1 This is the protoplasmic race

He describes the first root race, the Polar or Protoplasmic race, which came down from higher dimensions onto an Earth that was still semi-etheric, more than three hundred million years ago. Its bodies were androgynous and elastic, able to grow gigantic or shrink, and it reproduced by dividing in two, as a cell does.

Three races of men existed, but how could you know it when your consciousness is asleep? Those who succeed in awakening will be able to investigate in the akashic archives of nature.

A human race floated in the atmosphere. It had still not fallen on the humid earth. How did it reproduce and what was its origin? This race had evolved and involuted in the superior dimensions of nature and of the Cosmos. It finally crystallized on an Earth which was also protoplasmic after many evolving processes, surged forth from its original germ located in the Chaos, in the Magnus Limbus, in the Yliaster of the world. When that race crystallized, it formed the surface, the nucleus, which could just as well assume gigantic figures as well as reduce itself to a mathematical point.

THE REVOLUTION OF THE DIALECTIC

Ever since then, the fissiparous process remained in the blood and continues occurring in our cells by the millions. Isn't that true? Who dares to deny it? I present facts! Do you perhaps believe that that cellular process does not have a root, an origin? If you were to think so it would be absurd because there is not a cause without an effect and no effect without a cause. Therefore, we have inherited that. From whom? From the men of the first race.

THE REVOLUTION OF THE DIALECTIC

The detached organism could continue developing thanks to the fact that it continued capturing, accumulating, protoplasm from the surrounding atmosphere.

The first race came forth from the superior dimensions, complete and perfect. It was the marvellous result of ceaseless evolutions and transformations that had started since the primeval and germinal state.

The Secret Doctrine of Anahuac, 1974

A human race floated in the atmosphere. It had still not fallen on the humid earth.

The Revolution of the Dialectic

Undeniably, the first race never had elementary tools or primitive fires. We will now state the following postulate for the sake of the Great Cause: Before the first human race left the fourth co-ordinate to become tangible and visible in the Euclidean three-dimensional region, it had to gestate fully inside the Jagad-yoni, the womb of the world.

The Secret Doctrine of Anahuac, 1974

The planet Earth, throughout its staggered descent, finally penetrated into this threedimensional region, carrying a formidable cargo of germs and organisms. It is evident for any Mahatma that the most valuable treasure brought by this great ship called Earth was the First Human Root Race, who lived on the North Polar Cap.

My Return to Tibet, 1969

The polar race developed in an environment totally different from the present one. In that age, which dates back more than three hundred million years, the earth was really semietheric, semi-physical; it was an ocean, curved, blue as the night firmament. In those times human beings could float in the atmosphere. Human bodies were androgynous and ethereal. These bodies were elastic and subtle. Just as they could maintain their gigantic form, ten or twenty meters tall, they could reduce their size at will and assume pygmy-like stature, or take the size of the present human body.

The Perfect Matrimony, *1966*

We cannot affirm that those people were hermaphroditic. This race was androgynous. The sexual energy operated in a different way, and they reproduced through the fissiparous sexual act. In a determined instant the original organism divided into exact halves. This is similar to multiplication by cellular division. Each time this occurred there was prayer and profound veneration of the Divine. Although it may seem incredible, the first human race reached a very high degree of civilization. With the plastic and ethereal matter of this primeval Earth, houses were built, palaces, cities and grandiose temples. Naturally, the pigs of today's materialism will laugh at our affirmations because they have never found the remains of this civilization. It is impossible to find the remains of such an ancient civilization, because in that age the Earth was ethereal, that is to say, it was made of pro-matter. Only in the memories of nature can the great clairvoyants find all the living history of the first race.

The Perfect Matrimony, *1966*

This is the protoplasmic race. This is the legitimate protoplasm of the human race. The great clairvoyants can laugh all they want at the Darwinian and Haeckelian protoplasm. The fossil remains of human beings found in the subterranean caverns of the Earth have nothing to do with the protoplasmic race. These remains are those of degenerated tribes, descendants of the submerged Atlantis.

11 The true cradle of occult wisdom was the sacred island

He describes the civilization of the first race on the Sacred Island, which he also calls distant Thule and the Crystal Island. The island lay on the equator in that age and was later carried north by the turning of the Earth's axis; its people spoke the Language of Gold and wrote in runes, and he says the island has endured through every round.

Religion, science and philosophy were totally united in the culture of the polar race. The inhabitants of distant Thule were Bodhisattva vas of the Masters of other Mahàmanvantaras.

THE PERFECT MATRIMONY, 1966

The language of the protoplasmic race was the Word of Gold, a universal and cosmic language whose combinations of sound produce cosmic phenomena of all kinds. Those who follow the Path of the Perfect Matrimony rediscover that primeval language within themselves. When the Sacred Fire reaches the level of the throat, we begin to speak in the very pure orthoepy of the divine language which, like a river of gold, flows delightfully beneath the dense forest of the Sun. Singing in this language, the parents of the Gods taught the Gods the cosmic laws of nature.

THE PERFECT MATRIMONY, 1966

The script of the first race was the Runes. The mallet of Masonry comes from the arrow of the Egyptian God Ra, and this is a Rune. In that epoch, the rituals of the polar Temple were all runic. The movements of the officials were runic. This is the Divine Script. Let us remember that the Swastika is a Rune. The Hebrew letters are nothing other than modifications of runic letters.

THE PERFECT MATRIMONY, 1966

The first race lived in the fourth dimension of space. The Earth itself was then submerged within the fourth dimension. That race had a gigantic civilization, the Language of Gold was spoken and they wrote with runic letters. These letters are of great esoteric power. In that epoch, the Angel Uriel wrote a precious cosmic book with runic letters. We can only study this book in the Akãsa Records.

THE PERFECT MATRIMONY, 1966

The manner of perception and representation of the people of the first race was not subjective as is that of humanity today. These polar people had clear and perfect objective representations and perceptions. They could see bodies in a complete and exact manner. The people of today can only see sides, angles, faces, surfaces etc. Now nobody sees complete bodies. People of today are degenerated and only have incomplete, subjective perceptions and representations of a type which is completely degenerate and subjective. We need to return to the point of

departure and regenerate our psychic apparatus through Sexual Magic and internal meditation to reconquer objective representations and perceptions.

Let us remember that in that ancient Golden Age, as a result of the periodic revolution of the axis of the planet, the Crystal Island, Apollo's Land, was in the equatorial region. This was a superlative and divine race of more-than-perfect androgynous people. The "Hurricane" (Mayan term, which was later carried to South America) meant to the Aztec hierophants, Wind, Blow, Word, Verb; it incarnated in those superb beings and founded the Crystal Island, the civilisation of the Aesir.

This is because, indeed, it is the only land whose unique destiny is to endure from the beginning until the ending of the Mahamanvantara, passing though each Cosmic Round. This island is without any doubt the archaic paradisiacal cradle of Adam-Kadmon, the first human root race, androgynous people, protoplasmic, capable of reproducing themselves, as we already stated, by means of the power of imagination and willpower united in vibrant harmony.

III The Hyperboreans were a more psychic race

He describes the second race, the Hyperboreans, who came out of the first and lived in the northern regions. They were less gelatinous than the Protoplasmic men and reproduced by budding, like coral or a sprouting plant. Passages from The Revolution of Beelzebub describe the same epoch as the time when the Earth was a globe of fire.

Later, the Hyperboreans surged forth of whom Friedrich Nietzsche speaks about.
THE REVOLUTION OF THE DIALECTIC

The Hyperboreans also existed; they were no longer as gelatinous as the protoplasmic men. Upon speaking in this manner, I am not referring to the cellular soul of Haeckel, in the salty sea, nor to the famous atomic moneron; that is Haeckel and his followers with their absurd theories.
THE REVOLUTION OF THE DIALECTIC

❧

Now I wish to emphatically refer to that Hyperborean race that was derived from the protoplasmic race. The Hyperboreans were a more psychic race that reproduced by sexuality in the form of budding. Have you seen the corals on the cliffs of the stormy ocean? From one coral comes out another, and from that one, another, and another. There are plants which by means of their sprouts continue multiplying themselves, the same occurred with the Hyperboreans. Certain sprouts that appeared in the Father-Mother operated the sexual force until that sprout became detached and gave rise to a new child. That was the method of reproduction of the Hyperboreans.

1 This is how the first terrestrial crust called Lemuria was formed

He describes how the first dry land, Lemuria or Mu, formed in the Pacific in a hot and misty world, and how the third race came to rest on hard ground as giant hermaphrodites. He also tells how sacred individuals came to Lemuria in a cosmic ship and how an organ was given to humanity to steady the Earth's crust.

The incessant boiling of the water wells surrounding the fiery core finally caused encrustation and the dry land appeared upon the surface of the fiery globe. Thus, the word of the Creator was accomplished when He said: "and let the dry land appear...And God called the dry land Earth." This is how the first terrestrial crust called Lemuria was formed.

The Revolution of Beelzebub, 1950

In the end, that race became submerged in the bottom of the stormy Pacific Ocean throughout millions of years of evolutions and involutions of this fecund Nature. From the bottom of the seas later surged forth a gigantic continent, Lemuria, which covered the entire Pacific Ocean. It was there where for the first time, the human race rested upon the hard crust of the earth. The Lemurian continent appeared, not through spontaneous generation as Epicurus and his followers believed, nor through natural selection, the theory elevated to the category of a creating god, marvelous rhetoric that has come from the absurd, isn't that so? How did it surge forth? In what manner? As the arboreans crystallized, their human bodies took up a hard shape. In this manner the Lemurian hermaphrodites appeared. In the same manner that they are symbolized in the gigantic sculptures of Thia, Hidalgo, Mexico. They walked upon the face of the Earth. In the beginning, they reproduced by detaching an egg cell from their organism and this egg cell developed to give origin to a new creature. That is the epoch in which the phallus and the uterus had not yet been formed, that was the epoch in which the lingam-yoni were germinating. That was the epoch in which the ovary had not yet developed.

The Revolution of the Dialectic

A tribe of enormous black and monstrous giants existed in the beginning in Lemuria. Each individual of such a barbaric tribe was at least six to eight meters in stature. Indeed, those individuals were corpulent and horrible monsters. Such subjects came from within the test tube of the laboratory of nature, as nature tried to create the human being. Such an attempt was a true failure of Nature. Those individuals were bestial and they sexually crossed themselves with certain antediluvian monsters. A kind of monstrous chimpanzee was the outcome of such a mixture; this monstrous chimpanzee, in its turn, crossed itself with other beasts resulting in (after many thousands of years), the primitive ass from which the present ass comes from.

II It was the Age of gold

He describes Lemuria in its golden age, when people lived twelve to fifteen centuries, saw the world in many dimensions, perceived the creatures of the elements and built great cities walled with lava. He says their civilization was far above ours.

In the earliest times of Lemuria, there was almost no differentiation between the human species and the animal species. Yet, after 150,000 years of evolution, the Lemurians reached a very grand degree of civilization, which we, the Aryans are still very far from reaching.

Friends, it is urgent to understand the state in which we currently are. In the ancient times of Lemuria –in those times when the rivers of pure water of life flowed with milk and honey– humanity was governed by the Fulasnitamnian Principle. Such principle gave human beings a very long life. Then, normally, one could live ten to fifteen centuries; there was more than enough time to form within ourselves the Superior Existential Bodies of the Being.

The Fifth Gospel ·Urgency of the Inner Revolution ·*Message directed to the Gnostic youth – Mexico City – 1975*

The people of Lemuria saw the world as it is. They knew that the world has nine dimensions in total –we would say seven fundamental ones– and they saw the world in a multi-dimensional way. In Atlantis, only a third of the color tonalities could be perceived; and now, only the seven colors of the solar spectrum and a few tonalities are perceived.

The Fifth Gospel · The Exercise of SELF-KNOWLEDGE

The people of Lemuria were different. For them, the mountains had high spiritual life; for them, the rivers were the body of Gods; the entire Earth was perceptible to them as a great living organism. They were another kind of people, different, distinct.

The Fifth Gospel · The Exercise of SELF-KNOWLEDGE

In Lemuria, about three hundred consonants and fifty-one vowels were normally used. Over time, the eyes have atrophied and the speech capacity has also diminished. The sense of smell has greatly diminished, degenerating and after the submergence of Atlantis, the human race has definitely precipitated down the path of degeneration. Now, barely seven basic colors of the solar spectrum and a few tonalities can be perceived; this is the harsh reality of the facts.

The Fifth Gospel · The Wonders of Awakened Consciousness · *Public Lecture – 1975*

III The separation into opposite sexes was performed throughout various thousands of years

He teaches that the Lemurians were hermaphrodites who at first reproduced by an egg detached from the body, and that the sexes separated slowly over thousands of years, a fact complete by the end of the race. Even after the separation, couples united only in the temples, under the guidance of the Hierarchies, and no one spilled the semen.

The Lemurian Hermaphrodites had the Phallus and the Uterus and also all of the Male and Female organs totally developed, this is why they could create or reproduce themselves without the necessity of the Sexual Act. However, all of the pseudo-esoteric and pseudo-occultist people who hate sexual magic have never demonstrated unto us that they have the Male and Female sexual organs totally developed.

THE SOLAR BODIES, 1968

The times elapsed in Lemuria and the reproduction system by germination appeared. Such a system caused astonishment in that epoch. The ovary received a fecundating cell, in other words, a spermatozoon, in such a manner that when that egg became detached from the ovary of a hermaphrodite, it already went previously fecundated.

THE REVOLUTION OF THE DIALECTIC

Upon coming to existence, the egg opened up after a certain time of fecundation and from there came out a new child. That is why the Nahuas said: "The Children of the third sun transformed themselves into birds", a wise affirmation of the ancient Nahua culture. But once the end of Le muria came closer, in the third or fourth sub-race onwards, human beings divided into opposite sexes; cooperation was then necessary in order to create. The system of cooperation to create comes from Lemuria. It is clear that an ovarian egg fertilized by a cell is needed. It is only in this manner, in the union of a fertilizing cell with an ovum, that the original cell with the 48 chromosomes can surge forth, which we indisputably carry in our interior and in which the 48 laws of our creation are represented.

THE REVOLUTION OF THE DIALECTIC

Those authors who consider this to be evolution, the return to divine hermaphrodism etc., are mistaken. The authentic hermaphrodite is not of intermediate sex. The hermaphrodite of the submerged continent of Lemuria was complete, having both sexes totally developed and evolved. They were not infrasexuals. They were not of intermediate sex. Today it is only possible to find the divine hermaphrodite in the Spirit and Soul that is fused and perfect. The cornietely feminine Soul and the completely masculine Spirit are fused in initiation. An Angel is a divine hermaphrodite. No Angel is of intermediate sex. It is necessary to place ourselves upon the Path of the Revolution of Consciousness. This path departs from the laws of evolution

and involution. Really this is the straight, narrow and difficult path, of which the Great Kabir Jesus spoke.

Treatise of Sexual Alchemy, *1954*

In the gigantic patios of ancient Lemuria, men and women united sexually in order to create. The sexual act was directed by the Elohim. The man and the woman withdrew before the spasm in order to avoid seminal ejaculation.

The Greater Mysteries, *1956*

It is a characteristic of nature to mobilize enormous reserves of creative energy to create any cosmos. However, of its enormous reserves it only uses an infinitesimal quantity to carry out its creations. Thus, man loses six or seven million spermatozoa in a seminal ejaculation; however only one infinitesimal spermatozoon is needed to engender a child. In Lemuria no human being ejaculated the semen. Then the couples united sexually in the temples to create. In those instances the lunar hierarchies knew how to use one spermatozoon and one ovum to create without the necessity of reaching orgasm and seminal ejaculation. No one spilled the semen. The sexual act was a sacrament that could only be realized within the temple. Woman in that age gave birth to children without pain, and the Serpent arose victoriously through the medullar channel. In that age man had not left Eden, the whole of nature obeyed him, and he knew neither pain nor sin. It was the tenebrous Lucifers who taught man how to spill the semen. The original sin of our first parents was the crime of spilling the semen. That is fornication. When the mart of Paradise fornicated he then entered the kingdom of the Lucifers. The man of today is Luciferic.

Friends, unquestionably, if the cross is the instrument of torture and martyrdom, in truth, it is also the instrument of liberation. In the ancient times of Lemuria the key of the Ark of Science was known. At that time the men and women, who had not yet lost their Edenic innocence, met in the Mystery Temples to reproduce, but they did not reproduce like real men; they reproduced as supermen reproduce. At that time the gift of Kriya-Shakti was clearly accepted. Men and women united to create and create anew. But they never spilled the Glass of Hermes Trismegistus, the Thrice-Great Ibis God of Thoth, and as a consequence or corollary, the sacred serpent ascends through the dorsal spine of those sacred men. Those creatures had power over the fire, over the air, over the waters, and over the perfumed earth.

When the human being fornicated, he had to work in sorrow because he lost his divine powers; thus, thorns and thistles were what he brought forth from this valley of tears. In ancient times, when the human being still did not depart from Eden, the sexual act was only performed within the sacred precinct of the temples of mysteries and under the guidance of the angels. This is how uncorrupted Men and Women were born within the thick jungles of Lemuria.

IV We fell into animal generation with sexual transgression

He teaches that the Lemurian race fell when it gave itself to the pleasure of sex: it lost its powers, came to know death and pain in childbirth, and was expelled from the temples, and he says he fell with it. Then, through more than ten thousand years of earthquakes and volcanoes, Mu sank into the Pacific while Atlantis rose.

In the beginning of this civilization, sexual relations were only performed with the objective of engendering bodies for the reincarnating souls. The proper day and hour was chosen by the angels, and for this reason childbearing was painless. The human being was living in a paradisiacal state, yet Lucifer and the lucifers, who are the black magicians from the Lunar period, tempted the human being and they mislead him towards the black path.

THE REVOLUTION OF BEELZEBUB, 1950

The work of the lucifers was a work of black magic. They awoke the passionate fire of humanity, with the only purpose of creating proselytes for the black lodge, since every demon is a fornicator.

When the human being delivered himself to the pleasures of the coitus he lost his occult powers. Thus, the words of Jehovah were accomplished when he said: In the sweat of thy face shall thou eat bread, till thou return unto the ground; for out of it wast thou taken; for dust thou art, and unto dust shalt thou return. (Genesis: 3: 19) Unto the woman he said, I will greatly multiply thy sorrow and thy conception; in sorrow thou shall bring forth children; and thy desire shall be to thy husband, and he shall rule over thee. (Genesis: 3: 16)

THE REVOLUTION OF BEELZEBUB, 1950

The violation of any law always brings pain. Childbearing was painless for the women in Lemuria because the child was engendered in the very hour, minute and second which the cosmic laws were favoring for reproduction. Thus, the violation of this law brought pain in childbirth.

THE REVOLUTION OF BEELZEBUB, 1950

The Lemurians did not know death. They knew the exact date and hour of their disincarnation, and so they were digging their own tombs. They were abandoning their own body by will and with a smile on their lips.

The Revolution of Beelzebub, 1950

They also never disappeared from the sight of their relatives, because they were clairvoyant. They kept coexisting with the dead because death was simply a passing into a different state. But when the human being lost his powers because of the coitus, then he knew death.

Do not forget that Adam is not one man, neither is Eve one woman. Indeed, Adam is all of the millions of men of Lemuria, and Eve is all of the millions of women of Lemuria. The souls that in this day and age you see wearing a suit of flesh and bones are the same souls of Lemuria, who in those times were wearing other suits of flesh and bones. Part Five – Atlantis, the Fourth Race

17 PASSAGES

1 The very ancient, submerged continent of Atlantis

He describes Atlantis, the continent of the fourth race in the ocean that bears its name, whose civilization knew atomic energy and has still not been surpassed. The religions and alphabets of Egypt, the Maya, the Inca and the Greeks came from it.

Beloved Gnostic Brethren, on this Christmas Night of 1967, we are going to start our Christic message by remembering the very ancient, submerged continent of Atlantis. The Priests of Sais in the ancient Egypt of the Pharaohs told Solon that Atlantis had been destroyed 9,000 years before having had that conversation with him.

THE SOLAR BODIES, 1968

Let us now remember that submerged primeval continent named Atlantis. In the land of the Pharaohs, ancient Egypt, the priests of Sais told the great Athenian Solon that Atlantis had been destroyed nine thousand years before they had such a conversation with him.

THE MAYAN MYSTERIES, 1977

Our boastful modern civilization has not yet surpassed the Atlantean civilization. The Atlanteans also knew about Atomic Energy and utilized it in times of peace as well as in times of war.

THE SOLAR BODIES, 1968

The human beings of Atlantis reached a very high degree in their civilization, similar to that of the Lemurians. During that time, the Earth was enveloped by a thick mist, and the human beings were breathing through galls. The Lemurian flying ships and boats propelled with atomic energy were also known in Atlantis.

THE REVOLUTION OF BEELZEBUB, 1950

In ancient times before the submersion of the Atlantean continent, people had developed that faculty of the Being, known as instinctive perception of cosmic truths.

YES, THERE IS A HELL, A DEVIL AND KARMA, 1973

The Atlantean continent extended and oriented itself towards the austral regions and the most elevated areas towards the septentrional ones. Its mountains exceeded in grandiosity, elevation and quantity to all those that presently exist.

All of the religious teachings from primeval America (such as the sacred cults of the Incas, Mayans and Aztecs, as well as the Gods and Goddesses of the ancient Greeks, Phoenicians,

Scandinavians, Hindustanis, etc.) have Atlantean origins.

The Egyptian, Incan, Mayan, etc., religions were the primeval religions of the Atlanteans. All the Egyptian and Mayan symbols and hieroglyphs come from the same Atlantean source. This is the only way that the similitude of these alphabets can be explained; indeed, the similarity is too enormous to even consider that it is an outcome of chance.

11 The result of those abuses was the destruction of that continent

He describes the degeneration of the Atlanteans: their black magic, their abuse of sex, the sacrifices of Queen Katebet, and a people that came to eat human flesh. He reads the Stanzas quoted by H. P. Blavatsky as the pride of the third and fourth races and the loss of the third eye.

While its inhabitants remained loyal to the religion of their forefathers, fulfilling the precepts of the God Neptune, and not violating Law and Order, the Atlantean cities flourished. Yet, when they profaned sacred things, when they abused sex, when they stained themselves with the seven capital sins, then they were punished and submerged with all of their wealth into the bottom of the ocean.

The Solar Bodies, *1968*

In Atlantis the black magicians also utilized similar rituals, combined with the sexual forces. The result of those abuses was the destruction of that continent which had reached an extremely high level of civilization.

The Atlantean humanity was clairvoyant and they marvelously managed to handle the cosmic forces. A very important sanctuary existed in that epoch. This sanctuary was named the Sanctuary of Vulcan. The atoms of Ariman eventually damaged the clairvoyance of the human being. This is how our humanity remains enslaved by the illusion of this physical world.

The Revolution of Beelzebub, *1950*

The students of occultism fill themselves with infinite horror when they examine the history of Atlantis in the Akashic Records of Nature and they find events such as the one that we comment about as follows: The Initiates remember that beautiful woman named Katebet of gloomy memories, Queen of the Southern States and the powerful city of the Gates of Gold of that submerged continent.

The Mayan Mysteries, *1977*

Indeed, amongst the Borgia and Medici's family history there is no perversity like that of Queen Katebet. She captivated with her malignant beauty and necromancy. She fascinated and seduced princes and kings with her enchantments. Many maidens and children were immolated in honor of the tenebrous entities of the inner underworlds.

❧

The priest-physicians not only utilized the chemistry of the endocrine glands as hormones and juices, but moreover, they also utilized the hyper-chemistry of such glands or the psychic, vital fluids of the chakras or magnetic centers of the human organism, which are intimately related with the endocrine centers. After having taken their immolated victims away from the sacrificial stones, the cadavers were transferred to certain secret chambers where the priest-physicians extracted the precious endocrine glands that were so indispensable in the preservation of the fatal Queen's body. Her youthful beauty, with all of her enchantments, lasted for many centuries.

The Mayan Mysteries, 1977

IV Some Atlantean survivors searched for refuge

He traces what was left after the sinking: the survivors who took refuge in Africa and India, the new lands that rose from the sea, the cities later buried under the sands of the Gobi, and the degenerate tribes descended from the Atlanteans. Some survivors of Lemuria and Atlantis, he says, still live inside the Earth.

The epoch of Atlantis's submersion was indeed an era of many geological changes. During that time, other landmasses surfaced from within the profound bosom of the immense sea to become new islands and new continents.

THE SOLAR BODIES, 1968

Some Atlantean survivors searched for refuge on the small continent of Grabontzi (present-day Africa). This continent increased in size and extension because other landmasses, (which had surfaced from within neighboring seas) were added onto it. In ancient times, the Gulf of Mexico was a beautiful valley. The Antilles Islands, Canary Islands and Spain are pieces of the submerged Atlantis.

THE SOLAR BODIES, 1968

Today, the ancient Kolhidius Sea is known as the Caspian Sea. It was situated in the northeast of the then newly formed continent of Ashhartk, which is present day Asia. The coasts of the Caspian Sea were formed by those lands that had surfaced from within the ocean and joined the continent of Asia.

THE SOLAR BODIES, 1968

Asia, the Caspian Sea and the entire block of that land together, is presently known as the Caucasus.

THE SOLAR BODIES, 1968

Such a block of land, in those times, was named Frianktzanarali and later on Kolhidishssi; however, in this day and age, as we already stated, it is the Caucasus. In those times of yore a great river that fertilized the whole rich land of Tildiamis flowed into the Caspian Sea. The river at that time was known as Oksoserja. This river still exists; however, it no longer flows into the Caspian Sea due to a secondary tremor that deviated it towards the right.

THE SOLAR BODIES, 1968

The rich volume of water from such river violently precipitated itself through the most depressing zone of the Asiatic continent, thus originating the small Aral Sea; however, the very ancient river bed of that old river, which is currently named Amu Darya, can still be seen as a sacred testimony of the flow of the centuries.

THE SOLAR BODIES, 1968

After the third great catastrophe that finished off Atlantis, all of the cities and towns of the ancient country of Tikliamis, with its formidable capital situated on the shores of that river that flowed into the Caspian Sea (which later originated the Aral Sea), was covered by sand, and today remains as only a desert.

The Solar Bodies, 1968

During those epochs unknown to Cesar Cantu and his Universal History, another beautiful country existed, known as Marapleicie. This country traded with Tikliamis and a very strong commercial competition existed between them.

The Solar Bodies, 1968

Many pearl-tradesmen from Atlantis were saved by taking refuge in Pearland, a country that is known in this day and age as India.

The Solar Bodies, 1968

Later on, the country of Marapleicie changed its name to Gob land due to the great city of Gob.

The Solar Bodies, 1968

Gobland and its powerful city were swallowed up by the sands of the desert. So, within the sands of the Gobi desert, many wealthy Atlantean treasures are hidden as well as powerful machines that are unknown by the populaces of this Aryan Root Race.

The Solar Bodies, 1968

Once in a while, the sands leave all of those treasures exposed; yet, nobody dares to touch them, because the one who tries is instantaneously killed by the Gnomes who guard them. Only the human beings of the future Sixth Root Race will know of these treasures, based upon the condition that they behave upright.

The Solar Bodies, 1968

Many pearl-tradesmen from Atlantis were saved by taking refuge in Pearland, a country that is known in this day and age as India.

The Solar Bodies, 1968

The Fourth Root Race or Atlantean Race notably evolved until its objective. Then subsequently, it precipitated itself throughout the devolving descendent path. It is ostensible that always a descent occurs after every ascent, an ascension is always followed by a descent. When the continent that was known with the name of Atlantis submerged within the Atlantic ocean, some survivors continued to exist in present lands, as the studies of palaeontology have already started to suspect.

The so-called European primitive races of the Stone Age (such as the Cro-Magnon that lived in the caverns of the Earth) were formerly very beautiful but the degenerative descending cyclical impulse acted terribly on those races of Atlantean origin. The Atlantean Root Race disappeared, swallowed up by the sea. Such a race had seven Sub-races; the last of these Sub-races, the seventh Sub-race, corresponds to the survivors of the Great Tragedy.

11 The seven branches of the Aryan trunk already exist

He teaches that each root race has seven sub-races and names ours: Central Asia; India and southern Asia; Babylon, Chaldea and Egypt; Greece and Rome; the Anglo-Saxon and Teutonic peoples; and the mixture of the Spanish with the native peoples of America. His accounts of the seventh sub-race differ from book to book.

Each root race has seven sub-races. Each sub-race has on its turn, seven divisions which can be called "branches" or "family races." The small tribes, sprouts and offshoots of the latter are numerous and depend on the influence of destiny.

The harsh reality of the facts is that such planet has an orbit with more years. That planet came during Lemuria and provoked great earthquakes and volcanic eruptions on that continent. That same planet came at the end of the Atlantean era and put an end to Atlantis. And now it comes at the end of our Aryan Race, and it will put an end to the Aryan Race. It works in coordination with the sidereal day, so our solar system travels around the entire Zodiac in the space of about 25,968 years. In these precise moments, the journey is ending, because this journey began after the Universal Flood in the constellation of Aquarius, and the solar system has returned again to the constellation of Aquarius. So, the journey is ending and Hercolubus is again in sight of the observatories of the entire world. Hercolubus will not attract the wicked to its subterranean or submerged regions; that concept –I repeat– is wrong. Hercolubus will produce the total revolution of the Earth's axes –that is indeed true– and, as a sequence or corollary, all of humanity will be devoured by water. First, the fire will "have a field day", first everything that has life will be burnt, and then the water will complete the destructive work. That is the harsh reality. In the Infernal Worlds of our planet Earth, the lost ones will involute.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

When Hercolubus gets too close, then the fire that exists in the interior of our world will be attracted by the power of that majestic planet. New volcanoes will be unleashed everywhere and the earthquakes, tsunamis and great geological cataclysms will multiply. At the maximum approach of Hercolubus, there will be a revolution of the axes of the Earth, the Earth will turn upside down –so to speak–: the poles will become the equator, the equator will become the poles, and then the waters will invade the present continents and there will be "weeping and gnashing of teeth". Then, the millions of human beings who now live on the face of the Earth will disappear, and all the psychological values of this humanity will involute within the entrails of the world, passing through the Nine Dantean Circles.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

Obviously, Hercolubus has an extraordinary magnetic power. It will produce such explosion, causing part of the geological crust of the Earth to blow to pieces; liquid fire will gush out to

the surface everywhere; millions of volcanoes will appear here, there and everywhere, and terrible earthquakes and horrendous tsunamis will be caused. Liquid fire, flowing all over the surface of the globe, will burn everything that has life. It will be a universal fire that nobody will be able to extinguish and the entire suffering humanity will perish.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

❧

Much later, when that gigantic world which comes to "devour" the Earth will be at its closest, a revolution of our world's axes will be produced: the poles will transform into the equator and the equator will become poles; the oceans will change their bed and the current continents will be submerged under water. Then this "perverse civilization of vipers" will have disappeared forever. From all this, not one stone shall be left upon another.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

The cyclic history of humanity starts in Genesis 6, with the recounting of the universal flood (sinking of the Atlantean continent) and finishes in Revelation 20, with the burning flames of the final judgement.

☾ Part Seven – After the Aryan Race

34 PASSAGES · 3 PRACTICES

1 Before the cataclysm the just will be secretly saved

He teaches that before the catastrophe the just will be secretly saved and taken to a protected island in the Pacific, and that only those who have dissolved the ego will pass to the new lands. From this small group, mixed with people from other worlds, the Brothers are already forming the seed of the sixth race.

In these future days, only the just ones will be secretly saved. These select people will be those who were capable of lifting up the serpent upon the staff, as Moses did it in the wilderness.

THE AQUARIAN MESSAGE, 1960

The seed plot for the future sixth great Root Race will come from these select people. The times of the end have arrived and we are in them. "Many are called and few are chosen" (Matthew 20: 16).

THE AQUARIAN MESSAGE, 1960

The just ones must not be afraid; they will be secretly saved before the Great Cataclysm. Lot, the just one, was taken away from Sodom when Sodom and Gomorrah were going to be destroyed by the terrifying fire of the volcanoes of the earth.

THE AQUARIAN MESSAGE, 1960

The just will live on another planet while the earth will pass through a great geological transformation. Afterwards, they will return to this world in order to form the sixth Root Race.

THE AQUARIAN MESSAGE, 1960

The righteous will be taken from the earth in troubled times. Brethren, humanities from other planets will evacuate all of the righteous people from earth. Brethren, humanities from other planets have the perfect spacecraft to save the righteous. The inhabitants of the earth are once again raising the Tower of Babel and with it, threaten the starry heavens. God will confuse their languages and the Tower of Babel will be struck by the terrible lightning bolt of cosmic justice. The leap of man into the stratosphere and his escape in troubled times will be the greatest event of the catastrophic end of this dark age. The righteous will be the seed of the future sixth great race. The righteous will be brought to earth again when it is once again in favourable conditions for life. Then the sixth race, the Koradhi race, shall be born.

CHRISTMAS MESSAGES, 1952-66

So it was the end. The mystic contemplated all of this looking into the future, he saw himself together with two other masters helping to save the righteous. And from the bottom of the sea

surged forth new skies and new lands where the great future race called Koradi will dwell. Before the cataclysm the just will be secretly saved.

Mountain of Juratena

Nevertheless the just will be secretly saved. The future great Race will emerge from these righteous ones.

Mountain of Juratena

A PRACTICE

There will be new skies and new lands for the just. The just are chaste. Everyone who spills their semen even though they are married, is in fact a fornicator; for them, the fornicators, the abyss and the second death. This is the Law. May the Gnostics prepare for the great catastrophe that approaches. The day and hour no one knows except the Father. However this is already on our doorstep.

Mountain of Juratena

Now Hercolubus is coming again, it is already visible to all observatories, and there are maps drawn by astrologers. When it comes, it is going to be dreadful, this race will end. Today's continents, after being incinerated, will be swallowed by the waters. The survivors are going to stay on a secret island, awaiting for the emergence of new skies, new lands from the bottom of the seas on which a new humanity will live. A new humanity! And the survivors will become the root nucleus of that future race. However, nobody who has Ego will be admitted to the future race, during the Golden Age, because any admitted person with Ego would be enough to put an end to the Golden Age. People who have Ego will be excluded, they will not have the right to take a body in the new race. They will be set apart as if they were a plague, and rightly so.

The Fifth Gospel · Psychological Foundations of the False Personality · *Third Chamber – Mexico City*

But all this is the beginning of sorrows. The final catastrophe will be something frightful. And from the depths of the oceans, later on, another scenario will emerge, new lands, new continents, where a new humanity will live. But, despite the fact that so many millions of human beings will have to perish, there is a need to preserve, despite everything, the seed, the nucleus for the future Sixth Root Race that will live in the Golden Age. You, brothers, are all part of the World Salvation Army; in you we have the hope of taking out the nucleus for the future Golden Age. Right now, I am only making this Gospel known. Later, after I have done my work in Europe, I will work in Asia, and subsequently, I will advance into the oriental Tibet. Some Adepts of the Universal White Fraternity are already waiting for me there.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

On the eve of the great cataclysm that is coming, we, the Brothers, will come from the Himalayas not to write books anymore, but to act, to take out of their houses, of their villages, of their cities, those who have dissolved the Ego. And they will be the ones whom we will take to the promised island, to a secret place in the Pacific. In that place nothing will happen; that place will be protected by the Fraternity of the Inner Light; that place will be protected by those immortal and awakened Brothers who work upon the superior centers of the Being. That is where the select ones will be. In those days, the Earth will be covered in fire and water vapor, and after two centuries, new lands will emerge where a new humanity will live. From that nucleus will come the new humanity.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

Master: To participate in the exodus is one part and to have the right to be part of the fundamental nucleus of the future Sixth Root Race, in the new lands of tomorrow, is another. A person who has dissolved fifty percent of the Ego already gives hope, and deserves to be selected for the exodus, for the new exodus. But, in the scenarios of the future Sixth Root Race –that is, in that promised Eden of tomorrow–, only those who have died in themselves one hundred percent will be able to enter. This means that a certain group will be able to live on the secret island in the Pacific before the final cataclysm and even after the final cataclysm. But before the double rainbow appears in the heavens, signaling God's new covenant with men, those who have lived on that island, those who have worked upon themselves there, must also have died completely. If they do not succeed, they will have no right whatsoever to five in the lands of tomorrow, in the future Jerusalem.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

Master: I will answer that question with utmost pleasure. In the name of truth, I have to tell you that within me is the Fifth of the Angels of the Apocalypse, that within me is the Father who is in secret, my inner God. He is the Fifth Angel, he is the Kalki Avatar. So, in the name of truth, I can tell you now, that I am personifying the last of the Buddhas for this Aryan Race. I say the last one, and my task will consist in taking out the selected ones for the new exodus. I will have to take them out of the smoke and the flames to take them to a different land, to take them to an island where they will not be harmed at all. That is my concrete answer.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

Master: Well, Ego in its entirety, without divisions or subdivisions, Ego. The one who has eliminated the Ego, at least fifty percent, will be taken to where he should be taken: to an island where those who arrive there will be prepared so that they can later enter the new continents of the new race.

The Fifth Gospel · Transcendental Logical Foundation of the Inner Work · *Third Chamber – Mexico City – 1975*

Because there are going to be several filters: one is the filter of those who are going to take part in the new exodus. Another, the filter of those who, already on the island where they will be taken, can be selected to live on the new continents. Therefore, there will be a series of selections. Those who pass to the new lands can no longer have Ego. Anyone who has Ego will not receive authorization to pass to live in those new lands that are going to emerge from the bottom of the seas; this will be something totally prohibited.

The Fifth Gospel · Transcendental Logical Foundation of the Inner Work · *Third Chamber – Mexico City – 1975*

Now you will understand, as missionaries, what our labor is. It is necessary to form a nucleus of select people who will serve as a basis for the future Sixth Root Race; therein lies the labor of the missionary. The missionaries are precisely the ones who must organize the World Salvation Army. Before the great catastrophe, that Army must already be formed; before the great catastrophe, the select people will be taken to a secret place in the Pacific. In that place nothing will happen, from there we will be able to see the great tragedy. After that terrible cosmic event, the entire Earth will be enveloped in fire and water vapor.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

A PRACTICE

Those who are to be taken to the chosen site, obviously, must have dissolved the Ego or, at least, most of it. Those who have at least eliminated fifty percent of the undesirable elements that we carry inside us, can be selected, because if in times of anguish, they worked on themselves, they give hope. It is possible that then, on that solitary island, they will devote themselves fully to eliminating the other fifty percent. But those who will not have worked in any way on themselves, will not be able to be selected and will perish.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

In those days, the Earth will be covered in fire and water vapor, and after two centuries, new lands will emerge where a new humanity will live.

The Fifth Gospel

A PRACTICE

So the select people will not wait for nature to disintegrate for them the undesirable psychic elements in the Infernal Worlds. The select people will dissolve those elements by working on themselves, here and now.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

The select people will live on the sacred island, amid the fog of those days, as the entire Earth, after the great catastrophe, will be left enveloped in fire and water vapor, and the elements of fire and water will fight each other for several centuries. But time will be well spent on that island, and those who have not completed themselves, will complete themselves, will finish destroying the Ego. And when a double rainbow will appear in the clouds, signal of a new alliance between God and men, those who will have dissolved the Ego, will live on those new lands which will have emerged from the bottom of the seas and will serve as a nucleus for the future Sixth Root Race.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

A body will not be given, in the New Age, to anyone who has Ego, not even to the one who has one percent of Ego, because if someone with Ego were to take a body in the future age, that person would destroy the Golden Age. Just as a rotten orange, put in a basket of good oranges, rots them all, so too a single element with Ego is enough to rot the entire humanity of the Golden Age. For that reason, those who have Ego will be set aside; there will be no body for them in the Golden Age.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

It is for that reason the missionaries work. They want to form that nucleus which will serve as the root for the Sixth Race of tomorrow. Those who want to work are selected, in fact, by that Conscious Circle of Solar Humanity which operates on the superior centers of the Being. That Immortal Circle keeps watch.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

We can always choose. “Behold” –says Job–, “I have set before you two paths, that of life and that of death; you can choose”. Some will prefer to move away now from the cosmic scenario. Indeed, a lot of people move away. One day, they dissolve the “I” as far as they can. After death, they have to pass through many trials, and if they win, they enter one of the kingdoms, perhaps Tlalocan –the Paradise of Tlaloc–, or the Kingdom of the Long Hair, or the Kingdom of Great Contemplation, or that of Supreme Happiness. There they are helped to finish eliminating the inhuman elements. Afterwards, they definitively submerge themselves as pure spirits, as simple elementals of nature within the Great Alaya of the Universe. Many of those who have proceeded in this manner only wait for the great cataclysm to happen in order to reincarnate in the future humanity of the Sixth Root Race, and to self-realize intimately in the midst of the Golden Age and in better conditions than the present ones.

The Fifth Gospel · The Binary Serpentine Power

We are now going into an extraordinary age; the great selection has begun. Not all humanity that populates the face of the Earth will serve as the seedbed of the great future Sixth Race that will be in the future world.

The Fifth Gospel · Secret Repercussions of the Rings of Algyone

Moses, saved from the stormy waters of life, wrote the first. St. John, the extraordinary exemplification of solar exaltation, closes the sacred book with seals of sulphur and fire. Hence, in spite of the apparent full-scale, terrifying, and prolonged action of the unleashed elements, we are convinced that the nearing great cataclysm will not act evenly everywhere, neither in the continents nor in the seas. Some privileged lands will shelter the men, women and children of the World Salvation Army.

17 PASSAGES

11 That will be the future Sixth Root Race in its Golden Age

He describes the sixth root race, Koradi, which will live on a transformed Earth, on new continents raised from the sea and on the Antarctic continent, smaller in body but greater in soul. It will open with a Golden Age without borders, wars or money, ruled by solar dynasties, and its sub-races will repeat the old civilizations on a higher turn of the spiral.

Sixth Root Race: Koradi. It will exist after the cataclysm of the fifth Root Race; it will live on a transformed Earth.

THE MAYAN MYSTERIES, 1977

Later, the sixth race will flourish in the Antarctic continent. That race will be smaller in body but greater in soul. Their 12 senses will be totally developed. The avatar of that race will be Zachariel, the ruler of Jupiter, who will take up a body in order to teach the sixth truth.

THE GREATER MYSTERIES, 1956

❧

The men of the future earth, the men of the future great race, the men of the sixth race which will appear after the great cataclysm, will have to begin their lives in the caverns of the transformed earth of this modern civilization, for everything will be destroyed. When the Aryan race has disappeared, only the Doctrine of the Synthesis shall continue to exist.

CHRISTMAS MESSAGES, 1952-66

❧

The five inferior principles are: Soul, Mind, Astral Body, Etherial Body and Physical Body, these five principles are fallen, that is to say, the human being is fallen. The sixth principle (Conscience Soul) or BUDDHI never falls. This principle will govern the sixth Root Race. When the kingdom of the seventh principle comes, it will continue for a short space of time. During that period, a divine race will exist. This will be the seventh Root Race. The seventh principle is the INTIMATE.

In the future Golden Age, there will be no borders nor nations, and the entire Earth will be one great nation. Then the solar dynasties will govern the innocent and pure peoples.

The Fifth Gospel · Transcendental Exhortation Addressed to the Missionaries

❧

In the Golden Age which the new world awaits, there will be nothing of that which currently exists, for example: cars, planes; all that will be considered a taboo, a sin and, for a while, even painting a wheel will be forbidden, it will be considered a sin. A world where there are no borders, a world where there are no spies, where there are no armies, where there is no hatred, it is a paradise, isn't it? That will be the future Sixth Root Race in its Golden Age. That is why Virgil, the poet from Mantua, says: "The Golden Age has arrived and a new progeny rules. "

It is unquestionable that the glorious esoteric civilizations of ancient times will resurrect. In the first subrace of the future great root race, by the law of recurrence, there will come forth from the chaos the powerful cultures of the first Aryan subrace, but on a spiral of a superior type. In the future second subrace, there will resurrect the civilization that flourished in millenary India, before the Vedas and in ancient China. In the third subrace, there will be a new E new pyramids, a new Nile and the E civilization will resurrect; then there will reincarnate the ancient pharaohs and the thousands of souls coming from that glorious culture will return from Arnenti with the purpose of reliving the hieratic mysteries of the sun drenched country of Kern. There will also shine once more in that age the mysteries of Chaldea, Assyria, Babylon, Persia, etc., etc., but on a superior spiral within the great spiral line of life.

Yes, There Is a Hell, a Devil and Karma, 1973

❧

In the fourth subrace of the Earth of tomorrow, there will resurrect the mysteries of Greece and of Rome with the advantage of the superior spiral of existence. In the fifth subrace there will again appear a certain dangerous mechanicity; the civilization of the English, Germans, etc., will resurrect once more, etc., with the advantages of being more spiritual, by the concrete fact of being placed on a superior spiral. In the second to the last subrace of that great root race of tomorrow, there will be seen something similar to the Latin world, but with a more elevated, more dignified, more spiritual aspect. The final subrace of that future root race, although very technological, will not have the gross materialism of this black age of Kali-Yuga. In this manner, friends, is how the law of recurrence works, moving on the spiral of existence.

Yes, There Is a Hell, a Devil and Karma, 1973

These images float in the polar atmosphere; in this way, then, the poles of the Earth are becoming etheric. In the future these poles will become the equatorial axis of the Earth, due to the movement of the Earth known as the "precession of the equinoxes", that is, retrogression; the axis of the Earth is deviating little by little, and in the future the Antarctic will be inhabited by the divine humanity. In the North pole a continent will be found where later on will live the divine humanity.

Secret Notes of a Guru, 1952

Thus, the new scenario of the human evolution will be the Antarctic continent, and a continent in the North pole that has not been discovered yet. The present continents will submerge into the sea little by little; and the future of humanity is in the poles. When the present poles are converted in the equatorial axis of the Earth, the polar continents will be totally etherised, and we have here the fact that the future Earth will be etheric.

III This planet will become a new moon

He teaches that the seventh race, a divine race, will be the last, and that after it the physical Earth will become a new Moon. In the fifth round life will go on in the etheric world, on an Earth that will be blue, ethereal and transparent.

Our planet Earth, will not be an exception and you can be sure, ladies and gentlemen, that after the seventh human race, it will also become a new Moon.

And why did it become a moon? Intuition allows one to know that everything that is born has to die, and that every world in the starry space, in the long run, becomes a new moon. This Earth that we inhabit will one day grow old and die, and will become a new moon. And there are moons as heavy as, for example, the one that revolves around the sun Sirius, which has a density five thousand times more than lead.

From the doctrinal point of view, the Angel placed himself mentally in the time of the future Fifth Round of planetary evolution. In that age the physical - chemical Earth will already be no more than a cadaver, a new moon. Then all evolving life will develop in the etheric plane or etheric region of our Earth. The seven races of flesh and bone will no longer exist; they will have become extinct.

The Perfect Matrimony, 1966

❧

The Angel, situated mentally in the future Earth of the Fifth Round, related in opera the history of terrestrial evolution. He mentioned all the prophets that have been sent to the Earth. He

narrated with a melodious voice the history of the seven races of the world, the apocalypse of the present fifth race, the continents that existed in the past and their general destruction, the great cataclysms of the Earth, the great wars, the superhuman efforts that had been made by the great Avatars to save humanity, the crucifixion of the Martyr of Golgotha etc., etc. Then he lamented with pain the few that had been saved. Only a few had managed to be born as Angels. The rest, the great majority of human beings, were swallowed by the abyss. Of the billions of Souls that entered evolution and involution on the planet Earth, only a handful of creatures were fit for the Angelic state. "Because many are called, but few are chosen."

The Perfect Matrimony, *1966*

During these times of the twentieth century, life has already initiated its return to the Absolute and gross matter begins to transform itself into energy. We have been told that in the fifth round, the Earth shall be a cadaver, a new moon and that life will develop with all of its constructive and destructive processes in the etheric world.

The branches of our actual trees do not want to incline downwards; instead they want to elevate themselves upwards to the sun. This is because our earth has already reached its maximum material condensation, and now it yearns to elevate itself anew, to "etherealize" itself again... Really the ether is inundating the air and etherializing the Earth each time more and more. Thus, at the end of the great Aryan Root Race, the ether will be totally visible in the air. Then, all the creatures who live in the ether will share all of their activities with the human being.

I One day we will see Atlantis

He says the history of the races is kept in the records of nature and can be seen directly. He explains how he investigates Lemuria in meditation, and how a student can come to see Atlantis through imagination, inspiration and intuition.

Any deductive or inductive logical system invites us to comprehend that the whole history of the Earth and of its Root Races could not have been lost.

My Return to Tibet, *1969*

A PRACTICE

I, for one, am going to tell you something. When I want to investigate, for example, about Lemuria, the first thing I do in my way –if it suits you, follow my example, I will tell you how I do it–: I lie on my bed very calmly in the shape of the flaming star –arms and legs open–, body fully relaxed, I close my physical eyes so that things of the outside world do not bother me. Then I focus on my Divine Mother Kundalini, I tell her: "I want to know about such a thing, for example, about Lemuria –it is an example, right?– I want information." I beg and ask with true love, naturally, because one does not address the Mother in a dictatorial way –"ask a favour with a shotgun", as they say out there–; no, but with true love. The son must address his Mother with love.

The Fifth Gospel ·The Ephemeral Mechanisms of the Mind ·*Lecture given to the brothers from El Salvador – Mexico City – 1970*

A PRACTICE

And after the plea, I try to bring my mind to stillness and in silence. If a memory comes to me in those moments when I try to do the practice, then I comprehend it, analyze it and forget it. If any desire, any idea comes up, then I do the same: comprehend, analyze, discern and forget, and in the end, the mind remains still. Once it is still and in the deepest silence, then my Consciousness is unbottled, this is obvious. It goes out of the mind and I am going to live in Lemuria, and see the facts in Lemuria, and relive the existences that I had in Lemuria. Thus, I come out of meditation with all the information, I write it down and give it to you in printed books. How is this? What do you think about my system, my dear brothers?

A PRACTICE

So in order to know if Atlantis existed, you would need to verify that information. First of all, studying where Atlantis was located. That it was in the Atlantic Ocean? Okay good! What physical evidence, what data is there, what are its legends, which traditions, etc.? In possession of all that data, we then need to verify it. How will we verify it? Through the technique of meditation. We will have to lie down in our bed –hopefully with our head to the north– our body completely relaxed, our eyes closed. In moments in which we feel predisposed to sleep, we concentrate definitively on Atlantis, combining imagination and will in vibrant harmony. Let us remember that the imagination is feminine; it is not superfluous to tell you that the will is masculine, and that in the combination of these two polarities is found the key to all power.

The Fifth Gospel · The Power of Conscious Faith · *Second Chamber – Mexico City – 1977*

A PRACTICE

If we concentrate properly –I repeat– on Atlantis, with the body relaxed, vividly imagining the Atlantean continent; if we unite the will with the imagination in vibrant harmony, wanting to see Atlantis; if we practice daily, imagining ourselves there in the Atlantic Ocean, seeing a group of marvelous islands, among them that of Poseidon with the seven doors of massive gold, etc.; if we practice daily, what will happen? One day we will see Atlantis.

The Fifth Gospel · The Power of Conscious Faith · *Second Chamber – Mexico City – 1977*

A PRACTICE

We will imagine the Atlantean continent vividly, just as it was situated there in the ocean that bears its name, the walled cities, etc., and our will, will be to want to see, and our imagination will be to want to wait, to be in a receptive state to see what comes to the imagination.

The Fifth Gospel · The Power of Conscious Faith · *Second Chamber – Mexico City – 1977*

A PRACTICE

One of those many days, glimmers of Atlantis will begin to reach the imagination, and the images of that old continent will become more and more vivid. We will see its inhabitants, its cities, and if we are tenacious in the exercise, a day will come when we will be able to perfectly see the Atlantean continent totally. Those flashes will give us faith, but that faith will increase when we move on to the second aspect, which is called inspiration.

The Fifth Gospel · The Power of Conscious Faith · *Second Chamber – Mexico City – 1977*

A PRACTICE

Being inspired, we will feel within us what Atlantis was, we will know about its life and its tragedies. A third degree will lead us to intuition, and then, through intuition, we will not only be able to see clairvoyantly and get to feel the living emotions of the people, etc., of the Atlantean continent, but we will also then be able to study, in its totality, the life of that continent, of that humanity, in the same sealed archives of nature, in the akashic records. When that happens, we will have a lot more faith.

The Fifth Gospel · The Power of Conscious Faith · *Second Chamber – Mexico City – 1977*

A PRACTICE

Master: Undoubtedly, one first needs intellectual information, to know where that continent was – nowadays there are even maps of Atlantis–. Then one starts to work through meditation. Lying on your bed, your arms and legs relaxed, you will vividly imagine Atlantis; you will put your imagination in a receptive condition.

The Fifth Gospel · The Power of Conscious Faith · *Second Chamber – Mexico City – 1977*

A PRACTICE

Now, the first aspect in Initiation is imagination, then follows inspiration, and finally intuition. A first spark would be to really see with the imagination, let the Atlantis be reflected in our imagination: its cities, its towns, its villages, etc. A higher impulse would lead us to inspiration, to feel within us how life unfolded on that continent; it would no longer be cold figures, we would feel the joys and sorrows and the whole way of life of Atlantis. But the third aspect would be the highest: that of intuition, because with intuition we would now penetrate into a totally spiritual world, a causal world, and then we would have at our disposal the akashic records of nature. In those records, we could directly study the entire history of Atlantis; and this is how the great Masters have always proceeded. That is all!

How this was made. All fifty-two books were extracted (73,105 paragraphs, 2,157,671 words) and swept on his words for it: the rounds by number, the planetary chain, the root races and sub-races by name and by the word *race*, the lost continents, the cataclysms that end the races, the Aztec Suns, and the Moon before the Earth. The continents, the cataclysms and the cosmic frame were kept only where a race, a round or an epoch stood beside them, which dropped, among others, Atlantis as the stage of a rite or a machine and the prophecies of Hercolubus that name no race. His ten chapters on the subject were taken whole, and every paragraph next to one naming the rounds or the races was offered too. That returned **1,298 candidate paragraphs in 42 books.** Every candidate was read **twice, by independent readers** working from a written brief. The two passes agreed on whether to print 94.2% of the time and on the class 86.8%, and a third reader, who saw neither verdict, settled the 75 they did not. 532 were judged printable and **501 are printed here**, 58 of them from his chapters and 74 found only by position. The rest are recorded with the reason each was set aside.

What was set aside. 548 were rejected: 265 were another subject, most of them gathered from the chapters or beside a hit, as expected; 75 named a race or Atlantis only in passing; 57 were stories or polemic with no teaching; 41 were Atlantis or Lemuria as a setting; 40 were prophecy for its own sake; 24 were cosmogony with no round or race; 15 were headings; 14 were reincarnation, recurrence or karma as their own laws, which have their own works; 9 were the ordinary word; and 8 were a student's question without his answer. 71 more were judged and not printed.

Most of it he wrote down. 70 passages are spoken, from the two *Fifth Gospel* volumes, across 18 named lectures, each cited by the name of the lecture with the place and the year where the volumes record them.

Ten silent mends. Seven words the scanner split in two (*Le muria*, *ge rmination*, *de veloped* and four more), two headings the extraction glued onto the end of his paragraph, and one word the scan lost at a page end, *man*, which the same book gives twice more in the same phrase. Each is listed and checked on every build; his own words are otherwise exactly as the books have them.

No sentence of his is cut in half. Each range was extended against the corpus until his sentence closed, a passage that turned out to be the second half of the one before it was absorbed into it, and 89 ranges run over more than one paragraph. One passage that breaks off where the *Fifth Gospel* recording fails was left out rather than printed half.

6 paragraphs were cut in all. *The Mayan Mysteries* (1977) reprints chapters of *The Solar Bodies* (1968) and *Christic Aztec Magic* (1973); five of its paragraphs stand word for word in the earlier book, which is kept. Nineteen more that a first reading took for reprints turned out, measured, to tell the same history in other words, and those stand: the repetition is his own.

59 passages also stand in a finished work, and every one is marked where it stands. An overlap is allowed wherever the teaching needs it. What is not allowed is an overlap a reader cannot see.

Checked five ways. Every reader's note was proved to sit on the passage as it is actually printed. Every printed pair was compared as sequences, and the restatements that survived were read against both sources by eye. Every ragged edge was repaired or named. Every passage marked a practice was proved to carry its own instruction or was read for it by eye. And no passage stands on this page in the wrong language.

A work standing alone, like *Elemental Magic*, dressed in strata ochre and the murex purple of the ancient seas.
