

The Solar Bodies

The lunar bodies nature gives and the solar bodies that must be made, in his own words, from the fifty-two books

SAMAEL AUN WEOR · IN HIS OWN WORDS

Every word here is his. Nothing has been paraphrased, joined or improved. Each passage was cut out of the book it belongs to by reference, and each carries that book and the paragraph it came from (and, where he was speaking rather than writing, the name of the lecture with the place and the year the volume records for it), so anything on this page can be found again in the source. He wrote a book called *The Solar Bodies* (1967–68); this booklet gathers the teaching from all fifty-two books, that one included.

The first part is the bodies nature gives: the lunar, protoplasmic bodies, the four bodies of sin, the three demons that stand where the solar vehicles should be, and the Essence bottled within them: *"Humanity as yet does not have these vehicles." "The Protoplasmic, Lunar Bodies are certainly the common property of all the beasts of nature."*

The second part is the solar bodies themselves, of flesh that does not come from Adam: the wedding garment, the body of gold of the Solar Man: *"The solar bodies are living, radiant, sublime flames." "Let us understand that by "Real Men," we mean those who have built their solar bodies."*

The third part is how they are made: the sexual hydrogen Si-12, the special shock and the octaves, the forge, the salt, sulfur and mercury, and the second birth: *"Only with the Sexual Hydrogen Si 12 can we fabricate the Superior Existential Bodies of the Being." "It is necessary to transform the Moon into the Sun, in other words, to fabricate the Solar Bodies."*

The fourth part takes the bodies one after another, the astral, the mental and the causal, each with its birth and its food: *"The four bodies result from the crystallisation of Hydrogen Si 12 through the Law of Musical Octaves." "Only with the mental body do we become individuals."*

The fifth part is what the bodies are for: the chariot in which the Monad travels, the bodies turned to gold, and the lunar bodies left behind: *"That chariot is made up of four bodies: the physical, the astral, the mental and the causal; that is the chariot." "Once the bodies are created, we have to turn them into vehicles of pure gold so that they can be covered by the different parts of the Being."*

The last part is the danger: the two paths open before anyone twice born, the Hanasmussen, and those who never built the bodies at all: *"Before any Twice Born, Two Paths are open: the path of the right and the path of the left." "It must be understood however, that although an individual may have fabricated those Bodies, he has not for this reason attained immortality."*

1 Whoever wants to incarnate his soul

To incarnate the soul a person must have an astral, a mental and a causal body, and humanity as it stands has none of them, only cold and sleeping ghosts that go by those names. The vehicles are engendered as the physical body is, by a special copula, and they must be made before death comes.

Whoever wants to incarnate his soul must have an astral body, a mental body and a causal body. Humanity as yet does not have these vehicles. If we examine clairvoyantly the astral of any ordinary person we will see this astral as a ghost, cold and asleep. We really cannot give this astral ghost the name astral body. Whoever possesses an astral body lives awake in the internal worlds. People live asleep in the astral. When we invoke a disincarnated person we find them completely asleep. These astral ghosts speak of incoherent things and are full of cold and death.

Christmas Messages, *1952-66*

Whoever wants to incarnate his soul must have a mental body. People as yet do not have the mental body. The so-called mental body of the ordinary person does not deserve the title of mental body. The mental ghost of everyone is not the mental body. We need to create the mental body.

Christmas Messages, *1952-66*

07

The Soul Will normally lives in the causal plane. Whoever wishes to incarnate their soul must then create the causal body, or body of will. Anyone who creates the astral, mental and causal bodies then has the right to incarnate their soul. Anyone who incarnates his soul is a complete man. Only the complete man earns the right to enter into the mysteries of the Venustic Initiation.

Christmas Messages, *1952-66*

Anyone who incarnates his soul is a complete man.

Christmas Messages, *1952-66*

Whoever enters those mysteries incarnates the Christ. No one can incarnate the Christ without first being a complete man. No man is complete until the soul is incarnated. No one can incarnate the soul until astral, mental and causal vehicles have been created. People want to create with theories. This is the mistake of poor humanity. The body is not a child of any theory. The physical body of man is the son of the sexual act. A Hermetic aphorism says, "As above so below." If here in the physical we engender the physical body of our children with the sexual act, it follows that we can also generate the astral, mental and causal vehicles. A special copula is needed to engender these internal vehicles in the superior worlds. That special copula is the Arcanum A.Z.F. The basis of the Arcanum is to carry out the sexual act, but not ejaculate the Ens Seminis. Those who persevere with the Arcanum for life raise themselves to the Kingdom of Heaven.

Christmas Messages, *1952-66*

07

Do you want power? You need to have the vehicles where the powers develop. The astral, mental and causal ghosts develop the powers of a phantasm, that's all. You need the Christic powers. In what vehicle are you going to develop them? Have you not acquired the Astral Christ? Have you not the Mental Christ? Do you not enjoy the body of Christ Will?

Christmas Messages, *1952-66*

07

A PRACTICE

Stop a moment and meditate. Do not be fanatic or sectarian. Stop a moment! Please be honest with yourself. If you still do not have these Christic vehicles, do not waste time. Create them now before death comes.

Christmas Messages, *1952-66*

11 Humanity in general, is a lunar race

The bodies that nature gives are protoplasmic and lunar, the common property of every beast, carried up from the mineral past through the elementals of plant and animal. They evolve to a point nature has fixed, then fall back by devolution to where they began, and physical death does not destroy them.

The Solar Race, the Twice-Born, have Solar Bodies. Run-of-the-mill people, humanity in general, is a lunar race and only has lunar bodies of a lunar type.

III The Human Soul is dressed with the four bodies of sin

The physical, etheric, astral and mental vehicles of the ordinary person are called the four bodies of sin, and the lunar or inferior astral body, seated at the solar plexus, holds the passions inherited from the animal kingdom. When the I gains full control of these four bodies the Spirit withdraws; only the Arcanum A.Z.F. frees the warrior from them.

The Guardian of the Threshold is the human "I" which later metamorphoses into a Divine Angelic "I." After death, the Being abandons the astral and mental bodies following the course of his inner evolution. In this manner, the Being submerges himself within the starry infinite. Unfortunately, the Guardian of the Threshold remains at the threshold of mystery; that is the "I". When the Being returns to enter a new womb, the "I" then comes to make up our lunar or inferior astral body.

THE GREATER MYSTERIES, 1956

The bodhisattva is the Will-Soul (Human Soul). The Human Soul is dressed with the four bodies of sin, which are, the Physical, Etheric, Astral and Mental Bodies. The serpent of each of these four bodies of sin is fallen and Jesus had to raise them.

IV The intellectual animal only has a body of desires

What people call their astral body is a molecular body of desires, the lunar body in which the legion of the I survives death and returns to a new womb. The schools that speak of the septenary of man take for granted vehicles that ordinary people do not possess and that no one taught them to make.

A lot has been said about the astral body, but really the intellectual animal, falsely called man, still does not have an astral body. The intellectual animal only has a body of desires, a molecular body; that is all. Usually, this body is called the astral body, but really it is not the astral body. We need to create an astral body if what we really yearn for is the birth of Christ in our own heart.

CHRISTMAS MESSAGES, *1952-66*

The pluralised 'I' is that which continues, that which is not disintegrated in the cemetery. Thus, the legion of 'I's continues with a common body. Such a body is not the astral body, as many people suppose.

CHRISTMAS MESSAGES, *1952-66*

07

The body that the legion of 'I ' utilises is a lunar body or molecular body. It is necessary for the Gnostic students not to confuse this lunar body with the Solar Body. The Solar Body is the astral body. Really, only those who have worked with the Maithuna for many years can possess the astral body.

CHRISTMAS MESSAGES, *1952-66*

07

The little 'I's' which abide within the lunar body project themselves throughout all of the regions of the cosmic mind. Then, they return into their common body (the lunar body). Thus, the 'I' dressed with its lunar body returns into a new womb in order to re-dress itself with a suit of flesh, and to repeat the same tragedies and bitterness in this valley of tears. Therefore, only those who possess the Being can reincarnate. Those who do not possess the Being only return. To

possess the Being is necessary in order to reincarnate. Not to possess the Being is what is necessary in order to return.

Christmas Messages, *1952-66*

07

Gurdjieff also commits the error of saying nothing about the lunar bod ies which everyone has, and only says that we must transform the Being and fabricate the Solar Bodies. Ouspensky speaks about the second birth, but his teachings are incomplete. The Solar Bodies are first fabricated in the ninth Sphere, attaining the second birth; but neither Gurdjieff nor Ouspensky give the key.

The Guru who does not teach his disciples to build the solar, existential, superior Bodies of the Being is not a proper Guru in the knowledge.

Pistis Sophia Unveiled, *1983*

He said that only the Buddhas, the Gods, the solar Heroes, had the right to reincarnation. The rest of us are subjected to the Law of the Eternal return of all things, that is clear. It was also never said in the Orient that all humanoid beings possessed the superior existential bodies of the being. But it was easy for the schools of a pseudo-esoteric and pseudo-occultist type to make humanity believe that the entire world already possesses such superior vehicles. In this manner, they have no inconvenience in talking about the subject "The Septenary of Man" with such certainty that it seems as if all humanoids truly possessed that entire set of vehicles.

The Revolution of the Dialectic

The Guru who does not teach his disciples to build the solar, existential, superior Bodies of the Being is not a proper Guru in the knowledge.

Pistis Sophia Unveiled, 1983

07

In Theosophy a lot is said about the mental body; the various schools of thought mention it. We do not want to say with this that all "humanoids" already possess the mental vehicle. There is "Manas", as it is said in Sanskrit, that is, mental substance deposited in each one of us, but that is not possessing, really, the vehicle of the mind. In any case, the mind – whether the human being already possesses such a vehicle, or he is starting to create it, or he still does not have it– is nothing more than an instrument of manifestation, but it is not the Being.

07

However, the ex-personality is never immortal, in the end, it dissolves. What continues, what does not go to the sepulchral grave is the Ego. As I told you, it is nothing more than a group of psychic aggregates. When one, the esotericist investigator, investigates such aggregates in the fifth dimension of nature and the cosmos, he realizes that he does not possess in any way the Superior Existential Bodies of the Being as the different pseudo-esoteric or pseudo-occultist organizations maintain. The figures of the disembodied humanoids, such specters, assume gigantic and not-at-all pleasant shapes as the different aggregates penetrate and interpenetrate each other. When one of the inhuman aggregates that constitute the Myself acts independently from the whole group, then it assumes these animal figures that are more or less big, more or less small, short, tall, short, imprecise, abominable.

v The three wicked friends of Job

In place of the solar astral, mental and causal vehicles the rational animal carries three demons: the body of desires (Apopi, Judas), the animal mind (Hai, Pilate) and the bestial will. The Being clothed in the solar bodies and Seth clothed in the lunar ones are set side by side.

Mr. Leadbeater describes the Mental Body as a marvellous yellow body with a glowing aura. The Mental Body is mentioned by all as being sub lime; when one studies it however, one discovers that it is not the authentic Mental Body. The authentic precious Body which is not of Adam must be fabricated with the transmutations of H-SI-12. Thus the Mental Body which people have is another Demon which in the Egyptian Mysteries is known as the Demon Hai. It is terribly perverse, and, as in the Egyptian Mysteries, it must be put to death and decapitated in the Sphere of Mercury.

Tarot and Kabalah, 1978

We do not have the Causal Body, it must be fabricated in the Forge of Cyclops. In its place we have the demon of Ill-will; that which says I don't like a particular person. These three demons exist in every gospel; with the Buddha it was the Three Furies, the famous Mara. We have to understand that we are demons, and to start from scratch, to be aware of where we are; that we need the Great Destruction of ourselves, the death of the "I", the destruction of the seeds, and of the lunar bodies. "That which has been born of the Father is in putrefaction". This means that the Christ is dead, is putrefying, for which reason it is said that each one of us is a living sepulchre. It is said that He is dead because in none of us does He live.

Therefore, the triple power of Seth is clear, obvious and manifest. It is ostensible that the red demons ('I's or tenebrous entities) of Seth, express themselves through our body of desires (Judas), through our mental animal vehicle (Pilate) and through our bestial will (Caiaphas). We already stated in former chapters and now we repeat in this one again that the intellectual animals mistakenly called human beings still do not possess the authentic Astral, Mental and Causal vehicles.

VI The only thing of value within our lunar bodies is the Buddhata

Within the lunar bodies there is only the Essence, a fraction of the Human Soul, bottled up in the pluralized I. Lunar vehicles could not bear the voltage of the Being, so whoever wants to incarnate the triad must first descend to the Ninth Sphere and make the solar ones.

In reality, the "intellectual animal" does not have true individuality, he does not have a permanent center of gravity, and he does not have a true sense of moral responsibility. The only thing of value within our lunar bodies is the Buddhata, the sacred Essence, the psychic material that is unfortunately wasted by the various entities which together constitute the ego, the pluralized "I."

The Buddha's Necklace, 1967

Unfortunately, the "intellectual animal" cannot incarnate his Real Being (Atman, Buddhi, Manas) because he has only lunar bodies, and these would not be able to withstand the tremendous electric voltage of our true Being. We would die.

The Buddha's Necklace, 1967

It is urgent to know that the Buddhata, the Essence, is deposited within the Lunar Bodies with which the Ego garbs itself.

Esoteric Treatise of Hermetic Astrology, 1967

The descent to the Infernal Worlds only has as objective the destruction of the Lunar Bodies and the Ego by means of the submerged Involution. It is only by destroying the bottle that the Essence escapes.

07

The Divine Triad, Atman-Buddhi-Manas, the Being, we have said and we repeat, is not born, neither does he die, nor reincarnate in the nm-of-the-mill intellectual animals. We can and should affirm beyond all doubt, that only a

fraction of the Human Soul lives inside the Lunar Bodies; the latter is the Essence, the psychic material to elaborate a Soul, to develop the Human Soul and thereby the Spiritual Soul.

Esoteric Treatise of Hermetic Astrology, 1967

It is only by destroying the bottle that the Essence escapes.

Esoteric Treatise of Hermetic Astrology, 1967

The difficult thing for the Essence is to become unbottled, to escape from its prison, to come out of the Lunar Bodies, to abandon the Pluralized I. Each person's Karma is definitive in this matter.

07

Truly, you only possess the lunar bodies and the animal ego, that is all. Then, why do you fall into mythomania? Your soul, your Essence, is bottled up asleep within the 'I'. Then, on what is your mystic pride based on?

Runic Magic, 1969

07

The Essence, or fraction of incarnated Soul is trapped in the pluralised "I" or Ego which is within the animal mental body and the lunar body of desire. It manifests by means of the physical body. We differ from the animals only because of the intellect; because animals also have mind, but not intellect.

Tarot and Kabalah, 1978

07

A PRACTICE

The authentic man needs to eliminate the "ego" and fabricate the Solar Bodies with the transmutation of H-SI-12 (12 laws). The fabrication of the Solar Bodies has an intimate relationship with music and its 7 notes. Hydrogen SI-12 is produced in the human organism, being initiated from the process of digestion.

9 PASSAGES

I The solar bodies are living, radiant, sublime flames

The lunar mental and desire vehicles are set against the solar bodies, which are built only by conscious work in the Ninth Sphere and are bodies of flesh and bone that do not come from Adam. Masters and angels use them, while the ordinary dead wander in lunar bodies like sleepwalkers.

People feel proud of their mental body because they use it to reason, discuss, make plans, etc., but this mental body is 100% lunar, and all animals have it in the incipient state. People live in the world of animal passions, enjoying passionate desires because their emotional vehicle is really only a lunar animal body of bestial desires.

The Buddha's Necklace, 1967

Within the mental and desire vehicles, many clairvoyants often see a pretty creature of an electric blue color, a very beautiful creature whom they easily confuse with the Human Soul or Body of Conscious Will (Causal Body). Actually, the intellectual animal does not yet have a Causal Body.

The Buddha's Necklace, 1967

07

The beautiful blue creature seen by clairvoyants inside the lunar vehicles is what Zen Buddhists call Buddhata, the Essence, a fraction of the sacred Human Soul, which is within us.

The Buddha's Necklace, 1967

07

No intellectual animal has a Causal Body; no intellectual animal has incarnated the immortal triad. When someone incarnates his divine immortal triad, he immediately stops being an intellectual animal and is transformed into a Man only by building the solar bodies can we have the luxury of incarnating the divine immortal triad Atman, Buddhi, Manas.

The Buddha's Necklace, 1967

The solar bodies are the result of conscious work done on oneself.

The Buddha's Necklace, 1967

Zen Buddhism considers the lunar bodies to be mental forms that should be dissolved, reduced to dust. These lunar bodies are the common property of all beasts, including the intellectual beast, wrongly called man. Only by building the solar bodies can we have the luxury of incarnating the immortal triad and transforming ourselves into Real Men. The solar bodies are the result of conscious work done on oneself. Only by descending to the Ninth Sphere can we build the solar bodies, incarnate the immortal triad, and be born in the superior worlds as new masters of the Manvantara.

The Buddha's Necklace, 1967

07

The solar bodies are living, radiant, sublime flames. Remember that angels, archangels, masters, etc., use solar bodies. The authentic Astral Solar Body is a vehicle of flesh and bone, but not the flesh of Adam it is a body of incalculable beauty and supreme happiness.

The Buddha's Necklace, 1967

07

The legitimate Mental Solar Body is a body of paradise, a body of flesh and bone, but not the flesh of Adam it is a body of feminine nature, receptive. The true Mental Solar Body is more than a vehicle for reasoning. It is a vehicle of comprehension. Those who possess the true mental body do not need to accept or reject; they comprehend, that is all. The authentic Mental Solar Body has 300,000 magnetic centers, and every center should vibrate at the same tone without effort. The Mental Solar Body with its 300,000 magnetic centers is formidable, marvelous. The adept who possesses a fully developed mental solar vehicle receives and comprehends the truth from moment to moment, without the tremendous battle of thought.

The common, ordinary disincarnated, dressed in their lunar bodies, appear as unconscious sleep - walkers: cold, ghost-like, and living in the past. The intellectual animal is 100% lunar and is not a True Man. Only by building the solar bodies can we transform ourselves into True Men [Women].

The Buddha's Necklace, 1967

No one is born with the astral, mental or causal body; the intellectual animal has lunar substitutes for each and an Essence that is mistaken for the causal. The solar bodies are of flesh and blood, each fed by its own hydrogen, and they must be cultivated in sex, though many who call themselves masters still wear the lunar ones.

Speaking in Theosophical language, we will say that the first is the Physical Body, the second is the Astral Body, the third is the Mental Body, the fourth is the Causal Body or the Body of Conscious Will.

III A man clothed in the lunar bodies is not a Man

Only one who has made the solar bodies is a Man in the full sense; the rest are intellectual animals who believe themselves men. Further conditions are named beside the bodies: the death of the I, sacrifice for humanity, the animic principles, and the Golden Embryo dressed in its Wedding Garment.

Those who created their internal bodies are immortalized in them. The investigators found these people fully awake after death. These people won immortality.

CHRISTMAS MESSAGES, *1952-66*

We become individuals only by creating the Superior Existential Bodies of the Being, by dissolving the 'I', and by incarnating the Being. The sacred individuals reincarnate, yet, the 'I' only returns into a new womb in order to dress, or better if we say, re-dress itself with a new suit of flesh. The 'I' continues in our future or immediate descendants. The 'I', which is our race, our errors and our pain is what continues. Some pseudo-occultist ignoramuses mistakenly suppose that the personality reincarnates; thus, they frequently confuse the personality with the 'I'. The personality is not the 'I', the personality does not reincarnate. The personality is a daughter of its time, thus, it dies in its time.

The Venustic Initiation is for Real Men only, never for intellectual animals. Let us understand that by "Real Men," we mean those who have built their solar bodies. Let us understand that by "intellectual animals," we mean all of humanity, all those who possess only lunar bodies. The Venustic Initiation is the real Christmas of the tranquil heart. It is for the few; it is by the grace of the Solar Logos.

THE BUDDHA'S NECKLACE, *1967*

07

A man clothed in the lunar bodies is not a Man; he is an intellectual animal, which is a higher type of animal. The error of humanity is to believe that they are already Men, which they are not. Let's recall the story of Diogenes who with his lantern, sought a Man, but could not find him. Only such as Kout Houmi, Master Moria, Saint Germain etc, are men; that which abounds here is the intellectual animal.

If we wish to free ourselves, or place ourselves upon the Path of the Razor's Edge, the way of revolution of the consciousness, we must descend to the Ninth Sphere of Nature. This has nothing to do with what has gone before. To descend to the Ninth Sphere is to enter into revolu tion; to revolt against the cosmos, against nature, against everything; and it is in this manner that we fabricate the Solar Bodies and incarnate the Real Being; we become a "Twice-Born".

There does not exist authentic individuality within the human being, and these I's personify laziness, gluttony, lust, anger, etc., etc. That ego which is dressed with the lunar bodies is the lunar Adam; he of sin. We need the Solar Adam to be born within us.

It is necessary that you reflect on this. We have said many times that the humanoid is not a man, and that the man is not the humanoid, right? To be a man you need to possess the Superior Existential Bodies of the Being, to have dissolved the Ego and to have received in your intimate nature the animic and spiritual principles of man. The reality is, my dear brothers, that to be an authentic man one must have acquired the Golden Embryo, one must have also achieved the fusion of the Golden Embryo with the super-soul and, finally, one must be well dressed in the Wedding Garment of the Soul, that famous To Soma Heliakon of the old medieval alchemists.

A PRACTICE

In order to be a man, we must first of all, make an inventory of oneself, eliminating what we have of inhuman –of animals, we should better say– and create within ourselves human factors. But to claim the title of men, just like that, is one-hundred-percent absurd. In order to be men, besides having eliminated the inhuman elements, one has to create the Superior Existential Bodies of the Being. First of all, it is urgent to understand how such bodies have to be created, what is the system, the method, the procedure to be followed. In this we must be careful, analytical and get to the bottom of the matter.

IV Solar Bodies constitute in themselves the Wedding Garment of the soul

The guest without a wedding garment in the parable of the feast is read as the one who has not made the solar bodies, and the garment itself as the Egyptian Sahu, the To Soma Heliakon. It is built by transmuting the sexual hydrogen into the astral, the mental and the body of the conscious will; the two superior ethers alone are not enough.

A PRACTICE

Whoever truly wants the in-depth Self-realization must transmute the sexual hydrogen Ti-12 by means of Sex-Yoga, in order to build with it the Solar Bodies, the Wedding Garment of the soul.

RUNIC MAGIC, *1969*

But, let us go a little bit further, let us talk about the To Soma Heliakon, the Wedding Garment of the soul, the body of the Solar Man.

RUNIC MAGIC, *1969*

07

> *Remember the evangelical parable of the Wedding Feast "…When the King came in to see the guests, he saw there a man which had not on a wedding garment, and he saith unto him, Friend, how cammest thou in hither not having a wedding garment?"*

RUNIC MAGIC, *1969*

07

> *Terrible was the moment in which the King commanded that he be bound by hand and foot, and he be taken away, in order to be cast into the outer darkness, where only weeping and gnashing of teeth are heard.*

RUNIC MAGIC, *1969*

07

That the distinct, interpenetrated Solar Bodies constitute in themselves the Wedding Garment of the soul is something which must not surprise us.

RUNIC MAGIC, *1969*

07

What is fundamental, what is cardinal is to build the Solar Bodies and this is only possible by transmuting the Sexual Hydrogen TI-12.

Runic Magic, *1969*

07

It is obvious that based on incessant sexual transmutations, we can perform the condensation of the hydrogen of sex into the splendid and marvelous form of the Astral Solar Body.

Runic Magic, *1969*

What is fundamental, what is cardinal is to build the Solar Bodies and this is only possible by transmuting the Sexual Hydrogen TI-12.

Runic Magic, *1969*

It is evident that we can crystallize the sexual hydrogen into the paradisiacal body of the Solar Mind with the hammer of the physicists, within the Forge of the Cyclops (the sex). It is indisputable that by working until the maximum in the Ninth Sphere, we can and must give form to the Solar Body of the Conscious Will.

This concept is very pretty, yet, it is false, because these two ethers are not all that we need. It is urgent to build the superior existential bodies of the Being,

> *This great Alliance has many aspects. The Gospel speaks of the need for wedding clothes. I not forget the wedding at which someone did not wear wedding clothes, and they bound him and the King ordered that he be cast into the darkness where only the gnashing of teeth is heard. (Matthew 22: 1-14). This famous clothing is the Egyptian Sahu, or the To Soma Heliakon in Latin, that is, the body of Gold of the Solar Man, the wedding clothes in which to attend the banquet of the Easter Lamb, so it is thatwe need to have an understanding that in order to have that body, the great Alliance is needed, the work in the Ninth Sphere between man and woman.*

VI The christified etheric body is the wedding garment of the soul

In the earlier teaching the wedding garment is the Soma Puchicon, the golden body of the two superior ethers, born when the second serpent christifies the etheric body; the creative energy rising inwards and upwards goes on to awaken the astral, the mental and the causal. In the alchemical retort the bodies of sin putrefy and the Astral Christ, the Christ Mind and the Christ Will are born, octave by octave.

A PRACTICE

These are the Two Witnesses through which the sacred oil of our semen must rise to the sacred vessel of the head. The whole secret is found enclosed within the lingam-yoni of the Greek mysteries. The key for transmuting water into wine is found in the union of the phallus and the uterus. The important thing is in joining sexually with the Priestess and withdrawing from her before the spasm in order to avoid the ejaculation of the semen. This is how Joshua remained faithful to the ordinance of Jehovah-he saw the fruit, he took pleasure in it, but he did not eat it-and Jehovah kept his word, removed Joshua's filthy garments, dressed him with wedding garments and put a clean miter on his head.

CHRISTMAS MESSAGES, *1952-66*

"All of you shall be Gods if you come out of Egypt and cross the Red Sea." When man christifies his etheric body, he enters Eden and he becomes an inhabitant of Eden. The christified etheric body is the wedding garment of the soul, the golden body. The second serpent opens for us the powers of the etheric body, and confers upon us the power to travel in the etheric body. The woman achieves all of this by restraining the sexual impulse and avoiding the spilling of the semen. The man achieves all of this by knowing how to withdraw on time and avoiding seminal ejaculation. This is how the Kundalini develops, evolves and progresses within the aura of the Solar Logos. The etheric body of Jesus was crucified and he received his five stigmatas. In each great initiation we have to

live the entire drama of Calvary. The etheric body of Jesus became a Christ. The seven churches of the etheric body of Jesus shone full of glory.

The Greater Mysteries, 1956

07

The wedding garment of the soul is crystalline, like water. This is the Soma Puchicon; it seems to be made of pure glass and confers pure consciousness upon us; it is governed by the moon's rays and it resembles an ineffable little girl.

The Greater Mysteries, 1956

07

A PRACTICE

Every man, every human needs to awaken the KUNDALINI! He needs to make that Creative Energy return INWARDS and UPWARDS! When the Creative Energy reaches the Etheric, the latter is transformed into the wedding dress of the Soul. On rising to the Astral Body, the Chakras awaken and the subject, the student becomes an authentic Theurgist. When this Energy reaches the Mental Body, the powers of the Mind are awakened. This is how the human mind becomes a CHRISTIC MIND.

Logos, Mantram, Theurgy, 1959

07

When the Creative Energy rises to the Causal Body, or the Manas of Theosophy, the human Will is transformed into CHRISTIC WILL. When it ascends to the Body of the Conscience (Buddhic Body), it gives origin to the CHRIST CONSCIENCE. And if the Creative Energy of the Third Logos ascends to the Inner Being, we are Creative Gods! We are prepared to incarnate the CHRIST.

Logos, Mantram, Theurgy, 1959

07

The Initiate's reward is the union with God and his liberation from the wheel of reincarnations, and yet, he has to have previously substituted his mortal physical body with the immortal solar body "To Soma Heliakon" (named in this way

because it is as resplendent as the sun). See the end of Quo Vadis. Thus, his soul is betrothed with his Innermost.

Christic Aztec Magic, 1973

The wedding garment of the soul is crystalline, like water.

The Greater Mysteries, 1956

The ascent of the second Serpent through the medullar channel of the etheric body is very difficult. When the second Serpent reaches the magnetic field at the root of the nose, the initiate enters the temple to receive the second Initiation of Major Mysteries. It is good to note that the human personality does not enter the temple. It remains at the door putting its affairs in order with the Lords of Karma. Within the temple, the Intimus together with the etheric body is crucified. That is to say; the Intimus is clothed in the etheric body for the Crucifixion. This is how the etheric body is Christified. In the second initiation the Soma Puchicon is born, the Wedding Garment of the Soul, the body of gold. This vehicle is formed of the two superior ethers. The etheric body has four ethers, two superior and two inferior. With the Wedding Garment of the Soul we can enter all the regions of the Kingdom.

The Perfect Matrimony, 1966

The bodies of sin putrefy inside of a glass tomb. The glass tomb is the vase of the alchemist. The Souls take flight (symbol of the butterfly that emerges from the chrysalis; symbol of the Christified vehicles that emerge from their chrysalides). An hermaphroditic body (Moon and Sun) comes to life with the celestial influence of the dew (the Ens Seminis). This hermaphroditic body is made of the

internal Christic vehicles that were engendered with Sexual Magic. All of these Christic vehicles penetrate and interpenetrate each other without mixing together. When a man possesses these vehicles, he incarnates his Soul. No man is truly a man as long as he does not possess these Christic bodies. The Alchemical Retort Inside of the Retort is the materia prima of the Great Work. This venerable matter is quite volatile and is not fixed; its special characteristic is instability and variability. In lighting the sexual fire beneath the Retort of Alchemy, this venerable matter is heated up and melted down.

Esoteric Course of Kabbalah

07

Upon arriving at this part of work, the venerable matter has become a most beautiful child radiating with beauty: the Soma Puchicon, the Body of Gold. With this precious vehicle we can consciously visit all the realms of the Kingdom. This Alchemical alloy now yields new properties, and then from inside the astral ghost appears the Astral Christ—the most precious child who grants us immortality. When this second body has been formed, the problem then comes of integrally understanding all of its powers and acquiring the knowledge for its use. This is only possible by giving Christic intelligence to this alloy. The precious vehicle of the Christ Mind happily rises in the Retort of the laboratory, emerging from inside the mental ghost.

Esoteric Course of Kabbalah

07

This work having been completed, still something is missing. Christ Will is missing. By intensely reheating the Retort of the laboratory, a Divine Child comes to life—the Christ Will, the divine body of the soul. The one who has been successful in creating all of these Christic vehicles inside of the Alchemical Retort totally and integrally incarnates his Soul. Only those who have attained the incarnation of the Soul merit the precious title of "Man". Only this kind of True Man can elevate himself to the Kingdom of the Superman. Only this kind of True Man can receive the Elixir of Long Life.

Esoteric Course of Kabbalah

07

When septenary man sexually joins with septenary woman, a mathematical sum is formed that yields as a result the fourteenth Arcanum of the Tarot. It is not superfluous to affirm in passing, that man has seven principles, woman the same. Sex is the most important and fastest acting center in the human being. The process of creating a new being is accomplished within the Law of the Musical Octaves. The seven notes of the musical scale are the foundation of all creation. If we transmute the creative energy, we initiate a new octave in the etheric world, the result of which is the birth of the Soma Puchicon (the Wedding Garment of the Soul). With this vehicle we can consciously enter all the realms of the Kingdom. The third octave allows us to engender the genuine Astral Body, the Astral Christ. Upon arriving at these heights, the old astral ghost is reduced to an empty shell that continues disintegrating little by little. The fourth octave permits us to beget the Christ Mind; this vehicle grants us true wisdom and unified thinking. Only those who have engendered the Christ Mind have the right to say, "I have a Mental Body." One's present mental body is merely a ghostly facade. Truly this mental ghost becomes a hollow shell when the true mind is born. It then disintegrates and is reduced to cosmic dust. The fifth musical octave engenders the authentic Causal Body. Upon reaching these heights, we incarnate the Soul; we then now have true existence. Before this moment we do not have real existence.

I The necessary materials for the Great Work

The seeds of the superior existential bodies of the Being lie in the semen, and the sexual hydrogen Si 12 is the matter from which the real astral, mental and causal bodies are made. Only through the Maithuna can they be fabricated, and those who begin it must also die in the I.

Therefore, the necessary materials for the Great Work are found within the human organism. If we achieve the creation of the Superior Existential Bodies of the Being, then, as a fact, we attain the liberation from all of the cosmos, including the seventh, in order to finally enter into the Unmanifested Absolute, Sat, Ain.

Christmas Messages, *1952-66*

A PRACTICE

These things are very difficult for people. Rare is the one who wishes to die, that is to say, to disintegrate ones beloved 'I.' Rare is the one who truly resolves to accomplish the sexual connection without ejaculation of the semen, with the aim of fabricating a genuine astral body, an authentic mental body, and a true causal body or body of Conscious Will. Rare is the one who is determined to sacrifice oneself for the salvation of the world. People prefer to enjoy earthly pleasures and afterwards enter the Mineral Underworld, in order to meet Supreme Christmas Message 1965-1966: "The Science of Music"

Christmas Messages, *1952-66*

07

It clearly proves to be impossible to celebrate the Christmas of the Heart if the Christ is not born within us. Whoever wants to celebrate with jubilation the Christmas of the Heart must fabricate the Superior Existential Bodies of the Being. Only by fabricating the Superior Existential Bodies of the Being can we incarnate the Intimate Christ.

Christmas Messages, *1952-66*

Only by fabricating the Superior Existential Bodies of the Being can we incarnate the Intimate Christ.

Christmas Messages, 1952-66

In our previous Messages we have already said that the actual internal bodies mentioned by the pseudo-esoteric and pseudooccultists schools are useless for our intimate self-realisation because they are lunar bodies. We urgently need to fabricate the solar bodies, the Superior Existential Bodies of the Being. The fabrication of these aforementioned solar bodies is only possible by practicing the Maithuna (Sexual Magic), with the objective of transmuting the famous Sexual Hydrogen Si 12. Only with the Sexual Hydrogen Si 12 can we fabricate the Superior Existential Bodies of the Being.

Christmas Messages, 1952-66

07

A PRACTICE

We have already told the key of the Maithuna very many times, but we have to repeat it in this Message of 1965-1966 for those who do not know it: sexual connection of the lingam-yoni, without ever spilling the Ens Seminis and throughout all of life. We have clarified a lot, we have also said a lot in past Messages about the necessity to know how to die. The mystical death is urgent, the death of the 'I', of the myself, of the one self. We have explained excessively that the 'I' is a legion of devils. It is urgent to disintegrate that 'I', to reduce it to dust, with the sole purpose that the Being is the only thing that exists within us.

Christmas Messages, 1952-66

07

A PRACTICE

It is correct for people full of sexual potency to begin to work with the Maithuna right away in order to fabricate their solar bodies, but it is not correct that said people do not concern themselves with the dissolution of the 'I' or with the sacrifice for humanity.

Christmas Messages, *1952-66*

The marvelous Hydrogen Si 12 is the matter which the sex works with and it is fabricated by the sex; it is seed, the seed within which is found the Internal Angel in a latent state. 11 Sexual hydrogen SI-12 is both seed and fruit

Each special shock of the Maithuna lifts the sexual hydrogen SI-12 to a further octave, crystallizing it in turn as the astral, the mental and the causal body. These three are the solar bodies, nourished by hydrogens 24, 12 and 6, and the work is twenty or thirty years in the forge with one spouse.

The Maithuna (Sexual Magic) produces a special shock, which permits sexual hydrogen SI-12 to pass to a second musical octave, DO-RE-MI-FA-SOL-LA-SI. The result of this is a crystallization of sexual hydrogen SI-12 into the extraordinary form of the Astral Body. We call this the transmutation of lead into gold. The transmutation of flesh and blood into the Astral Body is urgent A second shock by means of the Maithuna (Sexual Magic) allows the sexual hydrogen SI-12 to pass to a third musical octave, DO-RE MI-FA-SOL-LA-SI, whose result is the crystallization of sexual hydrogen S1-12 into the wonderful form of the Mental Body (body of paradise).

THE BUDDHA'S NECKLACE, 1967

A third shock by the Maithuna permits the hydrogen SI-12 to pass to the fourth musical octave, the result of which is the crystallization of the sexual hydrogen SI-12 into the magnificent form of the Conscious Will or Causal Body.

THE BUDDHA'S NECKLACE, 1967

07

Sexual hydrogen SI-12 is both seed and fruit, and it is amazing that it always crystallizes into organisms of flesh and bone. Let us remember that the physical body is the result of sexual hydrogen SI-12.

THE BUDDHA'S NECKLACE, 1967

07

The Astral Body is also the result of that special act, the Maithuna (union of phallus and uterus without spilling the semen). The Astral Body is a body of flesh and bone; however, that flesh does not come from Adam, but is the product of sexual hydrogen SI12. The true Mental Body is the product of the Maithuna (Sexual Magic) and sexual hydrogen SI-12. This is the body of

paradise, a body of perfection, a body of flesh and bone, but flesh that does not come from Adam.

The Buddha's Necklace, 1967

The authentic Astral Body, the true Mental Body, and the legitimate Causal Body: these are solar bodies, the existential superior bodies of the Being.

07

Whoever builds the existential superior bodies of the Being, the solar bodies, in the Ninth Sphere, is able, and has every right, to incarnate his Real Being, his triune immortal spirit: Atman, Buddhi, Manas; Divine Spirit, Life Spirit, Human Spirit, Intimus, Spiritual Soul, Human Soul. When someone reaches these initiatic heights, a new man is born, the son of Man, a new Master of the Day, a Master of the Manvantara.

The Buddha's Necklace, 1967

07

The physical body is sustained with hydrogen 48. The surplus of this hydrogen is converted into hydrogen 24, which feeds the Astral Body. The surplus of hydrogen 24 is converted into hydrogen 12 (do not confuse this with this sexual

hydrogen SI-12). Hydrogen 12 feeds the Mental Body; the excess of hydrogen 12 is transformed into hydrogen 6, which feeds the body of conscious will, the authentic Causal Body.

The Buddha's Necklace, 1967

A PRACTICE

To create the solar bodies, we must work in the Maithuna, Sexual Magic, without spilling the semen; we must work in the fiery forge of Vulcan, in the Ninth Sphere (sex). This si more bitter that bile twenty or thirty years of daily sexual connection with only one spouse without ever spilling even one drop of semen, without permitting the semen to escape from the organism.

III This special shock is the sexual restraint of the Maithuna

The food octave ends in semen; sexual restraint carries the hydrogen Si-12 into a second and a third octave, and the solar astral, mental and causal bodies are born in the third, fourth and fifth initiations of fire. The second birth is defined as the making of these bodies and the incarnation of the Being, while black tantrism ejaculates and fortifies the lunar bodies.

A PRACTICE

If someone wants to escape from that tragic law of Protoplasmic Involution, he should create for himself and through tremendous super-efforts, the Solar bodies.

Esoteric Treatise of Hermetic Astrology, 1967

The Fire, the Fohat fecundates the Womb of the five-legged Sacred Cow, but it is only with the Sexual Hydrogen Si-12 that the Solar Bodies are formed, are crystallized. Esoteric Treatise of Hermetic Astrology, 1967

A PRACTICE

By working very intensely in the ninth Sphere without allowing oneself to fall, one can carry out the work of fabricating the Solar Bodies in ten or twenty years more or less. The Lunar Race mortally hates this science of the Sacred Cow and before accepting it, it prefers to find escape routes and justifications with flashy and hypocritical phrases. The Bonzos and Dugpas of red cape, the Black Magicians, practice Black Tantrism, they ejaculate the semen during the Maithuna; it is in this manner that they awaken and develop the abominable Kundartiguador Organ.

It is urgent to know that the Kundartiguador Organ is the Tempting Serpent of Eden, the sacred Fire projected downwards, Satan's tail whose root is in the coccyx. The abominable Kundartiguador Organ fortifies the Lunar Bodies and the Ego.

IV One cannot create a body outside of the Ninth Sphere

Fakirs gain a little willpower and yogis concentration, and the devotional and righteous paths reach their own rewards, yet none of them builds a solar body. Exercises without the Arcanum A.Z.F. are a house on sand; a descent to the Ninth Sphere must be told apart from a fall.

We feel infinite pain when we watch these capricious brethren. Many of them practice marvelous exercises. Certainly there are many good practices in all schools. The practices of Yogananda, Vivekananda, Ramacharaka etc., etc., are admirable. Students practice them with very good intentions. There are very sincere students. We value greatly all these students and all these schools. However, we feel great and irremediable pain for they who, with such yearning seek their final liberation. We know that they must engender their internal bodies. We know that they must practice Sexual Magic. We know that only thus, with Sexual Magic will they awaken the Sacred Fire and engender their internal vehicles to incarnate their Soul. We know this through our own experience. Nevertheless, what can we do to convince them? We, the Brothers suffer greatly, and without remedy. In the past Earth-Moon, millions of human beings evolved, and of all those millions only a few hundred elevated themselves to the Angelic State. The great majority of human beings were lost. The great majority were submerged in the abyss. Many are called and few are chosen. If we observe nature we can see that not all seeds germinate. Millions of seeds are lost, and millions of creatures perish daily. A sad truth it is, but it is the truth.

With Karma Yoga, we live righteously, reaping a lot of dharma (reward), but not building the solar bodies because the latter is a sexual matter. In Jnana Yoga, we become strong in meditation and yoga, but we do not build solar bodies because this requires work with sexual hydrogen SI-12. In Bhakti Yoga, we follow a devotional path and reach ecstasy, but we do not build solar bodies.

The Buddha's Necklace, *1967*

07

Those students who do esoteric exercises without working in Arcanum A.Z.F. are similar to the man who built his house upon the sand; their structure will topple into the abyss. We must build upon the Living Stone. That Stone is sex. He who develops chakras whilst having internal bod ies which are lunar will fall to the abyss, his Temple will be a fuhninated tower. He who engenders his Christic bodies with the Arcanum A.Z.F. and works to develop his chakras becomes a living Christ.

Those contortionistic mystics believe that based on such recreation or absurd gymnastics they can build the Solar Bodies and reach the Second Birth.

It is necessary to learn to distinguish between a fall and a descent; we need to descend to the ninth sphere (s to fabricate the superior existential bodies of the Being or to dissolve the Ego.

In regard to fakirs, in India there are fakirs who, for example, raise an arm up and keep it there for an indefinite period of time until it becomes rigid. There are others who remain firm in place for twenty or thirty years until they turn themselves into true statues. But, after all is said and done, what is it that those fakirs gain? They develop a little willpower, and that is all. We cannot think that

they will create the body of conscious will; clearly not. One cannot create a body outside of the Ninth Sphere. If it was possible to create a body in the absence of the Ninth Sphere, we might have been born, well, from the air, from the waters of a lake, or from a rock, and we would not be children of a man and a woman. But truly, we are children of a man and a woman. Therefore, creation is always realized in the Ninth Sphere. That is obvious.

V We need to transform the Moon into Sun

The Moon is carried inside the lunar bodies, which keep people subject to forty-eight laws. Each solar body fabricated frees a person from half of them, the astral to twenty-four, the mental to twelve and the causal to six, and this conversion of Moon into Sun is achieved only by transmuting the Ens Seminis.

The three aspects of Atman-Buddhi-Manas-Divine Spirit, Spirit of Life and Human Spirit-have not incarnated within the human being because he still does not possess the solar bodies, that is to say, the Superior Existential Bodies of the Being. The whole of our efforts are aimed towards the liberation of ourselves from the moon, which disgracefully we carry within our lunar bodies. We liberate ourselves from the lunar influence when we create the solar Bodies.

CHRISTMAS MESSAGES, *1952-66*

The luxury of creating our solar bodies can only be achieved with the Maithuna (Sexual Magic), because the seed of such bodies are found within the semen.

CHRISTMAS MESSAGES, *1952-66*

07

The lunar bodies keep us living in the world of forty-eight laws, in this valley of bitterness. The lunar bodies are feminine. This is why the men from this world are within the internal worlds (after death) as subconscious, cold, phantasmagoric women. To liberate ourselves from the world of the forty-eight laws, without having created the Superior Existential Bodies of the Being, is impossible.

CHRISTMAS MESSAGES, *1952-66*

07

The Absolute creates its cosmic plan in the world of Three Laws, and then everything continues mechanically. We are separated from the Absolute by 48 Mechanical Laws that make life frighteningly mechanical and terribly tedious for us. If we fabricate a true astral body (this is not to be confused with the body

of desires which Max Heindel speaks of), we are freed from half of these laws, and we remain subject to the 24 orders of laws that wisely govern the planetary world. To fabricate a solar body, that is to say, an authentic astral body, means in fact to be one step closer to the Absolute.

Christmas Messages, *1952-66*

07

If, after having fabricated the astral body, we give ourselves the luxury of fabricating the mental body (this is not to be confused with the mind ordinarily used by the living and the dead, which is of an animal-lunar type), we take another great step headed for the Absolute, and we are then subject to 12 solar laws. If we fabricate the body of Conscious Will, or the causal body (this is not to be confused with the animic essence deposited inside of the lunar mind), we are then liberated from these 12 solar laws and we then remain subject to the 6 orders of cosmic Laws. This would signify taking a third step towards the Absolute.

Christmas Messages, *1952-66*

To fabricate a solar body, that is to say, an authentic astral body, means in fact to be one step closer to the Absolute.

Vampires are the outcome of Homosexuality in combination with Tantrism between persons of the same Sex. It is an execrable monstrosity, a frightful abomination. The Double Lunar influence of this planet on which we live is terribly mechanistic. It is very pitiable that the Theosophist and the Pseudo-Rosicrucian writers, etc., have not been capable of comprehending that the present internal vehicles of the human being are the lunar bodies which we must disintegrate, after we have created the Solar Bodies. VI Composed of salt, sulfur and mercury

In the alchemical language of the later lectures the superior existential bodies are coagulated from the mercury of secret philosophy, the metallic soul of the sperm, once sulfur, the Fire, has fecundated it. Solve et coagula names the double work, dissolving the dry mercury of the I while the bodies take form.

A PRACTICE

We need to dissolve the psychological Ego and coagulate in ourselves the Sexual Hydrogen Si-12 in the form of solar bodies, innermost powers, virtues, etc., etc., etc. The Philosopher's Stone is the one that valorizes the sexual seed and gives it the power to germinate as a mystical yeast that makes the whole metallic mass ferment and rise up, causing the King of Creation to appear in its integral form. I am referring to the authentic man, not to the intellectual animal incorrectly called man.

The Three Mountains, 1972

The "metallic soul of the sperm" is Hermes, or the dyeing Mercury. He carries the "mystical gold," just as St. Christopher carries Jesus, and the lamb its own fleece. This was how, by means of the mercury of secret philosophy, the Blessed Lord Quetzalcoatl regenerated the gold in his soul, in his spirit, and in the superior existential bodies of his Being.

The Secret Doctrine of Anahuac, 1974

07

Sulfur is imprisoned within the mercury, that is, locked inside that venerable matter which is the sacred sperm. By means of transmutation, one manages to liberate the mercury: a fine and delicate substance with which, the Superior Existential Bodies of the Being are created. Sulfur, the Fire, is liberated as well. Sulfur, thus, fecundates the mercury, fertilizes it; and salt, sulfur and mercury are mixed, they penetrate and interpenetrate each other in order to crystallize in

each one of the Superior Existential Bodies of the Being. Thus, the Superior Existential Bodies of the Being are composed of salt, sulfur and mercury.

The Fifth Gospel

The alchemists said: "Solve et coagula!", 'dissolve and coagulate'. We need to dissolve the dry mercury. Understand by dry mercury, the animal "I's" that we carry inside us; understand by coagulate, the mercury of secret philosophy. Into what form are we supposed to coagulate it? Into the form of the Superior Existential Bodies of the Being so as to incarnate the animic principle and become true men.

Question: Master, what difference is there between the Hydrogen Si-12 and the Hydrogen-12 of the mental body, which creates the mental body?

The Fifth Gospel · Facing Gnosis

07

Master: With the utmost pleasure I will give this explanation. The Hydrogen-12 is the hydrogen which feeds the mental body, as for the Sexual Hydrogen Si-12, it is different: it is the hydrogen which is the result of sexual transmutations.

The Fifth Gospel · Facing Gnosis

Obviously, the sperm, upon transforming, becomes the mercury. That is, the mercury in itself – that mercury of which the old medieval alchemists spoke– is the metallic soul of the sperm, the famous Sexual Hydrogen Si-12 of which Master G. speaks.

But the old alchemists did not call it "hydrogen", but rather "mercury", and they even taught the secretum secretorum, that simple and marvelous artifice of the Maithuna by means of which it is possible to fabricate the mercury, to produce the mercury. Unquestionably, it is with the mercury that we are going to create the Superior Existential Bodies of the Being.

The Fifth Gospel · Facing Gnosis

07

Unquestionably, the Kundalini, going up through the spine of the ascetic, is that fused and totally integrated sulfur and mercury. Obviously, the excess of such sulfur and mercury crystallizes in the Superior Existential Bodies of the Being. That is how we get to possess those vehicles. VII That marvellous force crystallizes in the Superior Existential Bodies of the Being

The third force crystallizes only in one who has made the superior existential bodies, and transmuted creative energy is what forms them. Impressions are heavy hydrogen 48; digested by consciousness, and above all before an insulter, they become the finer hydrogens that nourish the astral, the mental and the causal.

If we do not disintegrate the psychic aggregates, living personification of our psychological defects, then we cannot crystallize the second Force within ourselves. We cannot crystallize the third Force in ourselves, unless we previously create within ourselves the superior existential bodies of the Being.

Pistis Sophia Unveiled, 1983

The interior Andrew perfects himself when the superior existential bodies of the Being have been perfected.

Pistis Sophia Unveiled, 1983

07

Normally, the impressions are made of very heavy Hydrogen: Hydrogen-48. When one interposes the Consciousness between the impressions and the mind, the Hydrogen-48 transforms into 24, which serves as the nourishment of the astral body. In turn, the excess of 24 transforms into Hydrogen-12, which serves as the nourishment of the mental body; and lastly, Hydrogen- 12 –the excess, I repeat– transforms into Hy-drogcn-6, which serves as the nourishment of the casual body. But if one does not transform the impressions, they become new psychic aggregates, new "I's".

The Fifth Gospel ·The Word and the Sacerdotal Magisterium

One understands that if one transmutes one's creative energy, he achieves the development of the spinal fires, he achieves the creation of the Superior Existential Bodies of the Being, he achieves the transformation of himself to become a Logos. The Fifth Gospel · The Hidden Facets of our Lunar Psychology · *Third Chamber – Mexico City – 1976*

07

Impressions, in themselves, are Hydrogen-48, a hydrogen that is quite heavy. Digested by means of the Consciousness, they are transformed into Hydrogen-24, which is useful to nourish the Astral Body; this Hydrogen-24, in turn, can be transformed into Hydrogen-12 to nourish the Mental [Body]; and, finally, the

Hydrogen-12 transforms into Hydrogen-6, with which the Causal [Body] is nourished.

VIII It is necessary that you be born again

To be born again, as Jesus told Nicodemus, means to create the solar bodies, gestated by the fire of the Third Logos in the womb of the Divine Mother. The woman can build them as the man can, and once the body of the conscious will is made one is twice born.

This event is repeated in the microcosmos, man. The first to intervene is the Third Logos, fecundating the chaotic matter contained in the semen and in the spinal column, fecundating the Divine Mother, the akashic principle, so that the interior universe, the solar bodies, can be born. Later, the Second Logos is born within the superior existential bodies of the Being in order to labor in the Great Work of the Father.

The Buddha's Necklace, 1967

It is necessary first to work with the fire and later with the light. It is indispensable to work first with the Third Logos in the Ninth Sphere and later with the Second Logos. The first five initiations of Major Mysteries are a microcosmic cosmogenesis. The fire fecundates the chaotic matter of the Divine Mother to give birth to the solar bodies. Later, comes the best the intervention of the Second Logos, the Venustic Initiations, after sacrifice for humanity.

The Buddha's Necklace, 1967

07

What we are saying should not disenchant women. Every woman who works in the fiery forge of Vulcan, every woman who works in the Ninth Sphere, can build her solar bodies and transform herself into a living Buddha, into a virgin of nirvana with power over fire, air, water, and earth.

The Buddha's Necklace, 1967

07

If these poor people could have their consciousness awake, then they could verify for themselves that as above so below, and vice versa. They would directly experiment with their crude reality, they would be perfectly aware of the lamentable state in which they are in. Thus, they would comprehend the

necessity of the Maithuna in order to build their Solar Bodies, the Wedding Garment for their souls. This is how they would achieve the Second Birth, which the great Kabir Jesus spoke about to the Rabbi Nicodemus.

Once the Body of Conscious Will is fabricated, one becomes Twice-born.

Tarot and Kabalah, 1978

Jesus said to Nicodemus: "It is necessary that you be born again in order to be able to enter the Kingdom of Heaven..." (John 3). This means to create the Solar Bodies; no-one can enter the Kingdom dressed in lunar rags. The Solar Bodies have to be created, and this is only achieved by transmuting the Creative Energy. In Egyptian theogony those Solar Bodies are represented by the Egyptian Sahu. No-one has the right to sit at the table of the Angels if he is not dressed in the Solar Bodies. We have to create the To Soma Heliakon, the Body of Gold of the Solar Man.

Tarot and Kabalah, 1978

07

A PRACTICE

To fabricate the Solar Bodies is vital, one must work in the Ninth Sphere; one has to descend to the Forge of Cyclops in order to work with the Water and the Fire. The creative energy is the Holy Spirit. Vulcan is the Third Logos, the sexual force, Shiva. The Sacred Fire is "She", the Igneous Serpent who rises through the spinal column, is Mother Kundalini. She is united with her husband in the pineal gland. The Third Logos, the Holy Spirit, the Eternal husband is he who fecundates the Divine Mother Kundalini, the root of the Monad, Mother Space.

The fire of chastity is the fire of the Holy Spirit, and the body of the Holy Spirit is the Body of Will-Power, also called Abstract Mind and Causal Body.

THE REVOLUTION OF BEELZEBUB, 1950

Truly, the astral body is born from the same semen, from the same substance, from the same seed that gives origin to the physical body; the only thing that differs is the process. The intimate base, the very life of the living cell, is saturated with Hydrogen Si 12, and then when all the organic cells are totally saturated and impregnated with this sexual hydrogen, then this substance crystallises into the splendid form of the astral body. This is what is known in alchemy as the transmutation of lead into gold. Really, only the people who

have an astral body live consciously in the internal worlds, during the sleep of the physical body and after death.

Christmas Messages, 1952-66

Just as the physical body is born, the astral body is born in the same way.

Christmas Messages, 1952-66

In occultist literature the astral body is given the name of the body of desires mentioned by Max Heindel. Really, the astral body is replaced, for the time being, by the body of desires, but it is not the astral body. The body of desires is a cold, molecular body; ghostly, unconscious. The body of desires is the body of death used by the common and everyday disincarnated.

Christmas Messages, 1952-66

07

It is urgent to know that the nourishment for the astral body is fabricated by the human organism, which is sustained with Hydrogen 48. But, the surplus of this hydrogen is converted into Hydrogen 24, which nourishes the astral body.

Christmas Messages, 1952-66

07

Energy is squandered with the poor functioning of the centres, in unnecessary tension of muscles, tension that is not in proportion with the work produced; it is squandered in the interest that we put on things that are occurring around us or in people around us, who in truth haven't the least real relavance to us; in the constant wasting of attention, etc. The organism receives gross hydrogens from the exterior, prime matter that we must transmute through alchemy into subtle hydrogens that must be crystallised in a very special way in order to create the internal bodies. The astral is a splendid crystallisation of the Hydrogen Si 12.

Christmas Messages, 1952-66

07

Just as the physical body is engendered though the sexual act, the astral body is also engendered through the sexual act. Just as the physical body is born, the astral body is born in the same way. Just as the child needs nourishment in order to grow tissue, the astral body also needs Hydrogen 24 as nourishment to be able to achieve its growth and development. The interior growth, the development of the internal bodies, the astral, the mental, etc, is a material process that is completely analogous to the growth of the physical body.

A PRACTICE

When the human being accomplishes with the following formula, which is to introduce the virile member into the feminine vagina, and to withdraw without spilling the semen (without reaching the orgasm), then, the solar atoms multiply in an extraordinary way and return into the Astral body. Hence, they fill the Astral body with light and solar fire. Only in such a way can the Buddha, the christie consciousness, express itself through the Astral body. Finally, the soul and the Intimate become united forever, thus bringing the final liberation.

11 The transmutation of the Physical Body into the Astral Body

The solar astral body is electronic and yet of flesh and bone, while ordinary people are born only with the lunar double. It is engendered by the sexual act, crystallized on a second octave and fed on hydrogen 24; the Kesdjan body is a luxury, and those who have it are seen after death with a defined personality rather than as ghosts.

A marvelous child germinates, is born within us by making the creative energy return inwards and upwards; a Christified Astral Body. This vehicle confers upon us immortality. This is our Crestos Mediator. With this vehicle we can reach the Father who is in secret. The Lord of all Perfection said, no one can reach the Father except through me.

THE PERFECT MATRIMONY, *1966*

The astral ghost that mortals possess is nothing more than an out line of a man. It does not even have unity. This ghostly facade is a den of demons and of all kinds of filthy and abhorrent entities. Within this astral ghost lives the "I" (the Devil). This is an infernal legion. The "I" is Legion. Just as the body is composed of many atoms, so also the "I" is composed of millions of "I's." Diabolic intelligences, repugnant demons who quarrel amongst themselves. When a per son dies he becomes just that: Legion. The person himself becomes dust. Only "that" remains alive; the legion of "I's". Clairvoyants usually meet the disincarnated dressed differently and appearing simultaneously in different places. The person seems to have become many people is legion. Nevertheless, when we have given birth within us to the Christic astral body, we continue after death living in that sidereal body. Then we are really immortal. Those people who possess the Christic astral body find after death that they have the consciousness awake. Ordinary disincarnated people live after death with the consciousness asleep. Death is really a return to fetal conception. Death is the return to the seed. Everyone who dies returns to a new maternal womb totally unconscious, asleep.

THE PERFECT MATRIMONY, *1966*

07

People do not even have the Soul incarnated. The Souls of people are disincarnated. The only thing people have incarnated is an Embryo of Soul. Evil people have not even incarnated this Embryo of Soul. Only by possessing the Christified astral body, can we incarnate Soul. Ordinary people are only the vehicle of the "I". The name of each mortal is "legion".

The Perfect Matrimony, *1966*

07

The Astral Body is a Body of an Electronic, Solar Nature. The Astral Solar Body has nothing vague, vaporous or subjective. The Astral Solar Body is a Body of Bones and Flesh; it is made out of the flesh from Paradise not from the flesh that comes from Adam. Ordinary human beings (except those very few rare cases) are always born with the famous Lunar Double and never with the Solar Astral Body.

The Solar Bodies, *1968*

07

The wretched intellectual beast possesses the molecular body or body of desires or lunar double. He does not have a Solar Astral Body. He must build the Solar Astral Body. Intellectual animals live inside their Physical Body; yet, during normal sleep and also after death, they live outside of it. Thus, when outside of their Physical Bodies, they wander around dressed with their Molecular Double. Pseudo-Esoteric and PseudoOccultist people, have named the Molecular Body, "Astral Body." Nonetheless, such Molecular Body is not the Astral Body.

The Solar Bodies, *1968*

07

If sexual union of the Phallus and the Uterus is always necessary in order to engender a Physical Body then, it is also absolutely logical to state that the Sexual Act is indispensably necessary in order to engender the Solar Astral Body.

The Solar Bodies, *1968*

07

The Sexual Hydrogen T1-12 is very abundant in the Semen; this type of Hydrogen crystallizes into new human bodies and when it is wisely transmuted,

it takes form within the Astral Body.

The Solar Bodies, 1968

07

The union of the Sexual Hydrogens 11-12 (from a Male and Female and everything that accompany these two unities) allows us to pass the Sexual Hydrogen into another Second Superior Octave, whose outcome is the Crystallization of the mentioned Hydrogen into the marvelous form that is the Astral Body. Such Body of Perfection is born of the same material, of the same substance, of the same Matter from which the Physical Body is born. Indeed, this is what the transmutation of Lead into Gold is; in other words, the transmutation of the Physical Body into the Astral Body.

The Solar Bodies, 1968

No one is born with an astral body,
except those who created it in
previous lives.

07

What we need to do is fabricate the authentic Body of Hod, the legitimate astral, a vehicle of Solar nature. It must be fabricated in the Ninth Sphere, working in the Fiery Forge of Vulcan.

07

Master: With the greatest pleasure we will give an answer to our brother R. Certainly, the astral body or the "Kesdjan body" is a luxury that not all human

beings can afford. No one is born with an astral body, except those who created it in previous lives.

The Fifth Gospel · Pedagogy of Knowing How to Live · *Third Chamber Mexico City – 1974*

07

If this is done in a conventional way, we say "so-and-so went out in the astral body". We already know that so-and-so does not yet have the astral body. So, the Ego –within which is the Essence, the Consciousness– went out; he was "awake" for a while and could live outside the physical body, move, travel to different places. What happens is that the Ego serves as the astral body. But it is very far from having the perfection of the astral body. The Ego is the Ego and that is all.

The Fifth Gospel · Pedagogy of Knowing How to Live · *Third Chamber Mexico City – 1974*

07

A PRACTICE

To fabricate the astral body, it is necessary to inevitably transmute the Exioehary –that is, the sacred sperm– into creative energy. Obviously, such energy in itself is the famous Sexual Hydrogen Si-12. When this hydrogen crystallizes in our cells and in the interior of our organism, it comes to take the marvelous and extraordinary figure of the astral body.

The Fifth Gospel · The Objective Reason of the Solar Man

07

The Hanbledzoïn of the Being is elaborated with the magnetic vibrations that come from the planers of the solar system. Such magnetic vibrations are assimilated by us through the breath and through the pores; they undergo inside our interior different combinations until finally they become the famous Hanbledzoïn of the Being, the very blood of the astral body, that blood which circulates through the veins of the mentioned sidereal vehicle. But, as I said, the astral body has to be fabricated first.

The Fifth Gospel · The Objective Reason of the Solar Man

07

To speak in a language accessible to those who listen to me, I can tell them that those who do not yet possess that body, outside the physical body, look like ghosts. But those who possess the sidereal vehicle, outside the physical body, are seen covered by a defined personality. Therefore, it is marvelous to fabricate an astral body. The men of the fifth level, obviously, had to fight very hard to be able to create that vehicle. Only –I repeat– through the transmutation of the sacred sperm, is it possible to create such a vehicle.

The Fifth Gospel · The Objective Reason of the Solar Man

07

A PRACTICE

The astral body, in itself, is a precious organism regulated by twenty-four cosmic laws. Whoever has the luxury of creating for himself the sidereal vehicle, needs to nourish it. It is possible to nourish that vehicle only through the transmutation of Hydrogen-48. All external sensory impressions, if properly transmuted by us, become Hydrogen-24, which serves to nourish the astral body. The external sensory impressions are Hydrogen-48, and we have already explained this before. One can transmute the Hydrogen-48 into 24. When one learns to control purely mechanical reactions, one transmutes 48 into 24.

The Fifth Gospel · The Objective Reason of the Solar Man

III The system in order to create a mental body

A new shock passes the hydrogen beyond the astral into a third octave, where it crystallizes as the solar mental body, nourished by hydrogen 12. Ordinary people have only a lunar mental body of animal nature; the solar one is a vehicle of comprehension that no pranayama can build.

Through the Maithuna, Sexual Magic, the Hydrogen Si 12, after crystallising into the astral body receives a new shock which Supreme Christmas Message 1963-1964 places it in the Do of a third musical octave. Then we acquire a mental body.

CHRISTMAS MESSAGES, *1952-66*

This is the system in order to create a mental body. Thus the mental body is born. The mental body gives us true mental individuality. The mental body makes us into individuals. Only with the mental body do we become individuals. It is false to say that we are already individuals. At this moment in time we are only machines controlled by the legion of the 'I'. That is all. The excess of the vital substances that are not wasted in the astral body can then be utilized for the nourishment of the mental body. Hydrogen 24, when it is not being totally consumed in the astral body, becomes Hydrogen 12, which is used to nourish the mental body.

CHRISTMAS MESSAGES, *1952-66*

07

The complete development of our Superior Mental Center can be achieved only through a legitimately Solar Type of Mental Body.

THE SOLAR BODIES, *1968*

07

Ordinary people only have Lunar Mental Bodies. Such a Protoplasmic Body is of an animal nature.

THE SOLAR BODIES, *1968*

It is impossible to build the Solar Mental Body without the seven notes of the third scale.

The Solar Bodies, 1968

By restraining the Sexual Impulse, (in order to avoid the Ejaculation of Semen) the Sexual Hydrogen TI- 12 receives a second special shock which in fact, passes into a Third Superior Octave which is then processed according to the Seven Notes of the Musical Scale DO-RE-MI-FA-SOL-LA-TI.

The Solar Bodies, 1968

07

The crystallization of the Sexual Hydrogen TI- 12 (in the Splendid Form of the Solar Mental Body) is performed in accordance with the wise Law of Musical Octaves.

The Solar Bodies, 1968

07

It is impossible to build the Solar Mental Body without the seven notes of the third scale. The Yogi who has never practiced Maithuna can convert himself into a true Athlete of Mental Concentration. Nevertheless, he will never build the Solar Mental Body with Pranayamas or Mental Exercises, because this is, has been and always shall be a one hundred percent Sexual Problem, The authentic and legitimate Solar Mental Body is a body of paradise, a body of happiness filled with incalculable perfections.

The Solar Bodies, 1968

07

The Solar Mental Body is born from the Sexual Act without the ejaculation of the Ens Seminis, and it also needs nourishment and development. The Mental Solar Body is nourished with Hydrogen Twelve.

The Solar Bodies, 1968

07

A PRACTICE

By means of the Sahaja-Maithuna (Sexual Magic) we can---and even must---pass on the excess Sexual Hydrogen Si-12, not used in the fabrication of the astral body, to a second octave of superior order.

The Three Mountains, 1972

IV When the matter-mind is transformed into Christ Mind

The lunar mind, the Demon Hai, occupies the place where the Christ Mind should be, and the intellectual animal has many minds instead of one. Transmutation of the sacred sperm crystallizes the individual mind, and those who make it are immortal in the world of the mind.

The mental body is the donkey that we should ride in order to victoriously enter the celestial Jerusalem (superior worlds). There we are received with palm leaves, praises and celebration. The mental body is a material, dense body. The four bodies of sin, the physical, etheric, astral and mental bodies, are material bodies. The mind is the most rebellious animal that we have within, and we have to crucify that mind on the sacrificial altar. The mind is the den of desire and wickedness.

THE GREATER MYSTERIES, *1956*

The fourth serpent transmutes the material mind into Christ-mind. This serpent rises through the spinal column of the mental body. Jesus entered each of the 33 chambers of the mental world. As his fourth serpent rose from vertebra to vertebra, he transmuted his material mind into Christ-mind. Without the fire, it is impossible to christify the mind, and the fire can only be awakened with sexual magic and love.

THE GREATER MYSTERIES, *1956*

07

The Solar Mental Body is not a vague, abstract body, it is a body of flesh and bone; but of everlasting flesh which does not come from Adam and which can traverse a wall. It must be fabricated in the Ninth Sphere. The Solar Mental is a body of perfection which eats, drinks, assimilates, digests, has its special foods, its nutrition, its development. In the world of the Mind there are many Temples which must be conquered with the point of the Sword. When one works in the Fourth Initiation of Major Mysteries, one meets with many tenebrous ones, and must fight. When one acquires this body, one receives the grade of Buddha. The Blessed Mother of the World presents the person in the Temple of the Mind

saying: “Here is my beloved Son, here is a new Buddha”. She then places upon her Son the diadem of Shiva and the yellow robe of the Buddha.

Tarot and Kabalah, 1978

07

Unfortunately, the great clairvoyants from the reactionary Pseudo-Esoterism and PseudoOccultism are also mistaken. Lamentably, they confuse the Demon Hai, horror of Osiris, with the legitimate Mental Solar Vehicle.

My Return to Tibet, 1969

07

It is unquestionable that the cited Intellectual Demon is the Lunar, Animal Mental Body which presently is occupying inside the human organism, the place which the authentic Christ-Mind from the favourable Mutant should occupy.

My Return to Tibet, 1969

07

The Intellectual Animal is not born with the solar type Mental Body, he must build it if what he wants is to convert himself into a favourable Mutant.

My Return to Tibet, 1969

07

A PRACTICE

It is ostensible that the Alchemist, by means of the Sahaja Maithuna, can and must transmute the Sexual Hydrogen TI-12 by passing it into a third musical octave. The outcome of such a procedure is the crystallisation of that cited element into the splendid and amazing form of a supra-sensible mental solar vehicle.

My Return to Tibet, 1969

07

This is the Christ-Mind of the Gnostic Arhat, an extraordinary outcome of sexual mutation. This specific type of mind differs very much from the animal intellect as the water differs from oil.

My Return to Tibet, 1969

Those who possess the bodies of the Christ Astral and the Christ Mind, become absolutely immortal.

Esoteric Course of Kabbalah

Properly said, the mental body can only be created through sexual transmutations. I want all of those present to understand that in the sacred sperm there exists Sexual Hydrogen S1-12.

Yes, There Is a Hell, a Devil and Karma, 1973

07

A PRACTICE

Undoubtedly, the esoterist that does not waste the cup of Hermes (that does not ejaculate the semen) originates, immediately, within his organism marvellous transmutations of the libido, whose result is the creation of the individual mental body.

Yes, There Is a Hell, a Devil and Karma, 1973

07

Third: Humanization of the mental body; the ghostlike mental body of every human being commonly has the face and figure of an animal, it is animalized. When the matter-mind is transformed into Christ Mind, we achieve mental humanization. The mind represents the human animal. At present mankind is human only in appearance, but he is still essentially an animal. In the mental world, every person has the shape of the animal that corresponds to his or her human character or nature.

Esoteric Course of Kabbalah

07

Whoever believes that he now uses these two centers, without having engendered the vehicle of the Christ Mind and the vehicle of the Christ Astral, is totally mistaken. It is necessary to beget these two vehicles in order to clothe the Superior Mind and the Superior Emotion. Only with the Arcanum A.Z.F. is it

possible to engender these two superior vehicles. In the Third Initiation of Major Mysteries the Christ Astral is born. In the Fourth Initiation of Major Mysteries the Christ Mind is born. The astral and mental bodies, studied thoroughly by all occultists and about which Theosophy speaks a great deal, are but mere miserable specters of death that must be fulminated by the terrible thunderbolt of Cosmic Justice. The Tower of Babel shall thus fall, and Satan shall tumble to the Abyss.

Esoteric Course of Kabbalah

07

Those who possess the bodies of the Christ Astral and the Christ Mind, become absolutely immortal. When we study these Christic vehicles and compare them with the astral and mental vehicles used by deceased persons, we find the following differences: Christ Astral: It is marvelously resplendent.

Esoteric Course of Kabbalah

07

Master: Certainly, the intellectual animal does not have an individual mind; instead of one mind, he has many minds. Creating the mental body and dissolving the Ego is urgent when one wants the authentic revalorization of the Being.

The Fifth Gospel ·The Balance of the Energetic Centers ·*Conference given to Gnostic students*

07

It is necessary to understand all this thoroughly. We do not possess an individual mind, a mental body. However, Mr. Leadbeater, Annie Bcsant, Blavatsky, etc., speak to us of the "inferior Manas" of Theosophy, of the concrete mental body, etc.

The Fifth Gospel ·Beyond the Mind ·*Third Chamber – Mexico City – 1974*

07

A PRACTICE

In the same way that we create the physical body, we also have to create an individual mind. Only through the intelligent transmutation of the Sexual Hydrogen Si-12 is it possible, then, to shape the individual, personal mental body. And only someone who possesses an individual mind is properly prepared for superior, objective knowledge. Nor do I want to deify the mind; I just want to say that there is a need to individualize it and then transcend it.

V We need to acquire the body of Conscious Will

A fourth octave crystallizes the hydrogen as the causal body, fed by hydrogen 6, and only its possessor has true will and can determine circumstances. Fakirs, monks and yogis gain control of body, emotion or mind, but not this body, which is a sexual problem; clairvoyants who mistake the Buddhata for it are mistaken.

We need to acquire the body of Conscious Will. This is known in occult literature as the causal body. Fakirs, monks, yogis and Gnostics all coincide in the purpose of acquiring the body of Conscious Will, because we know very well that said body is what makes us immortal in the most complete sense of the word.

CHRISTMAS MESSAGES, *1952-66*

Really, it is only possible to acquire this body with the Maithuna, Sexual Magic; the Arcanum A.Z.F. The fakir achieves dominion of his physical body and invigorates his force of will, but does not acquire the body of Conscious Will. The monk achieves compete control of his emotions but does not attain the body of Conscious Will. The yogi achieves the total control over his mind, but does not acquire the body of Conscious Will. Sooner or later, fakirs, monks, yogis have to resolve to work with the Hydrogen Si 12, with the purpose of really acquiring the body of Conscious Will.

CHRISTMAS MESSAGES, *1952-66*

07

After the mental body has been crystallised, the excess of the Hydrogen Si 12 needs an additional shock which will place it in the note Do of a fourth octave of the musical scale. The fourth octave of the musical scale originates the crystallisation of the Hydrogen Si 12 into the resplendent form of the body of Conscious Will, which makes it immortal.

CHRISTMAS MESSAGES, *1952-66*

07

The excess of the Hydrogen Si 12 that has not been wasted in the mental body then becomes Hydrogen 6 which is what Supreme Christmas Message 1963-

1964 nourishes the body of Conscious Will. Only the one who already has the body of Conscious Will truly possess that which is called true will.

Christmas Messages, *1952-66*

07

The one who possesses the body of Conscious Will is no longer a victim of circumstances; they are capable, very capable, of determining circumstances, they no longer determined by them.

Christmas Messages, *1952-66*

07

The four bodies result from the crystallisation of Hydrogen Si 12 through the Law of Musical Octaves. Every adept is a result of the crystallisation of Hydrogen Si 12.

Christmas Messages, *1952-66*

Only the one who already has the body of Conscious Will truly possess that which is called true will.

Christmas Messages, *1952-66*

Indeed, Fakirs develop the force of Willpower in a severe way by means of all of these physical tortures. Nevertheless, they do not achieve the creation of the Body of Conscious Will (Causal Body) because this is a one hundred percent Sexual problem. If the Body of Conscious Will (Causal Body) could be built with the physical tortures of Fakirs, then, according to the Law of Correspondences and Analogies and in obedience to the Hermetic Maxim that states, "As above so below," we would also have to state that the body of bones and flesh, the physical body, can also be built with such practices. Consequently, the sexual act of father and mother would be superseded.

The Solar Bodies, *1968*

07

The crystallization of the Sexual Hydrogen T1-12 into the Extraordinary Form of the Causal Body (Body of Conscious Will) is performed in accordance with the seven notes of the scale.

07

It is urgent to know, it is necessary to comprehend, that the Causal Body is an ineffable organism that also needs food for its nourishment and development. The nourishment of the Causal Body or Body of the Conscious Will is Hydrogen Six.

The Solar Bodies, 1968

07

A lot has been written about the Four Bodies (Physical, Astral, Mental and Causal). Some people have written to me and have asked, why we did not mention the Lingam Sarira (Vital Body)? My answer to these people is always the same: the Vital Body is only the superior section of the Physical Body and therefore, in Esotericism the Vital Body is considered ONE with the cellular body.

The Solar Bodies, 1968

VI We need to create the Causal Body

Without the causal vehicle the intellectual animal is a victim of return and of circumstance; with it come the third type of action and the categorical imperative. It is built by passing the sexual hydrogen into a fourth octave and feeds on the hydrogen 12 that the mental body leaves over.

Another very discussible theme, which in no way is irrelevant for us to forget in this chapter is the Causal Body or Body of the Conscious Will.

My Return to Tibet, *1969*

The Intellectual Animal has not built the body of the Conscious Will, the Causal Vehicle. The wretched, rational Homunculi is always a victim of the eternal laws of Return and Reoccurrence.

My Return to Tibet, *1969*

07

We need to create the Causal Body if what we sincerely want is to incarnate the Being. Only the Being is capable of doing. Only He can modify the circumstances and exercise with mastery the Law of Epigenesis.

My Return to Tibet, *1969*

07

A PRACTICE

Whosoever truly wants to build the Causal Body must transmute the Sexual Hydrogen TI-12 and pass it, by means of the Sahaja Maithuna, into a fourth musical octave in order to crystallise it in the excellent form of the vehicle of the Conscious Will.

My Return to Tibet, *1969*

The acts born of the Conscious Will are possible only when we have had the luxury of having created a causal body for our own use.

The Three Mountains, 1972

The main cause of the third type of action is certainly the causal body or body of Conscious Will.

The Three Mountains, 1972

07

As a consequence or corollary we can assert the following: The acts born of the Conscious Will are possible only when we have had the luxury of having created a causal body for our own use.

The Three Mountains, 1972

Nourishment is different. The causal body also needs its food and this is taken from the surplus Hydrogen 12 not consumed by the mental body.

The Three Mountains, 1972

The categorical imperative, the determinative faculty, the one that enables us to originate new circumstances, is only possible when one possesses a causal body, also known as the body of Conscious Will.

One lecture follows the bodies in order: the Kesdjan body with its blood, the Hanbledzoïn, then the mental vehicle of objective reason, then the causal, whose blood is drawn from the Sacred Absolute Sun by meditation and prayer. A serpent rises through each body in turn, and each body has its initiation.

44. The new Master then emerges from within the living profundities of the consciousness. He opens his way through the body of will, and through the mental, astral, and vital bodies, in order to finally express himself through our creative larynx. 45. Now, the Master must take out all of his psychical extracts from his inferior vehicles. 46. This work is performed by means of fire.

This is a new and legitimate Master of the Major Mysteries of the White Lodge. Who ever reaches the fifth initiation can enter Nirvãna. Whoever reaches the fifth initiation is born in the Causal. In aspects of Alchemy, we talk of the mercury of secret philosophy. What is this mercury? It is the metallic soul of the sacred sperm. How many aspects does the mercury have? Three. What are they? The raw original, it is the raw quicksilver. What is the raw quicksilver? The mineral mercury, strictly speaking in alchemical terms, the metallic chaos, the chaos. But it does not matter, we know that our body came out from the chaos; any plant has its chaos from where it emerges; the human organism is also born from the chaos. But which chaos? The sacred sperm, the Ens-Seminis. As Theophrastus Bombastus von Hohenheim, Paracelsus, says very well, the EnsVirtutis of fire is found in it. The Superior Existential Bodies of the Being must come out from such metallic sperm, and –I repeat–, it has three aspects: the raw original which is the raw sperm; the metallic soul of such sperm, the result of sexual transmutations and that sperm or that mercury already fertilized by the Sacred Fire, by sulfur –which is the Fire–.

The Fifth Gospel ·Of Human Hypnotism

07

It is obvious that the sperm, by transforming into energy, goes through many processes. That energy which ascends through the cords of Ida and Pingala is the second aspect of the sperm. And when the solar and lunar currents –of such mercury– fuse with the Fire to rise through the Sushumna canal, or the spinal cord canal, we have the third aspect of mercury, a mercury fecundated by the sulfur. I want you to be able to understand me.

The Fifth Gospel ·Of Human Hypnotism

07

Think of the first one, in the sexual secretions, think of that flexible, malleable liquid glass. The second one, in the result of its transmutation, that is, in the creative energy going up through the Ida and Pingala cords to the brain; that is

the second aspect of the mercury. Think of the third aspect: in the positive and negative pole of such mercury fused and mixed at the base of the spine, integrated with the Sacred and Solar Fire of the Kundalini, ascending through the spinal cord canal to open the seven seals of the Book of Revelation by Saint John. Therein lies the third aspect of the mercury. It is obvious that the third aspect of the mercury, duly fecundated by sulfur, which is the Fire, gives origin to the Superior Existential Bodies of the Being.

The Fifth Gospel ·Of Human Hypnotism

Because the astral is not the Being, the mental is not the Being; the Being is further within.

The Fifth Gospel

The first body formed with that mercury fecundated by sulfur is the "Kesdjan" body. This is a wonderful body; it is usually called the sidereal body, it is also called Eidolon or the astral. There are different names given to it. Now then, such a body is exactly a replica of the physical body. If someone disembodies after having created the Kesdjan body, he may be seen in those regions with an immortal personality; that is, he has created a new personality of an immortal type. Whoever had created the Kesdjan body is immortal in the world of 24 laws, that is, in the astral world. He is no longer that ghost, that specter formed by psychic aggregates, no; he is an immortal creature, someone who, after death, is alive and conscious in the molecular region. He is not another dead man anymore, ordinary like everybody else, no; he is now someone who has a body, a vehicle and is therefore immortal.

The Fifth Gospel ·Of Human Hypnotism

07

The astral body or Kesdjan body –well this is its real name– it also has blood. The blood of the Kesdjan body has a name: it is called "Hanbledzoïn". Just as our physical body makes its blood through the food we eat and the water we

drink, so too does the astral body make its blood. And how does it make it? It happens that the stars of the solar system mix and penetrate and interpenetrate each other without becoming confused. Astro-chemistry is extraordinary, marvelous, formidable. The substances elaborated by astro-chemistry enter within us through breathing and through the pores. These substances become, within the Kesdjan body, in that which is called Hanbledzoïn, that is to say, the blood of this vehicle, of this instrument. So, the astral body is a wonderful body of flesh which does not come from Adam and blood which does not come from Adam. But it is indeed a body of flesh and blood, which has flesh and blood –but not Adam's flesh nor Adam's blood– which needs the Hanbledzoïn for its improvement, for its nourishment, for its development. Whoever has a Kesdjan body can use it. In the same way that we know we have hands, because we can use them, likewise, he who has a sidereal body, the Kesdjan body, can use it at will, travel with it through space, go through a glass from one side to the other without breaking it or staining it, etc.

The Fifth Gospel · Of Human Hypnotism

07

But once we have fabricated the Kesdjan body, we need to create the mental vehicle, that is, to develop in ourselves the objective reason. That is the sacred "Antkooano". During the process of the sacred Antkooano, the mercury of the secret philosophy coagulates in the extraordinary and marvelous form of the body of the mind. One comes to know that he already possesses the mental vehicle, one comes to know that in him has developed harmoniously all the sacred Antkooano, when he can use this vehicle, when he travels with it from sphere to sphere, when he can do voluntary studies in the world of the mind.

The Fifth Gospel · Of Human Hypnotism

07

Thus, this mental vehicle is extraordinary. This vehicle also needs its blood. We could say that the Hanbledzoïn or blood substance of the mental body has a higher octave than the Hanbledzoïn which circulates through the veins of the Kesdjan body. And this, my dear brothers, is very important.

The Fifth Gospel · Of Human Hypnotism

07

When one has already created the Kesdjan –or astral– and mental bodies, one needs to enter into a superior order of development. One needs to create the "Egoaitoorassnian" faculty of the Being; that is to say, to fabricate the body of the conscious will or, in other words, the causal body. It is obvious that whoever possesses the "Egoaitoorassnian" will of the Being is no longer a victim of circumstances, he can determine circumstances at will. This vehicle can only be created through the mercury of the secret philosophy.

The Fifth Gospel · Of Human Hypnotism

07

The vehicle of the conscious will, that is, the Egoaitoorassnian will of the Being, also has its specific, defined blood, its Hanbledzoïn, and this is something we must understand. This Hanbledzoïn is the sacred "Aiësakhaldan". How is the sacred Aiësakhaldan or Hanbledzoïn of the Being formed? See that I am talking about several Hanbledzoïn. I am talking, first of all, about the Hanbledzoïn which circulates through the veins of the Kesdjan body; I am talking about the Hanbledzoïn which circulates through the veins of the body of the objective reason, defined by the sacred Antkooano. But now I am talking of a new Hanbledzoïn; this is no longer that of the astral body or that of the mental body; now I am talking about the Hanbledzoïn of the Being, which is different, right? Why? Because the astral is not the Being, the mental is not the Being; the Being is further within.

The Fifth Gospel · Of Human Hypnotism

07

The Human Soul is indeed the Being; the Spiritual Soul or the Buddhi is the Being; the Atman is the Being. When I say the Hanbledzoïn of the Being, the sacred Aiësakhaldan, I am talking about a new type of blood which must be created in order to nourish the body of the sacred will or of the conscious will, the will that can determine or define the circumstances: the Egoaitoorassnian will. With what is this blood formed, this Hanbledzoïn of the Being? With the emanations of the Sacred Absolute Sun. And how would a mystic succeed in attracting those emanations of the Sacred Solar Absolute to his causal body? How could we attract the sacred Aiësakhaldan? It is simply by means of

contemplation, meditation and prayer. Then, such emanations are transformed into the blood of the causal, into the Hanbledzoïn of the Being.

The Fifth Gospel · Of Human Hypnotism

07

Once we possess the physical, astral, mental, causal bodies, or speaking in more esoteric terms, once we have created the Kesdjan body, the vehicle of objective reason and the body of conscious will or the Egoaitoorassnian faculty, then what happens? What can we incarnate, what? The animic principle, that is, the Being in himself, to turn us into what in Kabbalah is called "the Son of Man". They resemble each other in physical features, but if we observe his behavior, his attitudes, we will find that he is different. The Man has nothing in common with the intellectual mammal. That is a little harsh, right? To think that all the creatures populating the world are humanoids, but it's the truth! The specific mission entrusted to me is to create men. This word apparently sounds eccentric, right? Strange, but it is the truth, because whoever follows this kind of teaching becomes a man. Then, I am creating men and I have the satisfaction that I have created some already and that I will continue to create men.

14 PASSAGES

1 The Great Reality cannot penetrate

The Being enters only one who has the superior existential bodies; without them the essence can at most escape for a while into ecstasy. The Bodhisattva is the Human Soul dressed in these bodies, and the Embryo of Gold clothed in the wedding garment fuses with it, in woman as in man.

The Being can only enter within the one who has created the Superior Existential Bodies. The Nativity of the Heart can only be truly celebrated by the one who has created the Superior Existential Bodies of the Being.

CHRISTMAS MESSAGES, *1952-66*

Those who do not have the Superior Existential Bodies of the Being cannot succeed in getting the Divinity or the Being to operate or incarnate in them, but they are able to liberate the essence so that it will fuse with the Being and participate of His ecstasy.

CHRISTMAS MESSAGES, *1952-66*

07

We repeat: the Great Reality cannot penetrate inside of those who do not possess the Superior Existential Bodies of the Being. We can create the Superior Existential Bodies of the Being only with the Maithuna (Sexual Magic).

CHRISTMAS MESSAGES, *1952-66*

07

The great Avatar Ashiata Shiemash could incarnate within his Bodhisattva, when the mind of the latter was in absolute quietude and silence. This was due to the concrete fact that he was already in possession of his Superior Existential Bodies of the Being from ancient reincarnations.

CHRISTMAS MESSAGES, *1952-66*

07

When a mystic attains ecstasy and returns into his physical body, he then feels the urgent necessity of creating the Superior Existential Bodies of the Being and the indescribable longing of dissolving the 'I'.

CHRISTMAS MESSAGES, *1952-66*

07

The Perfect, elected ones, those who dissolved the Ego, fabricated their Solar Bodies and Sacrificed themselves for Humanity, are Blessed; upon leaving the physical body with death, they take the path of fire, of the light, of the day, of the luminous fortnight of the Moon and of the northern solstice; they have incarnated the Being, they know Brahma (the Father who is in secret) and it is clear that they go to Brahma (the Father). Jainism says that during this Great Day of Brahma, twenty four Greater Prophets who have attained Total Perfection descend to this world.

A Self-Realised Being is understood as someone who has created the Solar Bodies and who has finished with the ego.

Tarot and Kabalah, 1978

The Embryo of Gold, dressed in the Wedding Clothes of the Soul, truly experiences supreme bliss in the instant in which it fuses with the Human Soul. From that instant it is said of us that we are Men with Soul, Sacred Individuals, truly responsible persons in the most complete sense of the word.

Therefore, any true defunct can present himself, dressed with his Solar Bodies, in the double hall of Maat, in order to perform his Negative Confession.

07

But first of all, what is that thing which is called a Bodhisattva? Some of you will know, and others will not. The one who possesses the causal, mental, astral, and physical bodies is a Bodhisattva. That is to say, the human soul vested with such bodies, is a Bodhisattva. There is complete distinction between a Master in himself, which is Atman–Buddhi, that is to say, the Intimate and the Soul Consciousness, and the Bodhisattva, which is the human soul wearing the superior existential bodies of the Being.

For the Few, 1980

07

There are two types of Bodhisattvas: those who have the Bodhicitta in their interior and those who do not have it. What is understood by Bodhicitta? Simply that, based on different renunciations and on entire "kalpas" in which they manifest themselves in the worlds and renouncing any degree of happiness, they work for humanity. The latter have the Existential Bodies of pure gold, because that is the Bodhicitta: the Superior Existential Bodies of the Being and the wisdom and the experience acquired through successive eternities.

The Fifth Gospel ·Of False Feelings

07

Undoubtedly, if we attain the absolute destruction of the various undesirable psychic elements, the totality of the soul will have crystallized in each one of us. This would indicate that the Essence, enriched with all the animic attributes, could in turn dress in the Soma Heliakon, which is the Vehicle of the Soul, the "Wedding Garment". That is how in reality the Celestial Man is born in us; he will no longer be a prisoner of the body, I repeat.

The Fifth Gospel ·The Need to Crystallize the Soul ·*Second Chamber – Mexico City – January 1977*

Master: I do not know why one wants to relegate the woman to a secondary role. The harsh reality of the facts is that the woman has the same rights as the man, that is obvious. She also has to fabricate the Superior Existential Bodies of the Being in the same way as the man. She has to arrive at the incarnation of her Human Soul in the same way as the man. She has to arrive at the marriage with her Buddhi, with her Beloved One, in the same way as the man.

The Fifth Gospel ·Gnostic Discipline for Awakening ·*Interview – Mexico City – 1970*

9 PASSAGES · 1 PRACTICE

11 New wine (the Intimate Christ) cannot be placed in old wineskins

The Intimate Christ is born only in one who has formed the existential bodies, when the fire reaches the brain at Bethlehem. Paul's Earthly Man is the man of the five bodies, and the four bodies together are the Chariot in which the Monad travels.

The second letter, Arcanum 2, the House of the Spirit, is related to the Sanctum Sanctorum, which means the Consciousness, the Philosophical Stone without which there could be no Transmutation. It is necessary to fabricate the Solar Bodies; new wine (the Intimate Christ) cannot be placed in old wineskins (the lunar bodies). The Solar Bodies need to be fabricated to contain that Sacred Wine.

Tarot and Kabalah, 1978

However, for the Intimate Christ to be born within us - Jeshua humanised - one must have worked in the Forge of Cyclops and have formed the existential Bodies of the Being.

Tarot and Kabalah, 1978

07

For the Saviour to be born, the phe nomenon of Bethlehem must be repeated. The aforementioned event is both very profound and symbolic. That small village of Bethlehem of which the gospels speak, is some thing very allegorical. It is said that that tiny hamlet did not exist in the time of Jesus of Nazareth. If we analyse the word “Belen” [Spanish for Bethlehem] we have Bel-En, and we see that “Bel” in Chaldean terminology means “Tower of Fire”. When does one attain the “Tower of Fire”? When the superior existential Bodies of the Being have been created, when the Sacred Fire has reached the upper part of the brain; this is when the phenomenon of Bethlehem occurs.

Tarot and Kabalah, 1978

07

One may also however give the case of the Initiate who, in spite of hav ing the Solar Bodies, does not incarnate the Child. I want with this to say something

which is of a very subtle nature and which goes unnoticed by kabalists because we have Tiphereth united with the Causal Body.

Tarot and Kabalah, 1978

With those vehicles first your Inner Buddha will be clothed, and then your Inner Christ.

Esoteric Course of Kabbalah

We can clarify this question by analysing the Epistle of Paul to the Corinthians. (I Corinthians 15. 47-49). Paul says that there exists the Earthly Man and the Celestial Man. The Earthly Man is unquestionably formed of the Physical Body, the Etheric, the Astral, the Mental, and that of Conscious Will. For the Son of Man to be able to come it is necessary to form the Earthly Man, because the ordinary man is still not a Man.

Tarot and Kabalah, 1978

07

It is when one has had the good fortune of creating the existential Bodies of the Being that one may be called a Man, although he be Earthly. The second man of whom Paul speaks is the Celestial Man, and he says: "And as we have born the image of the earthly, we shall also bear the image of the heavenly."

Tarot and Kabalah, 1978

07

The "1" is the Monad, the unity the Iod-Heve Jehova, the Father who is in secret; is the Divine Trinity and is not incarnated in a Master who has not killed the ego. It is Osiris, God himself, the Verb. It has expression in the 4 because the 4 is the Chariot of Mercabah of the Kabalah, which are the 4 Bodies: 1. Physical Body. 2. Authentic Solar Astral Body. 3. Authentic Solar Mental Body. 4. Authentic Solar Causal Body. It is the Chariot of the Ages which takes the form of the Celestial Man. The Monad finds expression by means of the Chariot; in it He travels. The 4 also represents the 4 points of the Cross, which enclose the

Mysteries of the Lingam-Yoni. In the crossing of these two is found the key with which Self-Realisation is attained. The Monad Self-Realises by means of the Cross. Without the 4 there is no Self-Realisation, the Law of the Ternaries which belongs to esoteric mathematics would be violated.

Tarot and Kabalah, 1978

07

A PRACTICE

We must engender the internal vehicles in order to incarnate our Buddha, and then the Christ. This is an absolutely sexual problem.

Esoteric Course of Kabbalah

07

Only with the Arcanum A.Z.F. will you be able to engender your Christic vehicles. With those vehicles first your Inner Buddha will be clothed, and then your Inner Christ. Thus you will be complete. You must be integral. Remember, good disciple, that now you are no more than a sleeping ghost, and your present internal vehicles are but mental forms that you must disintegrate; reduce to a cosmic cloud of dust. Be patient in the Great Work. If you want to incarnate your Inner Christ, you must be like the lemon.

Esoteric Course of Kabbalah

III First you have to create the bodies

A disciple asks whether the solar bodies are made after the ego has died; the answer is that the bodies are created first and only become solar when they are christified. They are turned to pure gold by eliminating the dry mercury of the psychic aggregates, and the well-dressed man in a fine chariot is one whose four bodies are christified.

Let us take a very specific case. Someone proposes to create the Superior Existential Bodies of the Being and he creates them. Another does the same, working to create the Superior Existential Bodies of the Being, and also creates them. But let us see, who did the work better? Obviously, there was one that did the work better than the other, and the consequences, therefore, will be different. Whoever did a better work will have better Superior Existential Bodies of the Being. Whoever did an inferior kind of work will have the Superior Existential Bodies of the Being of a lesser quality. Then, the same work does not always give the same results.

THE FIFTH GOSPEL · THE REASON OF BEING OF OBJECTIVE JUSTICE · *Lecture – Interview – Mexico City – 1975*

Disciple: Master, is the making of the solar bodies done after the Ego has totally died?

THE FIFTH GOSPEL · THE SEVEN MINDS AND THE SEVEN TRUTHS · *Third Chamber – Mexico City – July 13, 1977*

07

Master: Well, what do you understand by solar bodies? Let us see.

THE FIFTH GOSPEL · THE SEVEN MINDS AND THE SEVEN TRUTHS · *Third Chamber – Mexico City – July 13, 1977*

07

Disciple: I understand, according to the studies, that we work on or create the different solar bodies in the Ninth Sphere, the sex, using mercury, salt, sulfur, right? And they correspond to the seven Buddhas, with the law of seven. Thus,

we manufacture the solar physical body, solar mental, solar astral, and so on and so forth.

The Fifth Gospel · The Seven Minds and the Seven Truths · *Third Chamber – Mexico City – July 13, 1977*

07

Master: True, but first you have to create the Superior Existential Bodies of the Being and then you have to Christify them. Only when they are actually Christified, do they receive the name solar, not before. Understood? What do you say about this?

The Fifth Gospel · The Seven Minds and the Seven Truths · *Third Chamber – Mexico City – July 13, 1977*

07

Disciple: That if the solar bodies are made after the Ego has died or before the Ego dies.

The Fifth Gospel · The Seven Minds and the Seven Truths · *Third Chamber – Mexico City – July 13, 1977*

07

Master: I already said that first you have to create the bodies. Once the bodies are created, we have to turn them into vehicles of pure gold so that they can be covered by the different parts of the Being.

The Fifth Gospel · The Seven Minds and the Seven Truths · *Third Chamber – Mexico City – July 13, 1977*

07

But one cannot transform the Superior Existential Bodies of the Being into vehicles of pure gold if he has not eliminated the dry mercury; and the dry mercury we already know it consists of the inhuman psychic aggregates that we carry inside us. We need to eliminate the dry mercury and the arsenic sulfur. Arsenic or poisonous sulfur is the animal or bestial fire which must be eliminated. And as for dry mercury, there is no doubt that it is the psychic aggregates.

The Fifth Gospel · The Seven Minds and the Seven Truths · *Third Chamber – Mexico City – July 13, 1977*

Only when they are actually
Christified, do they receive the name
solar, not before.

The Fifth Gospel

If those two factors –dry mercury and arsenic sulfur– can be eliminated, then the Antimony can affix the spirit of gold to the bodies. But that spirit of gold is in the sacred sperm. Only by transmuting and eliminating, as I said, the psychic aggregates, is it possible for the Antimony to affix the gold to the bodies. Only in this way, can the Superior Existential Bodies of the Being become vehicles of pure gold. And what did you want with those vehicles?

The Fifth Gospel ·The Seven Minds and the Seven Truths ·*Third Chamber – Mexico City – July 13, 1977*

07

A PRACTICE

It is also necessary to clothe ourselves with the Superior Existential Bodies of the Being. A certain instruction received in past nights comes to mind in this moment. There, in the astral world, I had to live a very interesting scene: I was made to feel like I was being pursued, even though I was conscious; but some Venerable Ones provoked a scene of persecution. Suddenly, being locked up in a certain house, I was visited, and all of them –the Venerable Ones of the Occult Fraternity–, singing, instructed me in a delightful manner. I was told that the persecution of the Law –not referring to these earthly laws, but to the Laws of Karma– only comes to pass when one is not "well dressed or in a nice chariot". That is, you walk "well dressed, in a magnificent chariot and with a lot of money in your pocket" and the persecutions are over.

The Fifth Gospel ·Psychic Associations that Lead to Awakening ·*Third Chamber – Mexico City – 1975*

07

I am speaking in a language that you need to know how to understand. What "chariot" did the Venerable Ones refer to? To the Chariot of Merk-abah. What is that chariot? That chariot is made up of four bodies: the physical, the astral, the mental and the causal; that is the chariot. In Kabbalah, when you hear about the Chariot of Merk-abah, it refers to the four bodies.

The Fifth Gospel ·Psychic Associations that Lead to Awakening ·*Third Chamber – Mexico City – 1975*

07

"Well-dressed". What is understood by "a well– dressed individual in a nice chariot" in Kabbalah? The one who has fabricated the Superior Existential Bodies of the Being and who, moreover, has christified them. That is a "well-dressed" individual. And if he "has a lot of money in the pocket", what is being affirmed? That he has cosmic capital. Such capital is obtained by doing good deeds, working for humanity.

The Fifth Gospel ·Psychic Associations that Lead to Awakening ·*Third Chamber – Mexico City – 1975*

07

Who is the "poor wretch", the "badly dressed indigent", the "beggar"? Who is he? He who has not fabricated the Superior Existential Bodies of the Being: "Every man Jack, every mother's son", "Every Tom, Dick and Harry", 'John Doe and Joe Blow"; those are victims of the Law. Don't you see them? They go from here to there always in misfortune; they are born not knowing how and die not knowing why, always with a blindfold on their eyes from cradle to grave. They get married, fill themselves with children, live in the most unfortunate poverty, always unhappy, always persecuted. When one "dresses well" and has a "nice chariot" and "a lot of money" in their pocket, the persecution is over.

The Fifth Gospel ·Psychic Associations that Lead to Awakening ·*Third Chamber – Mexico City – 1975*

07

And finally, to fabricate the body of conscious will to handle all circumstances. The one who is a victim of circumstances does not possess the body of conscious will. One has to learn to determine circumstances, not let the circumstances

determine him. The one who is still determined by circumstances is like a log thrown among the raging waves of the ocean; he is a victim of all calamities.

The Fifth Gospel · Psychic Associations that Lead to Awakening · *Third Chamber – Mexico City – 1975*

07

A PRACTICE

One needs to learn to determine his circumstances, and that is only possible by creating the body of conscious will. Such a body is created by means of the transformation of sperm into energy. It is that very subtle energy of sex with which the body of conscious will is created.

The Fifth Gospel · Psychic Associations that Lead to Awakening · *Third Chamber – Mexico City – 1975*

07

The one who gets to have those bodies must aspire a little more: he must christify them, and many works have been written about Christification. The christified bodies are extraordinary. Any christified person is, in fact, a great Lord who can say that he is "well dressed", and ceases to be a victim of circumstances, ceases to be persecuted by the Law of Destiny; he becomes a Lord, Lord in the most complete sense of the word.

The Fifth Gospel · Psychic Associations that Lead to Awakening · *Third Chamber – Mexico City – 1975*

IV A Solar Man, a solar divinity

With the astral, mental and causal bodies one is a man with the planets of the solar system within, but not yet a Solar Man. For that the gold must be fixed in the bodies, possible only when every undesirable element of the psyche is gone.

If one wants to have the right to live on any planet of the solar system, to travel around in the worlds that constitute this solar system, well, he has to earn it. To that end he would need to create the Superior Existential Bodies of the Being, that is, to create the planetary bodies within himself. How? One needs to fabricate an astral body. When one fabricates an astral body, he knows that he has it because he can use it, in the same way that he can use his hands, his feet. But to fabricate an astral body it is absolutely necessary to go down to the Ninth Sphere. What is the Ninth Sphere?

The Fifth Gospel · Lunar Psychism and Solar Psychism · *Second Chamber – Mexico City – 1976*

The excess of that quicksilver or vitriol crystallizes, by means of the law of the octaves, on a superior octave in the marvelous and extraordinary form of the astral body. When someone possesses an astral body, he can travel around with that body in all the planets of the solar system, and has the right to travel outside planet Earth.

The Fifth Gospel · Lunar Psychism and Solar Psychism · *Second Chamber – Mexico City – 1976*

07

Much later in time the quicksilver, on a second superior octave, crystallizes in the shape of the mental body. The mental body can apprehend or capture all the wisdom of Nature.

The Fifth Gospel · Lunar Psychism and Solar Psychism · *Second Chamber – Mexico City – 1976*

07

And, finally, on a third octave, the quicksilver takes shape in the causal body. When a man possesses the physical body, the astral body, the mental and the

causal, he receives his animic and spiritual principles and becomes a “man”, he is a man, he has created the solar system within himself. But he is still not a Solar Man; he is simply a man, because he has his Superior Existential Bodies of the Being and moreover he possesses the animic principles.

The Fifth Gospel ·Lunar Psychism and Solar Psychism ·*Second Chamber – Mexico City – 1976*

07

Just as to fabricate the solar system he needed to fabricate the psychological planets of the solar system within himself –represented by the Superior Existential Bodies of the Being– likewise, if he wants to become a solar man, he will need to fabricate the psychological sun within himself. To do that he will need to integrate with the Logos.

The Fifth Gospel ·Lunar Psychism and Solar Psychism ·*Second Chamber – Mexico City – 1976*

A Solar Man is said to be the one who fabricated the sun within himself.

The Fifth Gospel

Thus, the men who want to become Solar Men have to fuse with Divinity; and only those who manage to affix the gold in the Superior Existential Bodies of the Being can become Solar Men.

The Fifth Gospel ·Lunar Psychism and Solar Psychism ·*Second Chamber – Mexico City – 1976*

07

It is possible to affix the atoms of gold in the Existential Bodies if the totality of the undesirable elements of our psyche is eliminated, all the defects that we possess, all the inhuman elements. Once that has been achieved, the Existential

Bodies will become vehicles of gold of the best quality. I speak clearly: of gold, of real, true gold.

The Fifth Gospel ·Lunar Psychism and Solar Psychism ·*Second Chamber – Mexico City – 1976*

07

Good, and going deeper, we would say that the person who has created his Bodies of gold and already possesses a sperm of pure gold, obviously has the Christ inside himself, the Logos, the Verb, the Word, God himself. Therefore a person like that is ineffable, is a Solar Man, a solar divinity.

The Fifth Gospel ·Lunar Psychism and Solar Psychism ·*Second Chamber – Mexico City – 1976*

07

History speaks to us about many solar divinities of the past; people who possessed the Christ, whose Superior Existential Bodies of the Being were of pure gold; those are Solar Men.

The Fifth Gospel ·Lunar Psychism and Solar Psychism ·*Second Chamber – Mexico City – 1976*

07

A Solar Man is said to be the one who fabricated the sun within himself. But if an ordinary man –but who has formed the Superior Existential Bodies of the Being– wants to become a Solar Man, he has no other alternative than to go down again to the Ninth Sphere to fabricate the gold in his bodies.

The Fifth Gospel ·Lunar Psychism and Solar Psychism ·*Second Chamber – Mexico City – 1976*

The metals of alchemy are the internal bodies: from the etheric comes the body of gold, from the astral and mental the Christ-Mind, until the four bodies of sin are replaced by four heavenly bodies. VI He must dissolve the Solar Bodies before entering the Absolute

Before the Absolute the Mahatma dissolves his solar bodies, yet a seed atom of each remains, the C, O, N and H of alchemy, from which the Chariot of Mercabah is rebuilt at the dawn of a new day. One who never made them has a simple atom without self-realization; a practice is given for leaving each body in turn to fuse with Atman.

However, not all of these atomic stars from this spiritual firmament are Self-realized. The Genesis-Atom (Ain Soph) of any person who has not built his Solar Bodies within the Flaming Forge of Vulcan is certainly very simple. This type of atom does not contain more atoms.

Runic Magic, 1969

We must make a specific differentiation between Ain Soph and Ain Soph Paranishpana; in the first case interior Self-Realisation does not exist, it does exist in the second. Any Mahatma well knows that he must dissolve the Solar Bodies before entering the Absolute. The day we are liberated, we leave behind, abandon all of the vehicles.

Tarot and Kabalah, 1978

07

For what reason do we fabricate the Solar Bodies? Why do we descend to the Ninth Sphere? If we have to abandon the Solar Bodies, then why make something which is not going to be used? Upon the dissolution of each one of those Christic vehicles, a Seed Atom remains. Four Seed Atoms clearly remain in those vehicles. It is indubitable that these atoms correspond to the Physical, Astral, Mental and Causal bodies. It is obvious that the four Seed Atoms are absorbed within the Super-Divine Atom, Ain Soph Paranishpanna, along with the Essence, Spiritual principles, Laws and the Three Primary Forces. Then comes the profound night of Mahapralaya.

Tarot and Kabalah, 1978

07

The atom of a Master who has liberated himself is very different from an Ain Soph atom without Self-Realisation. At the Dawn of the Mahamanvantara, a Self-Realised One unfolds its bodies, its seeds entering into activity. Having possession of the Solar Bodies they are restored if desired, at any moment. One is given autonomous conscious ness by having fabricated those Bodies.

Tarot and Kabalah, 1978

1. C: Carbon. In Alchemy the letter "C" symbolises the Body of Conscious Will, the Carbon of Occult Chemistry.

Tarot and Kabalah, 1978

Upon the dissolution of each one of those Christic vehicles, a Seed Atom remains.

Tarot and Kabalah, 1978

2. O: Oxygen. In Alchemy the letter "O" symbolises the True Solar Mental Body fabricated in the Forge of Cyclops. The Oxygen of Sacred Chemistry 3. N: Nitrogen. In Alchemy the letter "N" symbolises the authentic Solar Astral Body, so different from the Body of Desire. It is obvious that the legitimate Sidereal Body is the Nitrogen of Occult Chemistry.

Tarot and Kabalah, 1978

07

4. H: Hydrogen. In Alchemy the "H" symbolises the Physical Body, the threedimensional body of flesh and bone. The four Bodies are in Ain Soph Paranishpanna, the four Bodies emanate from here; with these the Seity is clothed and they are fabricated instantaneously, that is to say, in the moment in which He wishes to work in a world for the good of humanity. He appears as a Self-Realised Master, self-conscious, Lord of Life and of Death.

Tarot and Kabalah, 1978

07

They manifest by means of the atoms CON. (carbon, oxygen, nitrogen). The H (hydrogen) is a force free of the other three, for which reason it is the physical vehicle which serves as an instrument of the Body of Will and the Mental and Astral Bodies. We do not exaggerate if we stress the transcendental Alchemical idea that Ain Soph Paranishpanna possesses within itself the four Seed Atoms C.O.N.H.

Tarot and Kabalah, 1978

07

Ain Soph Paranishpanna reconstructs the Chariot of Mercabah (the Solar Bodies) with these four atoms in order to enter any universe when it is necessary.

Tarot and Kabalah, 1978

07

A PRACTICE

In order to become fused with Atman the following experience is necessary: to project the Astral body, abandoning the Physical body. One then sheds the Astral body by ordering it "leave me"; this requires will. The Astral body leaves via the spinal column, and we are left in the world of the Mind. Later one sheds the Mental body, ordering it: "Mental body, leave me". This is realised by an act of will, and one is left with the Causal body, which one also orders to leave; this also requires a great effort. The body of Conscious Will functions better, and one commands it to leave and to abandon the 33 vertebra, the Buddhic or Intuitional body thus remaining; which is very obedient. It also is commanded to leave, one thus remaining in the world of Chesed, of Atman, the Ineffable. In the world of Atman one feels a Complete Man. Here, the intellectual animal is not a Man. The Initiate feels filled with an immense plentitude. There, in that world he is a "Real Man" in the most objective sense.

Tarot and Kabalah, 1978

VII He no longer has lunar bodies, but solar bodies

Whoever obtains the second birth must still disintegrate the ego and eliminate the lunar bodies, or become a hanasmussen with two personalities. Only the Divine Mother can remove the I from the lunar vehicles; when they are empty the initiate passes three days in trance and returns clothed only in the solar ones.

Kundalini has seven degrees of power of fire. Only by practicing the Maithuna daily over a period of twenty or thirty years can a person achieve the total unfolding of Kundalini. The descending serpent the Kundartiguador organ, develops the inferior chakras of the lower belly and transforms man into a terribly perverse and evil beast. The serpent, ascending through the spinal column, develops all the divine powers of the human being. Devi Kundalini, the igneous serpent of our magical powers is Isis, Rhea, Cybele, Tonantzin, Mary, etc. The solar bodies are gestated in the womb of Devi Kundalini, the Divine Mother. When the initiate is born from the womb of the Divine Mother in the superior world, when he leaves the Ninth Sphere (sex), he is forbidden to ever return there again. The twice born enter a secret temple, and if they have sex again, they will fall, losing all their powers.

THE BUDDHA'S NECKLACE, 1967

Any initiate who obtains this second birth, of which Jesus spoke to Nicodemus, encounters the problem of disintegrating the ego or pluralized "I" and eliminating the lunar bodies. If the initiate does not accomplish this, he is transformed into a hanasmussen with a double center of gravity.

THE BUDDHA'S NECKLACE, 1967

07

The secret master, dressed in his solar bodies, and the pluralized I, dressed in lunar bodies, constitute a double personality, a very serious problem that needs to be resolved. Every hanasmussen has two personalities: one is solar; one is lunar. The newborn master must eliminate the lunar personality if he does not wish to become a hanasmussen. One of the most remarkable hanasmussens is Andrameleck. There is Andrameleck, the white magician, and Andrameleck, the

terrible and frightful black magician. Although they are quite distinct and different, they constitute only one individual. It is clear that the tenebrous Andrameleck will have to involve into the submerged mineral kingdom until he becomes dust. Only ni that way will the Essence, the Buddhata, the soul, be liberated so it can return to the white Andrameleck, the secret master.

The Buddha's Necklace, 1967

07

A PRACTICE

Every newborn master is subjected to many esoteric tests in the internal worlds. These kinds of tests permit him to know, in depth, all the subconscious, submerged entities which come from his remote past and constitute his pluralized I. Only the Divine Mother can eliminate, from the lunar bodies, those tenebrous entities, which personify our secret defects and come from a remote past.

The Buddha's Necklace, 1967

07

A PRACTICE

There exists a cosmic didactic in the matter of esoteric tests. The initiate is repeatedly subjected to a certain test. If he fails, it is necessary to cry out to beg help from his Mother Kundalini, praying to the sacred serpent to extricate him, to eliminate from his lunar bodies the psychological I, the psychological entity which personifies that defect which made him fail the trial.

The Buddha's Necklace, 1967

Only the Divine Mother can eliminate, from the lunar bodies, those tenebrous entities, which personify our secret defects and come from a remote past.

The Buddha's Necklace, 1967

When the lunar bodies become empty, when the pluralized "I" does not inhabit them, then the initiate enters into a mystic trance, remaining in the internal worlds for three days. During these three days, his body remains comatose. When he returns to his physical body, he no longer has lunar bodies, but solar bodies. The superior adepts help him get rid of those lunar vehicles, which gradually disintegrate in the molecular world. The initiate, with his solar bodies, is totally self-realized; he is a Master of the Day, a Master of the Manvantara with power over life and death, with power over all that is, all that has been, and all that will be.

The Buddha's Necklace, 1967

07

A PRACTICE

Only with the profound comprehension and the help of Divine Mother Kundalini can we eliminate those "I's" of the lunar bodies. The initiate, with the help of the Divine Mother, must eliminate, not only the desire, but also the shadow of the desire and even the memory of such a shadow.

The Buddha's Necklace, 1967

07

A PRACTICE

Any Gnostic student who truly wants to acquire a permanent center of consciousness in order to have continuity of purpose and achieve inner self-realization, must dissolve the pluralized I and eliminate, from his lunar bodies, the various subconscious and submerged entities being created every moment in the five cylinders of his machine. Only by "de-egotizing" ourselves can we "individualizes," and only through possessing a true individuality will we stop behaving like fickle people and acquire seriousness and continuity of purpose.

The Buddha's Necklace, 1967

07

Whoever lights the fire in the central mountain range (spinal column) erects the temple (builds the solar bodies) and enters into harmony with the Tao (incarnates his Being). Jesus Christ, whose birth we celebrate tonight, said: "Therefore whosever heareth these sayings of mine, and doeth them, I will liken him to a wise man, which built his house upon a rock (sex): and the rain descended, and the floods came, and the winds flew, and beat upon that house; and it fell not; for it was founded upon a rock (sex).

The Buddha's Necklace, 1967

07

Everyone who is born in the superior worlds must reduce the ego to dust in order to be free of the lunar bodies and exercise all the priestly powers of high magic. The master who has neither dissolved the pluralized "I" nor eliminated the lunar body cannot yet exercise priestly power. This is because he has not cleansed his heart of impurities and false knowledge.

VIII The Lunar Bodies belong to Nature, she lends them to us

An exercise of prayer to the Divine Mother is given for eliminating each comprehended defect from the lunar bodies, which can be eliminated only once the I is dead. The lunar body and the lunar mind must be decapitated and left behind in the abyss; their destruction is the hardest part of the work.

When Wu Wen was in meditation rooms and Lumisials, all the monks received great benefit from the potent vibrations of his luminous aura. He already possessed the superior existential bodies of his Being, the solar bodies. He still needed, however, to dissolve the "I" and attain final illumination, which he achieved after much suffering.

First, kneel down; second, sit on your heels in the Muslim style; third, extend you arms to form the horizontal beam of a cross; fourth, pray to your Divine Mother and bend your trunk forward, then backwards while keeping your arms extended and while remaining firmly seated on your heels.

A PRACTICE

After having comprehended this or that psychological defect in all and each one of the Subconscious levels of the mind, we must pray for help to our Particular Divine Mother; thus, we beg her to eliminate from the lunar bodies the "I," the entity which personifies such a defect.

In order for the lunar bodies to remain in Amenti one must die, die and die.

Tarot and Kabalah, 1978

For that reason, the ancients saw in the Moon the figure of Cain; the mind was called Cain, and it was the hunter. The mind goes about hunting wealth, social position, fame. The rogues use this mind in order to succeed; they consider themselves to be powerful sages with that well-cultivated lunar animal mind. There exists a figure of a decapitated Angel; the Angel of Samothrace. That sculpture means that after the ego has been dissolved, after having burned the seeds, having bathed and been confirmed in the Light etc., one must pass through the decapitation. The death of the lunar body and the lunar mind is lacking. These two bodies which constitute the Cain are the two subjective

elements, those which must be decapitated. Then only Osiris remains, and the Essence which rests in the heart of Osiris. One then has the right to wear the Asp (the serpent) upon the brow, and as is said in the "Book of the Dead", one may now be seated as the other Osiris are seated and to wear the Serpent upon the forehead. One now has the Verb, has triumphed, one's powers are not utffised in an egoistic manner.

Tarot and Kabalah, 1978

07

The Initiate must become a "Crocodile"; for this one must destroy the body of desire which is lunar and later ascend to the Lunar Heaven. To be able to destroy it one must submerge oneself, and this means a frightening descent through enormous sacrifice, leaving there the lunar body which disintegrates little by little. When the body of desire is disinte grated, the Initiate then leaves with his Solar Astral Body.

Tarot and Kabalah, 1978

In order for the lunar bodies to remain in Amenti one must die, die and die. It is only with death that the new comes.

The most difficult thing is the destruction of the lunar bodies, he who dissolves the ego has very fertile ground. So, the man or woman who is already old must make use of their time in order to dissolve the ego, awaken consciousness, attain illumination; whilst the man or woman who is married must work in the Ninth Sphere.

Part Six – Before any Twice Born, Two Paths are open

8 passages

1 Two personalities: one White and another Black

Initiates who make the superior existential bodies but do not dissolve the I become Hanasmussen or Maruts, with a solar personality and a lunar one, abortions of the Cosmic Mother. The twice born who returns to sex loses the solar bodies.

Many Initiates achieve the creation of their Superior Existential Bodies of the Being, yet, they fail because they do not dissolve the psychological 'I'. These Initiates cannot celebrate the Nativity in their hearts, they cannot achieve the incarnation of their Being in spite of possessing the Superior Existential Bodies. Thus, they convert themselves into Hanasmussans with a double centre of gravity.

Christmas Messages, 1952-66

The path of the right is the path of those who resolve to die from moment to moment, of those who dissolve the "I". That of the left is the black path, the path of those who instead of dying from moment to moment, instead of dissolving the "I", fortify it within the lunar bodies. Those who tread the path of the left, become Marut or Turam, in other words, Hanasmussians.

Then, certain upper class ladies passed by in front of us; these Ladies achieved the Second Birth; thus, the Solar Light splendorously emanated from within their Solar Bodies.

The Solar Bodies, 1968

07

Unfortunately, these Ladies had not dissolved the Pluralized "I" nor had they eliminated their Lunar Bodies. I saluted them; yet they did not answer, and full of pride they did not even prostrate themselves with reverence before the Divine Mother.

The Solar Bodies, 1968

The path of the right is the path of those who resolve to die from moment to moment, of those who dissolve the "I".

Esoteric Treatise of Hermetic Astrology, 1967

Whosoever reaches the Second Birth is admitted into the temple of the Twice Born. Whosoever reaches the Second Birth has to renounce sex for all eternity. The Sexual Act is absolutely forbidden for the Twice Born. Whosoever violates this law will lose his Solar Bodies and will fall into the Valley of Bitterness.

The Solar Bodies, 1968

07

No one can enter into the Kingdom dressed in the rags of a Beggar (Lunar Rags). I know the case of an Adept Lady who in ten years of intense work in the Ninth Sphere built her Wedding Gown; meaning, her solar bodies. Now, this Adept Lady is an inhabitant of the Kingdom; she dwells among the Elohim.

The Solar Bodies, 1968

07

It is difficult to establish the precise amount of time for the Second Birth, because this depends on the quality of work. Some people can attain the Second Birth in fifteen or twenty years of intense work in the Ninth Sphere, others can endure much more time. Remember Gnostic Brethren that our Motto is THELEMA (willpower). Intimate Selfrealization is only for men and women with Thelema. Before any Twice Born, Two Paths are open: the path of the right and the path of the left. The Path of the right is for those who work in the dissolution of the "I." The Path of the left is for those who commit the error of not working with the dissolution of the "I." The Twice Born who does not reduce his Lunar Ego to cosmic dust converts himself into an abortion of the Cosmic Mother. He becomes a Marut, and there exist thousands of types of

Maruts. Certain oriental sects and some Muslim tribes commit the lamentable error of rendering cult to all of those families of Maruts.

The Solar Bodies, 1968

07

Every Marut, every Hanasmuss (plural: Hanasmussen) have in fact two personalities: one White and another Black (one Solar and another Lunar). The Innermost, the Being dressed with the Solar Electronic Bodies is the White Personality of the Hanasmuss and the pluralized "I" dressed with the Protoplasmic Lunar Bodies is the Hanasmuss' Black Personality. Therefore, these Maruts have a double center of gravity.

The Solar Bodies, 1968

11 He becomes a Hanasmussen with a double center of gravity

Fabricating the solar bodies is not immortality: the twice born must descend once more and die mystically, or be polarised into an angelic and a demonic individual. Gurdjieff is named as one who made the bodies but did not dissolve the ego, and the Master explains why he stresses dying over being born.

We need to transform ourselves into Serpents of Wisdom, or "Naga". We need to transform ourselves into crocodiles; if we wish to ascend we must first "submerge ourselves in the depths of the abyss" this is the Law. The Twice Born must transform themselves into true esoteric deceased of the Mystic Death. This is transcendental; one may be an adept, but one will previously have had to descend and destroy the ego. In any other manner one becomes a Hanasmussen with a double centre of gravity.

TAROT AND KABALAH, 1978

A Hanasmussen is someone who has created the Solar Bodies, but has not passed through the Philosophical Death of the Masters, thus being polarised into an individual with a double centre of gravity. The result is two personalities; one angelic and the other demonic this is called a miscarriage of the Cosmic Mother, a failed plan. After having lived the whole drama of the Crucifixion, the Adept has to pass through the Ascension, just as Jesus did. This must be done through the Nine Worlds: 1. Moon; 2. Mercury; 3. Venus; 4. Sun; 5. Mars; 6. Jupiter; 7. Saturn; 8. Uranus; 9. Neptune.

TAROT AND KABALAH, 1978

07

Number 9 is the Enneagon, is the Ninth Sphere. It is related with Mars through the Ninth Sphere. There one undertakes the battle with oneself, against all, against nature; because here demons and Gods are formed, and one must descend to the bottom of the Inferno to fabricate the Solar Bodies.

TAROT AND KABALAH, 1978

07

The coronary plexus and the creative organs, the gonads correspond to the number 9. The work with the Ninth Sphere has an objective; to create the Solar Bodies. It must be understood however, that although an individual may have fabricated those Bodies, he has not for this reason attained immortality.

Tarot and Kabalah, 1978

07

To achieve immortality it is necessary to have worked in the dissolution of the ego, because if not one becomes a Hanasmussen with a double centre of gravity. These are the miscarriages of the Cosmic Mother which enter the infernal worlds until they reach the second death.

Tarot and Kabalah, 1978

07

Master: He worked in the Ninth Sphere, he fabricated the Superior Existential Bodies of the Being, but he did not achieve the total dissolution of the Ego because he rejected his Divine Mother. How can the ungrateful son dissolve the Ego? The ungrateful son does not progress in these studies. First of all, before arriving at the Father we must arrive at the Mother; that is obvious. Does any other brother have anything to ask in relation to this?

The Fifth Gospel ·Work Taste and Life Taste ·*Third Chamber – Mexico City – 1976*

But to create the Superior Existential Bodies of the Being is one thing, and to become integrated with Divinity is something completely different.

The Fifth Gospel

In my books, I have spoken a lot about sex, I have said plenty about the Lit Forge of Vulcan, about sexual Alchemy. Obviously, by means of the transmutation of the genetic libido –mentioned so many times by Saint

Augustine–, it is possible to create the Superior Existential Bodies of the Being in order to become men.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

07

But what is the use of becoming authentic men in the most complete sense of the word, in the most extraordinary sense, if we do not eliminate the Ego? Whoever possesses the Superior Existential Bodies of the Being and has not eliminated the Ego becomes in fact and in his own right a Hanasmussen with a double center of gravity, a failure, an abortion of the Cosmic Mother. Thus, working in the lit Forge of the Cyclops is necessary, but if we do not eliminate the Ego, we will fail utterly.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

07

Unfortunately, we are now no more than intellectual animals condemned to the penalty of living. In order to be men, it is necessary to have dissolved the Ego and to have created the Superior Existential Bodies of the Being. Moreover, to have really sacrificed ourselves for humanity.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

07

It is clear that if we become men by the fact of having created the Superior Existential Bodies of the Being by means of fulfilling the Partkdolg-Duty, it does not mean that we have triumphed. For total triumph, it is necessary to achieve the integration with Divinity. He who has attained the authentic and true human state, he who has achieved it, must first of all subject himself to the dissolution of the Ego; because if a true man does not dissolve the Ego, he becomes a Hanasmussen with a double center of gravity, an abortion of the Cosmic Mother, a failure.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

07

But that is that. Sexual Alchemy, I do not mean it is totally separate from that; sexual Alchemy is fundamental, but today's conference, specifically, has not been totally related to sexual Alchemy, although we have mentioned it between the lines. Sexual Alchemy implies, in fact, an extremely long conference and we would have to go on and explain the mysteries of sex tonight. Broadly speaking I will say that, of course, one can completely incarnate the Tao, if he achieves complete transmutation of his creative energy. Transmuting the sexual libido is undoubtedly indispensable; and this is done by following the Path of the Perfect Matrimony. Whoever transmutes his creative energies can create the Superior Existential Bodies of the Being. But to create the Superior Existential Bodies of the Being is one thing, and to become integrated with Divinity is something completely different. Only he who manages to dissolve the Ego categorically, can receive the Tao. I know the doctrine of the Tao in depth, profoundly. These are my words in relation to that question.

The Fifth Gospel · The Verticality of Existence · *First Gnostic Youth Encounter – Guadalajara, Jalisco, Mexico – July 10. 1975*

07

When working in the laboratorium oratorium of the Third Logos, when the creative energy is totally transmuted in the Lit Forge of Vulcan, besides creating the Superior Existential Bodies of the Being, one could also be working in the dissolution of the Ego.

07

But if I have placed a certain definitive emphasis on the matter of the dissolution of the Ego, it is for a clear and precise reason: it so happens that our little brothers of the International Gnostic Movement hardly concern themselves with the dissolution of the Ego, and I, in truth, do not want to make a harvest of Hanasmussens with a double center of gravity. I emphasize the necessity to die because the brothers are exclusively concerned with being born, with acquiring

powers, initiations, degrees, etc., but they are not concerned with radically changing, dissolving the Ego, reducing it to ashes.

13 PASSAGES · 1 PRACTICE

III There are four kinds of Hanasmussen

Man number six has the mental body and man number seven, the Causal Man, has received the animic principles; yet whoever does not fuse with Divinity fails. Four classes follow, from those with only a physical body to the fallen Thrones such as Moloch, all involuting until the Second Death unless the I is disintegrated.

Therefore, within each person there are as many minds as many "I's" exist. But an individual mind is only possessed by those who have fabricated the mental body. Such body is elaborated, it comes to crystallize, to take shape through the transmutation of the sacred sperm.

THE FIFTH GOSPEL · THE OBJECTIVE REASON OF THE SOLAR MAN

Whoever has become a person number six has obviously fabricated his mental body. That vehicle is nourished with Hydrogen number 12. Whoever learns to transmute the impressions of the physical world, which are the Hydrogen-48, obviously elaborates the Hydrogen-24 with which he nourishes the astral body. The surplus of this Hydrogen becomes Hydrogen-12, with which the mental is nourished. He who possesses an individual mental body, can use it to travel with it from planet to planet. He who possesses an individual mental body also possesses objective reason.

THE FIFTH GOSPEL · THE OBJECTIVE REASON OF THE SOLAR MAN

07

Far beyond man number six, there is man number seven, the Causal Man; the man who has fabricated for himself the body of the conscious will or causal body, the authentic man.

THE FIFTH GOSPEL · THE OBJECTIVE REASON OF THE SOLAR MAN

07

The man of the seventh level is the Causal Man, the true man, the real man, the authentic man. In order to fabricate a causal body, the sacred sperm has to be transmuted. Only in this way, through manipu-lations with Sexual Hydrogen Si-12, it is possible to create such a vehicle. Obviously, such a body is nourished

with Hydrogen-6. It is clear that the surplus of Hydrogen-12, which served to nourish the mental, becomes 6, with which the causal is nourished.

The Fifth Gospel · The Objective Reason of the Solar Man

07

The Causal Man has his animic and spiritual principles incarnated in himself. Therefore, the man number seven is the authentic man, the man who has received a soul, who possesses the Spirit, who has the Superior Existential Bodies of the Being, the man who can truly come to fuse with the divine.

The Fifth Gospel · The Objective Reason of the Solar Man

07

> *The Nahua traditions say that "the Gods created men of wood, and after, they fused them with the divine". Those old Mexican codices also affirm in an emphatic way that "not all men manage to fuse with Divinity". It is urgent to understand that in order to be a true man, one has to have created the Superior Existential Bodies of the Being.*

The Fifth Gospel · The Objective Reason of the Solar Man

So, it is not enough to create men, it is necessary that they integrate into the divine, and that is very important.

The Fifth Gospel

But, actually, that is not all. Those who do not merge with their own intimate Logoi, with their own inner Divinity, will fail. They will have to involute in the submerged worlds until the Second Death in order to begin a new evolutionary journey. So, it is not enough to create men, it is necessary that they integrate into the divine, and that is very important.

The Fifth Gospel · The Objective Reason of the Solar Man

07

When a man does not merge with Divinity, he becomes a Hanasmussen with a double center of gravity, and these Hanasmussen have to enter the submerged involutions inevitably.

The Fifth Gospel · The Objective Reason of the Solar Man

07

There are four kinds of Hanasmussen. Namely: first, those who only possess physical bodies; they are people dedicated to evil. The Ego in them elaborates a certain substance that makes them Hanasmussen, usually sorcerers, people of Black Magic. Fortunately, these Hanasmussen are not immortal. Since they do not possess the Superior Existential Bodies of the Being, after death, what they have of Hanasmussen is lost. Those who have not even created an astral body, after death, are no more than a whole bunch of devils, a whole bunch of "I's" that operate here and there; they operate freely, they move in all directions, they have no true reality, they are people who have not achieved immortality. When those Egos return, they create for themselves a new personality to exist.

The Fifth Gospel · The Objective Reason of the Solar Man

07

Those who possess an astral body are different. If, after having achieved immortality, they devote themselves to black magic, if they deviate, they become a second class of Hanasmussen. Those Hanasmussen, if in new existences they do not eliminate what they have of Hanasmussen, certain dark substances, a fatal something, then they will have to return in animal organisms and involute with animal bodies until they eliminate what they have of Hanasmussen.

The Fifth Gospel · The Objective Reason of the Solar Man

07

The third class of Hanasmussen is formed by those who created all the Superior Existential Bodies of the Being, by true men in the most complete sense of the word, but who did not dissolve the Ego and who walked on the path of darkness. Those Hanasmussen, if they do not eliminate that fatal part of

Hanasmussen, will have to involute within the entrails of the Earth, within the Infernal Worlds until the Second Death.

The Fifth Gospel · The Objective Reason of the Solar Man

07

Finally, there is a fourth class of Hanasmussen. It is formed by those who reached the states of Angels, Archangels, Principalities, Powers, Virtues, Thrones, Cherubim, Seraphims and much more. If they do not eliminate what they have of Hanasmussen, that fatal blow formed by black magic or sorcery, they will have to involute also within the entrails of the Earth until the Second Death. There they are the black Angels, Archangels, Principalities, etc., of which Dante told us about in The Divine Comedy. Concrete examples of the latter kind of Hanasmussen are in the following characters: Adrammelech, Moloch, Nahemah, Lilith, etc. Such creatures reached superior angelic states. Moloch, for example, was a Throne and now is an inhabitant of the Infernal Worlds, he is a Hanasmussen in the most complete sense of the word, he belongs to the fourth class of Hanasmussen.

A PRACTICE

So, a Hanasmussen is nothing but a failure of the Cosmic Mother, an abortion of the Divine Mother. Those who are fabricating the Superior Existential Bodies of the Being, if they do not want to become Hanasmussen, they will have to fight a lot against themselves; to eliminate the inhuman elements which they carry within themselves, that is, to disintegrate the "I" of psychology, to reduce to cosmic dust all those elements which constitute the Ego, the Myself, the Oneself. Only in this way can they be saved from the danger of becoming a Hanasmussen with a double center of gravity.

IV Their only crime is that they have not built their Solar Bodies

Limbo holds just men, holy hermits and yogis who dissolved much of the I or renounced sex yet never built the solar bodies, and a Gnostic friend who did not make even the astral body. Abstaining before the bodies are made charges a person with evil vibrations, and the order is set down plainly: first the bodies, then the renunciation.

A PRACTICE

The best asana (sacred posture) for the Maithuna is the normal one breast against breast, face-to-face, solar plexus against solar plexus in order to form a perfect androgyny; later, the man and woman withdraw from the sexual act before orgasm and seminal ejaculation. Pseudo-esoteric and pseudo-occult reactionaries suppose they can awaken Kundalini by means of brahmacharya or forced celibacy. All initiates of authentic mystery schools know, through direct experience, that it is impossible to achieve the awakening and development of the seven grades of the power of fire without Tantric practices. There are two types of brahmacharya (sexual abstention) solar and lunar. Solar Brahmacharya is obligatory for all those who have already been born in the superior worlds with solar bodies, that is, for those who have left the Ninth Sphere.

The Buddha's Necklace, 1967

Many sincerely mistaken people, by many ignoramuses who have never worked in the Ninth Sphere, who have not built the solar bodies, who are without inner self-realization, practice lunar brahmacharya. The practice of lunar brahmacharya is harmful to those who have not built the solar bodies because they become charged with frightfully evil and terrible vibrations.

Many people with the highest of values live in Limbo and their only crime is that they have not built their Solar Bodies.

The Solar Bodies, 1968

07

Indeed, Mahatma Gandhi could have built Solar Bodies in the Flaming Forge of Vulcan (Sex) because he had a magnificent wife. However, he committed the mistake of abstinence; he believed that he could reach Self-Realization by renouncing sex. He was a sincere but mistaken soul.

The Solar Bodies, 1968

07

I will never regret the fact of having warned the Great Yogi, the noble Yogananda, that if he ever wants to enter into the Kingdom, he has to reincorporate himself again into this physical world and get married; thus, by working in the Ninth Sphere he can build his Solar Bodies.

The Solar Bodies, 1968

07

Within Limbo there live thousands of holy Hermits, sublime Yogis and noble Mystics who felt disgusted by sex and who innocently believed that they could enter into the Kingdom with Lunar Bodies.

The Solar Bodies, 1968

07

Many have departed from within Limbo: the Soul of our first Father and Abel his child, Noah the righteous man, Moses the lawgiver, the Patriarch Abraham, King David, Israel with his Father and with his sons, and with Rachel. All of these souls had to reincorporate into the physical world in order to work in the Ninth Sphere, to build their Solar Bodies. This is how they achieved the Second Birth. Now they are angels of an indescribable splendor.

The Solar Bodies, 1968

Firstly, the Solar Bodies must be fabricated, and then sex must be renounced.

Tarot and Kabalah, 1978

Within the Infernal Worlds live many mistaken Ascetics, many abstinent people who have renounced Sex without previously having built the Solar Bodies in the Ninth Sphere, without having previously reached the Second Birth.

The Solar Bodies, 1968

The Alchemical weddings mean the Perfect Matrimony. The Alchemist must not only kill desire, but also even the very shadow itself of the horrible tree of desire. It will serve no purpose to renounce sex without previously having worked and fabricated the Solar Bodies and achieved the Second Birth; then one renounces it. First one must work with the Third Logos, the terrible Forge of Cyclops; then one works with the Sec ond Logos, Hercules; and lastly with the First Logos. The error of monks and nuns is to renounce sex without having fabricated the Solar Bodies. The result is that they are to be found in limbo, dressed in rags. One must be dressed with the wedding garment in order to be able to enter the kingdom of the Heavens.

Tarot and Kabalah, 1978

07

Only in liberating oneself from sex in an absolute manner can one reach final liberation. The difficulty in all of this is, as the saying goes: "want ing to saddle the horse before you've caught it". That is to say, the infor mation given by all of those schools who say that one must liberate one self from sex, but without having fabricated the Solar Bodies. Firstly, the Solar Bodies must be fabricated, and then sex must be renounced. That is the right way of things, and the things of the right way. In the work, first it is the animal, and later, the spiritual.

Question: Master, do you mean to say that the person who has not fabricated his solar bodies has not been baptized?

Yes, There Is a Hell, a Devil and Karma, 1973

07

Answer: Distinguished young man, your question makes me happy, which gives a basis for a beautiful explanation. The sacred scriptures speak clearly about the wedding garb of the soul, the To-Soma-Heliakon, the golden body of the solar man, the living representation of the suprasenslble bodies which every human creature should form. In our past books, we have already spoken about the creation of the existential bodies of the Being, and I believe that our Gnostic students will be able to understand us because of that.

It is indubitable that the intellectual animal, mistakenly called man, does not possess such vehicles and therefore, he should create them by working in the Lit Forge of Vulcan (sex) In these instants, the case of a friend who disembodied years ago comes to my memory. He was a convinced Gnostic; however, he did not manage to create his existential bodies of the Being this I was able evince in the region of the dead, Limbo.

That which continues beyond the sepulcher is the Ego, the sum of diverse brutal, animallike psychic aggregates. When I contemplated my friend in the story, with pain I was able to understand that his personality had been annihilated; all that I had before my eyes was a sum of grotesque animal-like figures, penetrating and interpenetrating each other mutually to give a false appearance of a sepulchral, cold and spectral personality. What had become of my friend? Where was he? Since he had not fabricated the astral body, it is obvious that he had ceased to exist; if my friend had fabricated an astral body by means of sexual transmutation, if he had really practiced sexual magic, it is clear that he would have fabricated the sidereal vehicle and he would then have been

able to continue with his astral personality in the hypersensible regions of nature; unfortunately, this had not been the case.

V No abuser of sex can fabricate the Superior Existential Bodies

The abuser of sex remains after death in the lunar vehicles, and whoever does not work with the grain cannot germinate the Christic bodies and loses the soul. False alchemists crystallize the hydrogen negatively; fallen Bodhisattvas lose their bodies, though the golden embryo survives to begin again.

No abuser of sex can fabricate the Superior Existential Bodies of the Being and for that reason these unfortunate people continue after death with the lunar vehicles. It is impossible for someone to be able to liberate themselves from the 48 laws if they only possess lunar bodies. Only by fabricating the solar bodies, the Superior Existential Bodies of the Being, can we free ourselves from the 48 laws.

CHRISTMAS MESSAGES, *1952-66*

Everywhere there is an abundance of diabolic intellect, violent emotions, passionate movements, passionate races of cars, horses, bicycles, Olympic Games, etc, etc, or also bestial instincts in action, it is clear that there then exists sexual abuse. The worst of all this abuse is that the sexual center is then forced to work with heavier hydrogens which correspond to other centers. When the sexual center is forced to work with hydrogens like 48, 24, etc., etc., it is impossible to fabricate the Superior Existential Bodies of the Being.

CHRISTMAS MESSAGES, *1952-66*

In preceding chapters we have already said that the human being has still not incarnated his Soul. Only with Sexual Magic can we engender the internal vehicles. They, as with plants, sleep latent within the hard darkness of the grain, of the seed which is deposited in the seminal system. When the human being has the Christic vehicles, he can incarnate his Soul. Whoever does not work with the Grain, whoever does not practise Sexual Magic cannot germinate his Christic bodies. Whoever does not have Christic bodies, can nei ther incarnate his Soul. He loses his Soul, and in the long term submerges in the abyss where

he disintegrates slowly. Jesus, the Great Master, said, 'For what is a man profited, if he shall gain the whole world, and lose his own soul? Or what shall a man give in exchange for his soul?

Bodhisattwas possess Solar Bodies. When a Bodhisattwa allows himself to fall, he loses his Solar Bodies. It has been stated unto us that the fallen Bodhisattwas must reincarnate under more and more difficult conditions until finally, after much suffering, they come and rise again.

In the eighth infernal circle there unfortunately dwell the false alchemists (the black tantric persons), the falsifiers of metal, those who crystallized negatively; to be more clear those who instead of crystallizing the Sexual Hydrogen S142 in the superior existential bodies of the Being, made it crystallize negatively to really transform themselves into adepts of the tenebrous countenance who inevitably get to be devoured by the horrible serpent of the fatalities.

It is necessary to comprehend that the golden embryo is imperishable, immortal, eternal. In this manner then, the fallen Bodhisattva can annihilate himself in the ninth sphere, pass through the process of destruction of the superior existential bodies of the Being, however, he would never lose the golden embryo; the latter, after the radical destruction or definitive annihilation of the ego, would

come forth, would come back to the surface of the Earth, to the light of the Sun, to reinitiate or begin a new evolution.

Those who achieve mastery and then want to look back to enter the lunar path, will have to pass through frightening eternities in the infernal worlds, until obtaining, after many billions or trillions of years, the annihilation of the superior existential bodies of the Being and the destruction of the animal ego.

Once the disintegration of the vehicles and the ego has been obtained, they will begin anyway the evolving journey from the mineral kingdom, but with a golden embryo and therefore, with greater consciousness than the other elementals of nature until they reach the humanoid state.

Once this objective h been achieved, since they possess the golden embryo, such beings will return to the solar path to once again create their superior existential bodies and to reconquer the angelic or archangelic state, etc. that one day they rejected.

VI The final objective of the Infernal Worlds

The lunar bodies and the ego descend backwards through the animal, plant and mineral states until they are reduced to cosmic dust in the second death. Only the Essence survives, set free to evolve again; the work not done now nature does below, with great suffering.

The descent to the infernal worlds is a backward trip, involving in time, retrogressing, passing through the animal, vegetable, and mineral states. On arriving at a fossilized state, the ego and the lunar bodies become cosmic dust. When the ego and the lunar bodies become dust in the inferno, the soul is set free, returns to primitive chaos, and is prepared to evolve anew, ascending through several eternities through the mineral, vegetable, and animal states until attaining the human state once again.

The Buddha's Necklace, 1967

This is the Hindu Naraka, located below the earth and the waters; this is the Babylonian Aralu, the land of no return, the region of dense obscurity, the house whose inhabitants do not see the light, the region where dust is their bread and mud is their food. This is the crucible of the foundry where the rigid forms, the lunar bodies, and the ego must be melted reduced to dust in order to free the soul.

The Buddha's Necklace, 1967

07

The only thing that is saved from all of that tragedy, the only thing that does not disintegrate is the Essence, the Buddhata, that fraction of Human Soul that the intellectual animal carries within his lunar bodies.

Esoteric Treatise of Hermetic Astrology, 1967

07

The destruction of the Protoplasmic Bodies is indispensable in order to liberate the Lost Souls.

The Solar Bodies, 1968

It is better that you do the work now;
but if you do not want to do it now,
then nature will do it for you down
there.

The Fifth Gospel

The Lunar Ego (that conjunction of distinct and diverse entities that travel in an independent way through the supra-sensible worlds) is hidden within the Lunar Bodies. The terrible and painful devolution of the pluralized "I" (with their Lunar Protoplasmic Bodies) in the Infernal Worlds is a fall (descending backwards) towards the original primitive chaos.

The Solar Bodies, 1968

07

The Devolution descends from the animal, plant and mineral steps. On the last rung of the ladder, the fossilized Lunar Egos are reduced to cosmic dust. This is the Second Death.

The Solar Bodies, 1968

07

The final objective of the Infernal Worlds is to destroy the Ego and the Lunar Bodies in order for the Soul to become liberated through the door of the Second Death. The suffering of the failed souls in the Infernal Worlds is symbolically written by Dante in his Divine Comedy.

The Solar Bodies, 1968

Master: Obviously, we have to pronounce words so that the physical body works correctly; words are those of the Verb which give origin to the astral body; words are those which give rise to the birth of the mental body; words are those which give rise to the body of the conscious will. Thus, the Verb expresses itself in those four forms to originate those four births, four times. As for "the enemies, the Red Demons of Seth, who must be destroyed in the Abyss and in

Nothingness," obviously that is how it must be, we must destroy them. Now, if we are not capable, if we do not dedicate ourselves to destroying the Ego, the evil with all its undesirable elements, then nature will take care of destroying them down there, in the underworld, where only the weeping and gnashing of teeth are heard. I do not advise you to go down to those regions, because one suffers too much. Yes, you will achieve the disintegration of the Ego in the Infernal Worlds; after a few thousand years, you will be able to get out free of Egos, but I do not advise it, because one suffers too much there. In the underworld, there is a frightening materiality, everything there is denser, more crude. It is better that you do the work now; but if you do not want to do it now, then nature will do it for you down there.

The Fifth Gospel · Seriousness in the Esoteric Work · *Third Chamber – Mexico City*

How this was made. All fifty-two books were extracted (73,105 paragraphs, 2,157,671 words) and swept on his words for it: the lunar and protoplasmic bodies and the lunar vehicles; the solar bodies, the superior existential bodies of the Being and the Christic vehicles; To Soma Heliakon, Kesdjan, the body of gold, the wedding garment, the bodies of sin and the body of the conscious will; creating, fabricating, possessing or lacking the astral, mental and causal bodies, where sex, transmutation, the hydrogens or the second birth stand beside them; the hydrogens Si-12, 24, 48 and 6 beside the bodies; and the internal bodies beside the second birth. The paragraphs next to the lunar and solar passages were offered too. That returned **1,301 candidate paragraphs in 41 books**. Every candidate was read **twice, by independent readers** working from a written brief. The two passes agreed on whether to print 93.2% of the time and on the class 85.6%, and a third reader, who saw neither verdict, settled the 95 sent back: 89 disagreements, and 6 calls of near-duplicates the readers asked to have read again. The 86 paragraphs that open a sentence the readers had found running on were then read the same way, and the two readers differed on two of them. 711 were judged printable and **457 are printed here**. The rest are recorded with the reason each was set aside.

What was set aside. 170 stood next to a passage on the bodies but were about something else, 83 named the bodies only in passing, 54 were stories, ceremonies or history told for themselves, 49 belonged to another built work, and 6 were a false friend (the bodies of the ages of the cosmogony, the chakras of the vital body). 248 more were judged and not printed, and 66 were the second halves of sentences, joined to the passages they finish.

Some of it he spoke. 104 passages come from the two *Fifth Gospel* volumes, across 26 named lectures, each cited by the name of the lecture with the place and the year where the volumes record them.

What was corrected, silently. Five words the scanner split in two are rejoined. No word of his is changed.

No sentence of his is cut in half. Each range was extended against the corpus until his sentence closed, a passage that turned out to be the second half of the one before it was absorbed into it, and 92 ranges run over more than one paragraph.

191 paragraphs were left out on purpose. Every one restates, with nothing added, a teaching printed here, and the earlier or the fuller copy is kept: he teaches the octaves of the bodies in near the same words in many books.

248 passages also stand in a finished work, and every one is marked where it stands, most of them in *The Human Soul*, *The Laws of the Three and of the Seven* and *The Three Factors*. The editor ruled that this work prints in full and that shared passages print here too. An overlap is

allowed wherever the teaching needs it. What is not allowed is an overlap a reader cannot see.

Checked five ways. Every reader's note was proved to sit on the passage as it is actually printed. Every printed pair was compared as sequences. Every ragged edge was repaired or named. Every one of the 51 passages marked a practice was proved to carry its own instruction. And every passage was checked word for word against a fresh extraction of its book.

A work of The Being, also shelved with Love & Alchemy and the Tree of Life: the family for what is there once the machine stops, the parts of the Being and the Being itself. After the twelve powers, the Being that is the Being, the Human Soul and Lucifer, it gathers the bodies the Being must be clothed in to dwell within a man. It wears the family's lilac mist, a copper outline with a gold hairline within, in solar copper.
